1992 European Single Market And The Third World:

The Eurosceptical Reader M. Holmes, 2016-07-27 The Eurosceptical Reader is the authoritative guide to the compelling arguments against European integration The book sets out to dispel the myth which has grown up over the past thirty years that Britain's Eurosceptics are backward looking nationalistic even xenophobic Little Englanders In reality as this collection of articles and speeches illustrates the Eurosceptical case has been anything other than introverted and obsessed with the past Eurosceptics have always looked to the wider world beyond Europe not to a nostalgic British isolation Whether from within the two main parties or from academia and journalism the Eurosceptical case has become both intellectually powerful and politically persuasive The all star cast provides contemporary analysis to supplement classic contributions from Hugh Gaitskell Margaret Thatcher Enoch Powell Tony Benn and others

Transition in Central and Eastern Europe A.

Kuyvenhoven, Olga Memedovic, Nico van der Windt, 2012-12-06 In less developed countries LDCs there is considerable concern that the developments in the Central and Eastern European Countries CEECs may lead to a more inward looking European Union EU As EU trade foreign investment and aid flows are diverted from LDCs towards the CEECs close neighbours of the EU a new dimension would be added to fortress Europe This volume consists of 11 chapters by scholars from the EU the CEECs and LDCs Each paper is discussed in terms of its policy relevance by a policy maker as well as by an academic specializing in the field In the opening chapter we aim to do justice to the discussion during the Workshop in Rotterdam in May 1994 at which preliminary versions of all chapters were presented Edited versions of the interventions by the policy makers and experts are included as far as possible after the chapters A summary of the discussion is presented in the concluding remarks by Rolf Langhammer The opinions expressed in this volume are those of the authors and not necessarily of their organizations The editors XXI Foreword I am glad the first meeting of this network is on the developing country dimension of pan European integration for two reasons Firstly political and economic liberalization in Central and Eastern Europe makes it possible even necessary to discuss such an issue
