*Conception and Transformation of Sikh Politics* R. N. Singh (Ph. D.),2003-01-01      Encyclopaedia of Sikh Heritage: Conception and transformation of Sikh politics R. N. Singh,2002 C P vol 1 Historical development of Sikhism Religion to Politics 355 p vol 2 Conception and Transformation of Sikh 364p vol 3 Social Philosophy and Social Transformation of Sikhs 364 p vol 4 Analytical Study of Sikh Philosophy 371 p vol 5 Sikh Religious Vision 359 p      **International Bibliography of Sikh Studies** Rajwant Singh Chilana,2006-01-16 The International Bibliography of Sikh Studies brings together all books composite works journal articles conference proceedings theses dissertations project reports and electronic resources produced in the field of Sikh Studies until June 2004 making it the most complete and up to date reference work in the field today One of the youngest religions of the world Sikhism has progressively attracted attention on a global scale in recent decades An increasing number of scholars is exploring the culture history politics and religion of the Sikhs The growing interest in Sikh Studies has resulted in an avalanche of literature which is now for the first time brought together in the International Bibliography of Sikh Studies This monumental work lists over 10 000 English language publications under almost 30 subheadings each representing a subfield in Sikh Studies The Bibliography contains sections on a wide variety of subjects such as Sikh gurus Sikh philosophy Sikh politics and Sikh religion Furthermore the encyclopedia presents an annotated survey of all major scholarly work on Sikhism and a selective listing of electronic and web based resources in the field Author and subject indices are appended for the reader s convenience      **Historical Development of Sikhism** R. N. Singh (Ph. D.),2003      **Analytical Study of Sikh Philosophy** R. N. Singh (Ph. D.),2003      *Social Philosophy and Social Transformation of Sikhs* R. N. Singh (Ph. D.),2003      *Sikh Nationalism and Identity in a Global Age* Giorgio Shani,2007-12-06 *Sikh Nationalism and Identity in a Global Age* examines the construction of a Sikh national identity in post colonial India and the diaspora and explores the reasons for the failure of the movement for an independent Sikh state Khalistan Based on a decade of research it is argued that the failure of the movement to bring about a sovereign Sikh state should not be interpreted as resulting from the weakness of the communal ties which bind members of the Sikh nation together but points to the transformation of national identity under conditions of globalization Globalization is perceived to have severed the link between nation and state and through the proliferation and development of Information and Communications Technologies ICTs has facilitated the articulation of a transnational diasporic Sikh identity It is argued that this diasporic identity potentially challenges the conventional narratives of international relations and makes the imagination of a post Westphalian community possible Theoretically innovative and interdisciplinary in approach it will be primarily of interest to students of South Asian studies political science and international relations as well as to many others trying to come to terms with the continued importance of religious and cultural identities in times of rapid political economic social and cultural change      **New Cultural Identitarian Political Movements in Developing Societies** Sebastian

