Arrogance Of Power:

The Arrogance of Power J. William Fulbright, 2011-08-03 The Chairman of the Senate Foreign Relations Committee has suddenly become the most celebrated public critic of the nation's foreign politics His new book *The Arrogance of Power* is remarkable because it transforms mere criticism into bitter condemnation It portends or perhaps already speaks the alienation of a great many thoughtful citizens from their government From disagreement with the national policy the Senator has escalated to an indictment of the national character Where once he blamed ignorance he now finds also arrogance And he offers psychological as well as political judgment and testimony to make the point Nor is Senator Fulbright merely quarreling with Lyndon Johnson's conduct of affairs He objects to the whole postwar habit of intervention We have set out to police the world and to rescue mankind he argues neglecting our duty to put our own house in order and dissipating the chance to inspire others by our example The Senator has much else to say of course His book is a very specific protest against the war in Vietnam and a plea that we get out even if it hurts It is an angry cry against all war It is an articulate statement of the duty to dissent True to himself Mr Fulbright conveys his outrage in calm often elegant prose He entertains even as he alarms It is an invaluable antidote to the official rhetoric of government Max Frankel *The New York Times Book Review*

Ethics in Pastoral Ministry Richard M. Gula, 2014-05-14 This book is an attempt to make a Catholic contribution to stimulate a conversation within the Catholic Church on professional ethics in pastoral ministry From publisher's description

Divided Power Donald R. Kelley, 2005-08 *Divided Power* is a collection of eight original essays written for the Fulbright Institute of International Relations that focuses on timely yet unanswerable questions about the relationship between the executive and legislative branches in the formation of American foreign policy In trying to answer questions about what the nation's foreign policy is and who has the upper hand in making it these essays examine the struggle between the constant of the division of powers mandated by the Constitution ambiguous though it may be and the ever changing political realities and conventional wisdoms of the day Within that context the authors also examine the society and culture in which those realities and wisdoms are nested The goal of these essays is to offer a snapshot in time of the interaction of the executive and legislative branches in the shaping of our foreign policy framed and informed by the intellectual and political realities that characterize the post Cold War post September 11 world **Criminality and Business Strategy** John Zinkin, Chris

Bennett,2022-10-03 Criminality and Business Strategy Similarities and Differences explores what can be learned from criminal organizations on four continents based on comparisons of their historical and cultural origins chosen governance and power structures and business models It discusses how these contexts determined their applications of the principles and practice of effective but amoral leadership and whether these lessons can be applied to legitimate business enterprises In this book John Zinkin and Chris Bennett argue that defining a crime is a contested issue and that criminality can be viewed as a spectrum comprising a range of different types of crimes the harms caused and the variety of punishments involved They discuss the critical role of the state in determining where criminality is perceived to sit on the crime continuum The authors delve into how the state and organized crime are natural competitors and how organized crime and legitimate businesses are subject to many of the same internal and external strategic considerations They contend that the resulting similarities between criminality in organized criminal organizations and legitimate businesses are greater than the differences and that the differences are only in degree and not in kind This thought provoking study of criminality will be of immense interest to professionals coaches consultants and academics interested in the techniques and ethics of leadership The book is in effect the result of an intellectual journey of the authors from the ideas presented in their earlier book The Principles and Practice of Effective Leadership to the issues in this book discussing important difficult and contested subjects The journey continues in their third book The Challenge in Leading Ethical and Successful Organizations [The Practice of Homefulness](#) Walter Brueggemann,2014-03-19 Contents 1 The Practice of Homefulness 2 A Myriad of Truth and Reconciliation Commissions 3 Bragging about the Right Stuff 4 A Culture of Life and the Politics of Death 5 Elisha as the Original Pentecost Guy 6 The Stunning Outcome of a One Person Search Committee 7 The Non negotiable Price of Sanity 8 The Family as World Maker
