Jozsa, Jr., 2006-02-17. Twenty five essays cover five areas integral to the economic side of baseball business and finance human resources international relations management and leadership and sports marketing. Detailed discussions of the redistribution of revenues the history of player unionization aggressive global marketing strategies of franchise owners and an evaluation of fan costs among other topics introduce the reader to the important issues and specific challenges professional baseball faces in an increasingly crowded yet geographically expansive sports marketplace.
