Germans and Turks comingle Meandering and motley in form and language this lost classic of the early nineteenth century deploys metafictional innovations that anticipate postmodernist literature The novel is speckled with dictionary entries multiplication tables philosophical digressions and love poetry as Veltman swings from Gothic horror to antiquarian commentary to burlesque comedy Past present and fantasy blend together as Alexander the Great Ovid and Augustus join the narrator on his daydreamed journey of self discovery Hugely popular in its day *The Wanderer* is a remarkable tale that depicts the extraordinary places and peoples that met along the fault lines of once great empires *Dire S.
