Comrades And Enemies Arab And Jewish Workers In Palestine 1906 1948:

Comrades and Enemies Zachary Lockman, 1996-07-10 In *Comrades and Enemies* Zachary Lockman explores the mutually formative interactions between the Arab and Jewish working classes labor movements and worker oriented political parties in Palestine just before and during the period of British colonial rule Unlike most of the historical and sociological literature on Palestine in this period *Comrades and Enemies* avoids treating the Arab and Jewish communities as if they developed independently of each other Instead of focusing on politics diplomacy or military history Lockman draws on detailed archival research in both Arabic and Hebrew and on interviews with activists to delve into the country's social economic and cultural history showing how Arab and Jewish societies in Palestine helped to shape each other in significant ways *Comrades and Enemies* presents a narrative of Arab Jewish relations in Palestine that extends and complicates the conventional story of primordial identities total separation and unrelenting conflict while going beyond both Zionist and Palestinian nationalist mythologies and paradigms of interpretation

Routledge Handbook on Human Rights and the Middle East and North Africa Anthony Tirado Chase, 2016-11-10 Recent events such as Iran's Green Revolution and the Arab Uprisings have exploded notions that human rights are irrelevant to Middle Eastern and North African politics Increasingly seen as a global concern human rights are at the fulcrum of the region's on the ground politics transnational intellectual debates and global political intersections The *Routledge Handbook on Human Rights and the Middle East and North Africa* emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations explores the various frameworks in which to consider human rights conceptual political and transnational international discusses issue areas subject to particularly intense debate gender religion sexuality transitions and accountability contains contributions from perspectives that span from global theory to grassroots reflections emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground A multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had or could have an impact on Middle Eastern and North African politics This book will therefore be a key resource for students and scholars of Middle Eastern and North African politics and society as well as anyone with a concern for Human Rights across the globe

Connecting with the Enemy Sheila H. Katz, 2016-11-08 Highlights the significance of those Israelis and Palestinians who have chosen connection and dialogue as a practical alternative to the use of force Euphrates Institute Thousands of ordinary people in Israel and Palestine have engaged in a dazzling array of daring and visionary joint nonviolent initiatives for more than a century They have endured despite condemnation by their own societies repetitive failures of diplomacy harsh inequalities and endemic cycles of violence *Connecting with the Enemy* presents the first comprehensive history of unprecedented grassroots efforts to forge nonviolent alternatives to the lethal collision of the two national movements

Bringing to light the work of over five hundred groups Sheila H Katz describes how Arabs and Jews children and elders artists and activists educators and students garage mechanics and physicists and lawyers and prisoners have spoken truth to power protected the environment demonstrated peacefully mourned together stood in resistance and solidarity and advocated for justice and security She also critiques and assesses the significance of their work and explores why these good will efforts have not yet managed to end the conflict or occupation This previously untold story of Palestinian Israeli joint nonviolence will challenge the mainstream narratives of terror and despair monsters and heroes that help to perpetuate the conflict It will also inspire and encourage anyone grappling with social change peace and war oppression and inequality and grassroots activism anywhere in the world A profoundly important study of the history and ongoing efforts for Israeli Palestinian peace by ordinary Israelis and Palestinians A genuinely balanced perspective Stephen Zunes author of *Tinderbox U S Middle East Policy and the Roots of Terrorism* *The Iron Cage* Rashid Khalidi, 2024-01-18 A brilliant and sobering critique of the Palestinian failure to achieve statehood by a major Palestinian historian and political commentator At a time when a lasting peace between Palestinians and Israelis seems virtually unattainable understanding the roots of the longest running conflict in the Middle East is an essential step in restoring hope to the region In *The Iron Cage* Rashid Khalidi one of the most respected historians and political observers of the Middle East examines the Palestinian s struggle for statehood presenting a succinct and insightful history of the people and their leadership throughout the twentieth century Ranging from the Palestinian struggle against colonial rule and the establishment of the State of Israel through the eras of the PLO the Palestinian Authority and Hamas this is an unflinching and sobering critique of the Palestinian failure to achieve statehood as well as a balanced account of the odds ranged against them Lucid yet challenging Rashid Khalidi s engrossing narrative of this tortuous history is required reading for anyone concerned about peace in the Middle East *Citizen Strangers* Shira Robinson, 2023-05-25 A remarkable book a detailed panorama of the many ways in which the Israeli state limited the rights of its Palestinian subjects Orit Bashkin H Net Reviews Following the 1948 war and the creation of the state of Israel Palestinian Arabs comprised just fifteen percent of the population but held a much larger portion of its territory Offered immediate suffrage rights and in time citizenship status they nonetheless found their movement employment and civil rights restricted by a draconian military government put in place to facilitate the colonization of their lands *Citizen Strangers* traces how Jewish leaders struggled to advance their historic settler project while forced by new international human rights norms to share political power with the very people they sought to uproot For the next two decades Palestinians held a paradoxical status in Israel as citizens of a formally liberal state and subjects of a colonial regime Neither the state campaign to reduce the size of the Palestinian population nor the formulation of citizenship as a tool of collective exclusion could resolve the government s fundamental dilemma how to bind indigenous Arab voters to the state while denying them access to its resources More confounding was the tension between the opposing aspirations of Palestinian

