Fantastic Spaces Matthew J. Fee, 2025-08-15 While the connection between Ireland and the otherworldly has long been a staple of literature and the arts it finds its most consistent and compelling expression in the medium of cinema In the first comprehensive scholarly study of the fantastic in Irish film *Fantastic Spaces* explores how the spatial dimensions of supernatural phenomena in Irish cinema interpret and engage with the dynamic changes that have swept across Ireland over the past four decades Drawing on a wide range of both canonical and lesser known Irish films Matthew J Fee closely examines how the fantastic including a multiplicity of supernatural occurrences and creatures drawn from Irish folklore as well as global popular culture functions to make meaning across a period of profound social political and cultural transformation in Ireland From providing platforms for female agency and interrogating rural heritage and nostalgia to articulating anxieties over modernization and globalization and questioning national identities the fantastic spaces of Irish cinema reveal a sophisticated capacity to grapple with the complexities and contradictions of historical change *The Story of Ireland* Alexander Martin Sullivan, 1898 O'Neill's music of Ireland Francis O'Neill, 1975 *The Beauties of Swift: Or, the Favorite Offspring of Wit & Genius* Jonathan Swift, 1782 *Favorite Mittens* Robin Hansen, 2006-02-24 Robin Hansen can justifiably claim to be the person who started the groundswell of interest in roots knitting patterns for mittens When Fox Geese Fences A Collection of Traditional Maine Mittens was published a generation ago it was an instant success and many a knitter above the age of thirty has not heard of it It was followed by a second equally inspiring collection *Flying Geese Partridge Feet More Mittens from Up North Down East* Favorite Mittens is a compilation of some of the most popular traditional designs from Robin's groundbreaking first two books presenting these tried and true patterns in a new format with step by step directions revised and updated for ease of knitting thanks to the helpful feedback Robin has gotten from the

Beckett and Ireland Seán Kennedy,2010-02-18 A volume of essays to provide compelling evidence of the continuing relevance of Ireland to Beckett's writing **The Prose Literature of the Gaelic Revival, 1881-1921** Philip O'Leary,2005-07-20 The Gaelic Revival has long fascinated scholars of political history nationalism literature and theater history yet studies of the period have neglected a significant dimension of Ireland's evolution into nationhood the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity citing documents such as editorials columns speeches letters and literary works that were influential at the time but all too often were published only in Irish or were difficult to access Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O'Leary addresses the many debates and questions concerning Irish writing of the period His study is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism **Ozarks Fiddle Music** Drew Beisswenger,2016-04-19 This book which includes 308 tune transcriptions is organized around individual fiddlers who typically combine Appalachian style fiddling with rags pop standards Midwest style fiddling and sometimes a touch of Western swing to create a style often identifiable as Ozarks Thirty Ozarks fiddlers and their lives are highlighted with biographical sketches photographs and tune histories Another 50 great Ozarks fiddlers are presented in a similar manner but with less detail the book and accompanying CD with 37 tunes many recorded in the field emphasize the older fiddling traditions connected to the square dances and community events more than those connected to bluegrass music and modern contest fiddling Some of the tunes in the collection are old standbys such as Bile Them Cabbage while others such as Finley Creek Blues are unique to the region The book is the result of years of work by two respected researchers Gordon McCann won the prestigious Missouri Arts Award in 2002 for his decades of work documenting studying and accompanying Ozarks fiddle music Drew Beisswenger a music librarian at Missouri State University with a Ph D in ethnomusicology has published three other works about fiddle music and is known for his strong transcription and analysis skills
