Seasons of Love Emily Garside, 2023-11-15 With its

groundbreaking score unabashed romanticism and scrappy sensibility Rent was like a firecracker thrown into a hushed theater turning heads and upending conventions But if its unexpected success was the stuff of theatrical legend the story of its making was a bittersweet one with composer Jonathan Larson a student of Sondheim's finally making his Off Broadway debut tragically dying on the night of the final dress rehearsal Even decades later Rent lives on as a warmly remembered chapter in Broadway history yet the show is too often trivialized reduced to parody or dissected in the service of an arid cultural politics In light of this journalist and theater expert Emily Garside has some questions Chief among them Why is Rent taken less seriously than other musicals of its caliber And should it be In Seasons of Love Garside brings both a fan's devotion and a scholar's critical eye to reassess the legacy of this Pulitzer Prize winning musical a quarter century after its premiere Even as the show memorably captured the experience of life on the margins in the late 90s Garside argues that it remains an important and relevant work today She explores the influence it had on diverse casting immersive set design and queer representation in the works that followed in its wake And she dives into the world of past and present Rentheads who share their formative experiences with the musical which coincided with the dawn of online fan culture Ultimately Rent was an uncommonly innovative and prescient musical and as we survey past works for inspiration and look for ways to fill our theaters there's much to learn from its example

The Virgin Encyclopedia of Fifties Music Colin Larkin, 2002 All the facts and informed opinion that you need on the artists who made the history of this decade are contained in this single volume distilled from The Virgin Encyclopedia of Popular Music universally acclaimed as the world's leading source of reference on rock and pop history

Coming of Age in Popular Culture Donald C. Miller, 2018-10-25 Documenting the evolution of teens and media from the 1950s through 2010 this book examines the films books television shows and musical artists that impacted American culture and shaped the coming of age experience for each generation The teenage years are fraught with drama and emotional ups and downs coinciding with bewildering new social situations and sexual tension For these reasons pop culture and media have repeatedly created entertainment that depicts celebrates or lampoons coming of age experiences through sitcoms like The Wonder Years to the brat pack films of the 1980s to the teen centered television series of today Coming of Age in Popular Culture Teenagers Adolescence and the Art of Growing Up covers a breadth of media presentations of the transition from childhood to adulthood from the 1950s to the year 2010 It explores the ways that adolescence is characterized in pop culture by drawing on these representations shows how powerful media and entertainment are in establishing societal norms and considers how American society views and values adolescence Topics addressed include race relations gender roles religion and sexual identity Young adult readers will come away with a heightened sense of media literacy through the examination of a topic that inherently interests them