political activists Was it the end of Jewish privilege they were after or national independence along with the rest of their compatriots in exile As Shira Robinson shows these tensions in the state s foundation between privilege and equality separatism and inclusion continue to haunt Israeli society today An extremely important highly scholarly work on the conflict between Zionism and the Palestinians G E Perry Choice *Arab Responses to Fascism and Nazism* Israel Gershoni,2014-07-15 The first book to present an analysis of Arab response to fascism and Nazism from the perspectives of both individual countries and the Arab world at large this collection problematizes and ultimately deconstructs the established narratives that assume most Arabs supported fascism and Nazism leading up to and during World War II Using new source materials taken largely from Arab memoirs archives and print media the articles reexamine Egyptian Syrian Lebanese Palestinian and Iraqi responses in the 1930s and throughout the war While acknowledging the individuals forces and organizations that did support and collaborate with Nazi Germany and fascist Italy *Arab Responses to Fascism and Nazism* focuses on the many other Arab voices that identified with Britain and France and with the Allied cause during the war The authors argue that many groups within Arab societies elites and non elites governing forces and civilians rejected Nazism and fascism as totalitarian racist and most important as new more oppressive forms of European imperialism The essays in this volume argue that in contrast to prevailing beliefs that Arabs were de facto supporters of Italy and Germany since the enemy of my enemy is my friend mainstream Arab forces and currents opposed the Axis powers and supported the Allies during the war They played a significant role in the battles for control over the Middle East **Memory and Violence in the Middle East and North Africa** Ussama Samir Makdisi,Paul A. Silverstein,2006 The Middle East and North Africa form a region united by a common history of armed conflict and repeated international efforts at producing a lasting peace This interdisciplinary collection explores the connections between memories of past violence and the violence of present memories the context for all contemporary efforts at conflict resolution and reconciliation The contributors examine the 1954 1962 Franco Algerian war the 1975 1991 Lebanese civil war and the ongoing Arab Israeli conflict as interconnected struggles that outline national polities infranational fractures and transnational political connections Insofar as national unity has been constructed on the contested claims of sacrifice and martyrdom the legacy of violence has remained inscribed at the heart of political identity The case studies point to the failure of current attempts to officially forget past conflicts at the same time indicating local successes in commemorative actions that forge at least partial peaces between individuals and groups Ussama Makdisi is Associate Professor of History at Rice University and the first holder of the Arab American Educational Foundation Chair of Arab Studies He is author of *The Culture of Sectarianism Community History and Violence in Nineteenth Century Ottoman Lebanon* Paul Silverstein is Associate Professor of Anthropology at Reed College and author of *Algeria in France Transpolitics Race and Nation* IUP 2004 He has conducted research in France Algeria and Morocco and is a member of the editorial board of *Middle East Report* Conflicts Liron Mor,2024-01-02 Liron Mor s book queries what