Schwecke,2012-12-06 Applying an intercultural and comparative theoretical approach across Asia and Africa this book analyses the rise and moderation of political movements in developing societies which mobilise popular support with references to conceptions of cultural identity The author includes not only the Hindu nationalist movement but also many Islamist political movements in a single category New Cultural Identitarian Political Movements NCIPM Demonstrating significant similarities in the pattern of evolution between these and European Christian Democracy the book provides an instrument for the analysis of these movements outside the parameters of the fundamentalism debate The book looks at a number of key variables for understanding the evolution of NCIPM and it goes on to analyse the transition of developing societies from rent based political economies to capitalism and the partial failure of this transition process It argues that there is a need to incorporate economic and class analysis in the study of political processes in developing societies against the continuing emphasis on cultural factors associated with the cultural turn of social sciences The book is an interesting contribution to studies in South Asian Politics as well as Comparative Politics Religion and Politics: New Developments Worldwide Roy C. Amore,2019-09-17 Religion and Politics New Developments Worldwide features ten articles about recent developments in the interaction of Religion and Politics in various countries of Asia Africa Europe and both North and South America Most articles focus on one country and including China South Korea India Nigeria Malaysia France and Cuba Others address issues across regions such as Latin America Southeast Asia or the Middle East The fifteen contributors are scholars from diverse disciplines as well as diverse regions of Asia Europe Africa and the Americas Subjects include the Indian government s favoritism for Hinduism over rival religions the way the Sikhs of India avoid the religion politics divide the way the Western media fails to fully understand the Chinese government s policies on religious minorities the aftermath of the Charlie Hebdo demonstrations in France religious attitudes toward tax politics in South Korea as well as among Christians compared to Muslims how to lessen the radicalization of Muslims in Southeast Asia whether Nigeria should encourage its Muslims to be active in the Organisation of Islamic Cooperation the spiritual role played by the permaculture movement in Cuba and how the former tendency of scholars to polarize religion and politics is no longer viable especially in Latin America Studying the Sikhs John Stratton Hawley,Gurinder Singh Mann,1993-07-01 This basic guide and resource book targets four fields religious studies history world literature and ethnic or migration studies in which Sikhism is now receiving greater attention The authors explain the problems of studying and interpreting Sikhism and opportunities for integrating Sikh studies into a broader curriculum in each field They also provide a sense of the Sikh community s own approach to education and evaluate materials and approaches at the North American university level Included are a sample syllabus with an explanatory essay a bibliographical guide a glossary and a general bibliography Gurinder Singh Mann s review of his course on Sikhism is an effective mini guide to the field as a whole **Faith & Philosophy of Sikhism** Sardar Harjeet Singh,2009 Sikh Nationalism Gurharpal Singh,Giorgio Shani,2021-11-25 This important volume provides a clear concise and

comprehensive guide to the history of Sikh nationalism from the late nineteenth century to the present Drawing on A D Smith's ethno symbolic approach Gurharpal Singh and Giorgio Shani use a new integrated methodology to understanding the historical and sociological development of modern Sikh nationalism By emphasising the importance of studying Sikh nationalism from the perspective of the nation building projects of India and Pakistan the recent literature on religious nationalism and the need to integrate the study of the diaspora with the Sikhs in South Asia they provide a fresh approach to a complex subject Singh and Shani evaluate the current condition of Sikh nationalism in a globalised world and consider the lessons the Sikh case offers for the comparative study of ethnicity nations and nationalism

**Exploring Gender and Sikh Traditions** Doris R. Jakobsh, 2021-09-01 This volume gathers scholars who focus on gender through a variety of disciplines and approaches to Sikh Studies The intersections of religion and gender are here explored based on an understanding that both are socially constructed Far from being static as so often presented in world religions textbooks religious traditions are constantly in flux responding to historical cultural and social contexts So too is the Sikh tradition in terms of practices ideologies rituals and notions of identity We here conclude that a Sikh tradition does not exist instead there are numerous forms thereof In this volume Sikhism is presented as a collection of Sikh traditions Gender studies in line with women's liberation masculine and feminist studies have long examined and have long deconstructed the patriarchy but also move to identify other subordinate dominant relations between individuals Indeed there are numerous forms of discrimination and power structures that simultaneously create a multiplicity of oppression Intersectionality has become the basis of an increasingly systematized production of contemporary discourses on feminism and gender analysis as is evidenced by the varied contributions in this volume

**Contemporary Gender Transformations in South Asia** Reazul Haque, 2025-06-30 Reazul Haque presents an insightful exploration into how modern gender expressions in South Asia resist traditional archetypes and adapt to contemporary social shifts

**Approaches to History** Sabyasachi Bhattacharya, 2011 History as a social science is arguably more self reflective than associated disciplines in that family Other

social scientists seem to see little reason to look beyond the paradigm they are developing in the present times. Historians on the other hand tend to depend on the cumulative process of the development of their craft and the fund of accumulated knowledge. Yet while this is acknowledged in the practice of research, Historiography in itself as a subject of study has rarely found its place in the syllabi of Indian universities. Knowledge of Historiography is taken for granted when a scholar plunges into research. In an attempt to address this lacuna, the Indian Council of Historical Research (ICHR) has planned a series of volumes on Historiography comprising articles by subject specialists commissioned by the ICHR. The first volume in the series, *Approaches to History: Essays in Indian Historiography*, brings to the readers the first fruits of that endeavour. While the essays encompass areas of research presently at the frontiers of new research, scholars will also find the bibliographies accompanying the essays of significant appeal.
