Bureau of Labor Statistics,1991 **Modern Polygamy and Mormon Fundamentalism** Brian C. Hales,2006-01-01 2007 Best Book Award John Whitmer Historical Association Under the subject of alternative lifestyles the issue of polygamous relationships falls squarely in the middle of the debate Polygamous marriages are a common practice in many other countries but the United States has vehemently opposed such unions and will no doubt find itself disputing its position on them again in the near future As with the same sex marriage issue a firestorm of controversy surrounds the question since the right to participate in a polygamous union is very much tied to the right to live out one s preferences religious or not Detailed accounts of sexual abuse and child brides are frequently leaked from the various polygamous societies notwithstanding their extreme efforts to remain under the radar of law enforcement and the press A by product of these mysterious societies is that public interest is vitalized by their continuous efforts to gain independence from traditionalist culture This fascinating study seeks to trace the historical tapestry that is early Mormon polygamy details the official discontinuation of the practice by the Church and for the first time describes the many zeal driven organizations that arose in the wake of that decision Among the polygamous groups discussed are the LeBaronites whose blood atonement killings sent fear throughout Mormon communities in the late seventies and the eighties the FLDS Church which made news recently over its construction of a compound and temple in Texas and Warren Jeffs arrest and conviction and the Allred and Kingston groups two major factions with substantial membership statistics both in and out of the United States All these fascinating histories along with those of the smaller independent groups are examined and explained in a way that all can appreciate *London* Sterling Professor of Humanities Harold Bloom,Donna Dailey,John Tomedi,Harold Bloom,2005 Discusses the city of London as a source of inspiration as well as a home to writers throughout history *Money Talks* Geoffrey D. unlimited economic growth were harnessed to justify the Free Market revolution is also discussed This book aims to highlight the drivers of modern inequality and economic distress It will be relevant to students and researchers interested in the history of economic thought and economic discourse **Thomas Pynchon and the Dark Passages of History** David Cowart,2011 For David Cowart Thomas Pynchon s most profound teachings are about history history as myth as rhetorical construct as false consciousness as prologue as mirror and as seedbed of national and literary identities In one encyclopedic novel after another Pynchon has reconceptualized historical periods that he sees as culturally definitive This book offers a deft analysis of the problems of history as engaged by our greatest living novelist and argues for the continuity of Pynchon s historical vision from Back Cover **LITTLE WOMEN and THE FEMINIST IMAGINATION** Janice M.