conflict means in the context of Palestine Israel Conflict has long been seen as singular and primary as an original sin that necessitates the state and underwrites politics This book problematizes this universal notion of conflict revealing its colonial implications and proposing that conflicts are always politically constructed after the fact and are thus to be understood in their various specific forms The book explores sites of poetic and political strife in Palestine Israel by combining a comparative study of Hebrew and Arabic literature with political and literary theory Mor leverages an archive that ranges from the 1930s to the present from prose and poetry to film and television to challenge the conception of the Palestinian Israeli context as a conflict delineating the colonial history of this concept and showing its inadequacy to Palestine Israel Instead Mor articulates locally specific modes of theorizing the antagonisms and mediations colonial technologies and anticolonial practices that make up the fabric of this site The book thus offers five figurative conflictual concepts that are derived from the poetics of the works conflict judgment ishtib k leva im disorienting dilemmas ikhtif anti colonial disappearance o mediating law and inqis m hostile severance In so doing Conflicts aims to generate a historically and geographically situated mode of theory making which defies the separation between the conceptual and the poetic

Reflections on Knowledge and Language in Middle Eastern Societies Yonatan Mendel, Bruno De Nicola, Husain Outbuddin, 2010-08-11 This book presents a collection of articles that put forward original research and significant insight regarding several key issues related to knowledge and language in Middle Eastern societies The aspects studied include the role of knowledge and language in affirming and negating political agendas and self identities within areas of conflict and tension ideas regarding the usefulness and interaction of religious and secular knowledge and the attributes that render knowledge and language especially that which is believed to be of divine origin outstanding and worthy of admiration The selection of studies has been purposefully diverse to include a variety of languages including Arabic Turkish Hebrew and Persian within multiple traditions including Hellenism Judaism Christianity and Islam while focussing on a range of periods from the classical to the mediaeval to the modern and examining a range of issues such as methods of analysing and interpreting Persian Turkish and Arabic literature literary and other attributes of the Bible and the Qur an diglossic languages the Turkish modernisation project Turkish Kurdish tensions Andalusian music Azerbaijani politics and the Israeli Palestinian conflict By underlining the substantial commonalities that exist between such seemingly different fields of research the book highlights the idea increasingly on the wane in departments of Middle Eastern Studies across many universities that a shared area of study viz the Middle East naturally and inherently entails a shared cultural historical and sociological milieu It suggests that academics who engage in different branches of research related to this area should rather than focussing singly on their own field avail substantially and meaningfully of one another s scholarship learn from each other s methodologies and collectively build upon a body of knowledge that should never be seen as dissociated **Reading Herzl in Beirut** Jonathan Marc Gribetz, 2024-07-09 How the Palestine Liberation Organization Research Center informed

the PLO's relationship to Zionism and Israel In September 1982 the Israeli military invaded West Beirut and Israel allied Lebanese militiamen massacred Palestinians in the Sabra and Shatila refugee camps Meanwhile Israeli forces also raided the Palestine Liberation Organization Research Center and trucked its complete library to Israel Palestinian activists and supporters protested loudly to international organizations and the Western press claiming that the assault on the Center proved that the Israelis sought to destroy not merely Palestinian militants but Palestinian culture as well The protests succeeded in November 1983 Israel returned the library as part of a prisoner exchange What was in that library Much of the expansive collection the PLO amassed consisted of books about Judaism Zionism and Israel In Reading Herzl in Beirut Jonathan Marc Gribetz tells the story of the PLO Research Center from its establishment in 1965 until its ultimate expulsion from Lebanon in 1983 Gribetz explores why the PLO invested in research about the Jews what its researchers learned about Judaism and Zionism and how the knowledge they acquired informed the PLO's relationship to Israel **Arabic and its**

