suspender las garantías individuales en caso de amenaza externa o interna. Sobre esa base el país antes que otros de América Latina alcanzó una sorprendente estabilidad si bien ese logro fue objetado y rechazado por quienes estimaron que se vivía bajo una dictadura y propugnaron que el camino por seguir no era otro que reponer la libertad ganada en los campos de batalla y perdida debido al régimen despótico que según sostenían se implantaría a partir de 1830. El desarrollo de esa lucha política marcada por la intolerancia y la violencia forma parte de la trama principal de un relato que convierte en una suerte de actores colectivos al espacio geográfico a las ciudades al campo al ejército a la marina y a la Iglesia y en los protagonistas individuales a las mujeres y a los hombres al tiempo que sugiere que el destino de unos y otros dependió de ellos mismos pero también de fuerzas que les resultaron desconocidas e inmanejables.

Military Advising and Assistance Donald Stoker, 2007-12-21. This volume presents a number of case studies of military advisors and missions in order to provide clear historical examples of the evolution, functioning and motives of foreign military advising in the modern era. Containing essays by US contributors covering a wide range of countries and spanning nearly 200 years of history, the case studies show the evolution of foreign military advising from ill organized mercenary units to professional government sponsored teams driven by a desire to cultivate political and economic influence to Cold War tools for pursuing ideological aims, nation building and modernization to post Cold War elements of alliance integration. Finally, the book highlights the increasing present day role of private corporations, some of which provide complete military forces, thereby bringing the evolution of foreign military advising full circle. This book will be of interest to students of military history, civil-military relations, peacekeeping, security studies and political science in general.
