## **Concerning Mysticism:**

**Quietism, Agnosticism and Mysticism** Krishna Mani Pathak, 2022-01-01 This book presents a unique collection of papers on various philosophical aspects of the unknown and unvoiced truth and reality of the cosmic world. It offers a systematic analysis of the three philosophical theories of Quietism, Agnosticism, and Mysticism and introduces readers to the fundamentals of mystical knowledge claimed by philosophical schools of the east and the west. It discusses debates and deliberates on philosophical issues concerning the acquisition of truth, its objectivity, and its various dimensions along with the application of thoughts pertaining to Quietism, Agnosticism, and metaphysical mystic traditions in philosophy. It examines and precisely defines the scope and limits of knowledge, the respective way of life, its expressions, and morality, mystical revelation, ineffability of the ultimate value, realism, and faith, and reason with a primary focus on the classical Indian schools of Hinduism, Buddhism, Jainism, Agnosticism, the B u l s Greek traditions, modern western meta philosophy, and contemporary quietist debate in religion and theology. This insightful collection should be of great interest to independent researchers, students, and teachers of philosophy, theology, Mysticism, and Agnosticism, cultural studies, and religious studies.

**Mysticism in Early Modern England** Liam Peter Temple, 2019 Mysticism in Early Modern England traces how mysticism featured in polemical and religious discourse in seventeenth century England and explores how it came to be viewed as a source of sectarianism, radicalism, and most significantly religious enthusiasm. **A Companion to Jesuit Mysticism** Robert Aleksander Maryks, 2017-03-06 In A Companion to Jesuit Mysticism, Robert A. Maryks provides thirteen unique essays discussing the Jesuit mystical tradition, a somewhat neglected aspect of Jesuit historiography that stretches as far back as the order's co-founder Ignatius of Loyola, his spiritual visions at Manresa, and ultimately the mystical perspective contained in his Spiritual Exercises. The volume's contributions on the most significant representatives of the Jesuit mystical tradition, from Baltasar Alvarez to Louis Lallemant to Hugo Makibi Enomiya Lassalle, aim to fill this lacuna in Jesuit historiography. Although intended primarily as a handbook for scholars seeking to further their own research in this area, the volume will undoubtedly be of interest to scholars and students of Jesuit studies more broadly. **Florence Nightingale on Mysticism and Eastern Religions** Gérard Vallée, 2006-01-01 Mysticism and Eastern Religions, the fourth volume in the Collected Works, and the third on Nightingale's religion, begins with the publication for the first time of Florence Nightingale's Notes on Devotional Authors of the Middle Ages, translations from and comments on the medieval and some later mystics who nourished her own life of faith. Next come her annotations of and comments on the Imitation of Christ, a book to which she turned in times of distress. The largest part of the volume consists of her Letters from Egypt, written 1849-50, a significant period in her own intellectual and spiritual development. Here we provide for the first time complete publication and include also for the first time material preparatory for the trip and reflections on it over the later years. The last section reports Nightingale's correspondence and journal notes on Eastern religions, mainly Hinduism. Currently Volumes 1 to 11 are

available in e book version by subscription or from university and college libraries through the following vendors Canadian Electronic Library Ebrary MyiLibrary and Netlibrary      **On Mysticism** Simon Critchley, 2024-10-31 Philosopher Simon Critchley's painstaking attempt to explore transcendent experience provides a fascinating overview of Christianity's great outliers Book of the Day Guardian A playful profound new study of mysticism generous and animated Brian Dillon Mysticism is about existential ecstasy an experience of heightening one's senses and self into a sheer feeling of aliveness Mystical experiences offer us a practical way to open our thoughts and deepen the sense of our lives whether through a mainstream connection to God or by taking part in mind altering experiences Here Simon Critchley explores the history and practice of mysticism from its origins in Eastern and Western religion through its association with esoteric and occult knowledge and up to the ecstatic modernism of T S Eliot and others Through a discussion of the lives of famous mystics like Julian of Norwich and Jesus Christ Critchley reveals how embracing the spectrum of mystical experience can refresh our thinking and help us live deeper and freer lives Philosophical and playful analytical and inventive On Mysticism is a definitive account of humanity's quest to understand the divine and a call to thinkers everywhere to broaden our minds to life larger than our selves

**Notes on the margins, 5 essays [on mysticism].** Clifford Harrison, 1897      Mystics and Scholars Terence Penelhum, 2006-01-01 In September of 1976 a group of some fifty scholars and practising mystics gathered at the University of Calgary The chief objective of the Conference was to ponder and assess the nature of mysticism in its Eastern Western and North American Indian forms The method the Conference followed was somewhat unusual in that it aimed at a dialogue between the practising mystics and the scholars What this book presents to the reader is not the outcome of the dialogue but the personal statements and papers from which the dialogue began Of course there is a degree to which the dialogue is already present in that the papers of the scholars were written with the statements of the mystics in hand Among some of the

Dourley,2009-09-30 Jung s explanation of the religious tendency of the psyche addresses many sides of the contemporary debate on religion and the role that it has in individual and social life This book discusses the emergence of a new mythic consciousness and details ways in which this consciousness supersedes traditional concepts of religion to provide a spirituality of more universal inclusion On Behalf of the Mystical Fool examines Jung s critique of traditional western religion demonstrating the negative consequences of religious and political collective unconsciousness and their consequent social irresponsibility in today s culture The book concludes by suggesting that a new religiosity and spirituality is currently emerging in the West based on the individual s access to the sense of ultimacy residual in the psyche and seeking expression in a myth of a much wider compass This book will be of interest to scholars and students at all levels who are engaged in the expanding field of Jungian studies It will also be key reading for anyone interested in the theoretical and therapeutic connections between the psyche and religious experience **Spirituality in John's Gospel** Gabriel-Mary Fiore CSJ,2023-11-30 The Fourth Gospel has been known as the spiritual gospel since the second century but only recently have biblical scholars attempted to express the unique spirituality found in that sacred text Surprisingly no consensus has emerged even after a century of research Thus while John s Gospel is widely admired as a vibrant source of Christian piety the distinct features of its spirituality remain unclear Fr Fiore addresses this problem from the fresh perspective of spiritual theology Capitalizing on a century of Johannine biblical scholarship he uses the interdisciplinary methods of spiritual theology to bring new data to the study of the Gospel and solutions to many lingering questions How did ancient readers understand what scholars now refer to as the Gospel s spirituality How does that ecclesial reading compare to the analysis of