Alternatives, 2020-03-02 Arabic and its Alternatives discusses the complicated relationships between language religion and communal identities in the Middle East in the period following the First World War This volume takes its starting point in the non Arabic and non Muslim communities tracing their linguistic and literary practices as part of a number of interlinked processes including that of religious modernization of new types of communal identity politics and of socio political engagement with the emerging nation states and their accompanying nationalisms These twentieth century developments are firmly rooted in literary and linguistic practices of the Ottoman period but take new turns under influence of colonization and decolonization showing the versatility and resilience as much as the vulnerability of these linguistic and religious minorities in the region Contributors are Tijmen C Baarda Leyla Dakhli Sasha R Goldstein Sabbah Liora R Halperin Robert Isaf Michiel Leezenberg Merav Mack Heleen Murre van den Berg Konstantinos Papastathis Franck Salameh Cyrus Schayegh Emmanuel Szurek Peter Wien The Middle East and the Making of the Modern World Cyrus Schayegh, 2017-08-28 How do

historians make sense of the spatial layeredness of the past Cyrus Schayegh argues that the modern world's ultimate socio spatial feature is not the oft studied processes of globalization or state formation or urbanization but rather the fast paced mutually transformative intertwinements of cities regions states and global circuits **Arab-Jewish Activism in**

Israel-Palestine Marcelo Svirsky, 2016-04-15 Applying the insights of Deleuze and Guattari's works to Israel Palestine Arab Jewish Activism in Israel Palestine sets out to re conceptualise the relationship between resistance and power in ethnically segregated spaces in general and the Israeli Palestine context in particular Combining many years of ethnographic study and political and social activism with a solid theoretical conceptual framework Marcelo Svirsky convincingly argues that successful efforts to decolonise the region depend on taking the struggle beyond self determination and making it collaborative Decolonisation depends on political and cultural changes that elaborate on the historical partition of social life in the region that have been an issue since the early twentieth century This elaboration means producing a civil struggle

aimed at the destabilisation of the Zionist supremacy and resulting in a democratic political community from the Mediterranean Sea to the Jordan River Simply not just another book on Israel and Palestine Arab Jewish Activism in Israel Palestine provides refreshingly new empirical evidence and theoretical analysis on the connection between resistance intercultural alliances civil society and the potential for actualising shared sociabilities in a conflict ridden society An indispensable read to all scholars wishing to gain original insights into the transversal connections which transcend ethnicity

History from Below Brigitta Bernet, Lutz Raphael, Benjamin Zachariah, 2025-07-21 What we know as history from below has long been considered a more democratic form of history writing and research than forms of history that have counted sometimes by default as elite and therefore by implication elitist But history from below also has a tendency towards populism an emphasis on authenticity on voices uncontaminated by elite narratives and a focus on the indigenous Apart from its having a long standing problem of finding sources to give voice to the underrepresented the question as to who can write about and therefore represent the people below and a possible focus in consequence on themes of blood soil and the Volk This volume explores over nine essays and an introductory thematic essay these tensions and dichotomies The purpose is to bring to the foreground a long standing danger of celebrating voices from below perhaps uncritically at times and therefore also of a romanticisation of those voices

British Trade Unions, the Labour Party, and Israel's Histadrut Ronnie Fraser, 2022-02-04 This book explores the British Labour Party and the trade unions and how their relationship with the Jews of Palestine and Israel has evolved over the past one hundred years It also reflects the changing attitudes of the Labour Party and the unions towards the persecution of the Jews a Jewish homeland in Palestine Israel and antisemitism An in depth examination of critical events in European and Middle East history reveals the links between British unions and their Israeli union counterpart the Histadrut General Federation of Labour and sets out the circumstances in which the unions went from backing the Labour Party's 1917 war aims declaration which called for the establishment of a Jewish homeland in Palestine through to the present day which sees the unions promoting campaigns for boycotts and sanctions against the State of Israel

The Returns of Zionism Gabriel Piterberg, 2020-05-05 In this original and wide ranging study Gabriel Piterberg examines the ideology and literature behind the colonization of Palestine from the late nineteenth century to the present Exploring Zionism's origins in Central Eastern European nationalism and settler movements he shows how its texts can be placed within a wider discourse of western colonization Revisiting the work of Theodor Herzl and Gershom Scholem Anita Shapira and David Ben Gurion and bringing to light the writings of lesser known scholars and thinkers influential in the formation of the Zionist myth Piterberg breaks open prevailing views of Zionism demonstrating that it was in fact unexceptional expressing a consciousness and imagination typical of colonial settler movements Shaped by European ideological currents and the realities of colonial life Zionism constructed its own story as a unique and impregnable one in the process excluding the voices of an indigenous people the Palestinian Arabs
