Resistance in Elizabethan England Professor Victor Houlston,2013-06-28 During his lifetime the Jesuit priest Robert Persons 1546 1610 was arguably the leading figure fighting for the re establishment of Catholicism in England Whilst his colleague Edmund Campion may now be better known it was Persons s tireless efforts that kept the Jesuit mission alive during the difficult days of Elizabeth s reign In this new study Person s life and phenomenal literary output are analysed and put into the broader context of recent Catholic scholarship The book bridges the gap between historical studies on the one hand and literary studies on the other by concentrating on Persons s contribution as a writer to the polemical culture of the late sixteenth and early seventeenth centuries As well as discussing his wider achievements as leader of the English Jesuits founding three seminaries for English priests corresponding regularly with Catholic activists in England writing over thirty books holding the post of rector of the English College in Rome and being a trusted consultant to the papacy on English affairs this study looks in detail at what is arguably his greatest legacy The First Booke of the Christian Exercise more commonly known as the Book of Resolution That book first published in 1582 was to prove the cornerstone of Persons s missionary effort and a popular work of Catholic devotion running to several editions over the coming years Although Persons was ultimately unsuccessful in his ambition to return England to the Catholic fold the story of his life and works reveals much about the ecclesiastical struggle that gripped early modern Europe By providing a thorough and up to date reassessment of Persons this study not only makes a significant contribution to our understanding of the polemical context of

post Reformation Catholicism but also of the Jesuit notion of the apostolate of writing This book is published in conjunction with the Jesuit Historical Institute series Bibliotheca Instituti Historici Societatis Iesu **Edmund Campion** Gerard Kilroy, 2016-12-05 Edmund Campion A Scholarly Life is the response at long last to Evelyn Waugh's call in 1935 for a scholarly biography to replace Richard Simpson's Edmund Campion 1867 Whereas early accounts of his life focused on the execution of the Jesuit priest this new biography presents a more balanced assessment placing equal weight on Campion's London upbringing among printers and preachers and on his growing stature as an orator in an Oxford riven with religious divisions Ireland chosen by Campion as a haven from religious conflict is shown paradoxically to have determined his life and his death Gerard Kilroy here draws on newly discovered manuscript sources to reveal Campion as a charismatic and affectionate scholar who was finding fulfilment as priest and teacher in Prague when he was summoned to lead the first Jesuit mission to England The book argues that the delays in his long journey suggest reluctant acceptance even before he was told that Dr Nicholas Sander had brought holy war to Ireland so that Campion landed in an England that was preparing for papal invasion The book offers fresh insights into the dramatic search for Campion the populist nature of the disputations in the Tower and the legal issues raised by his torture It was the monarchical republic itself that in pursuit of the Anjou marriage made him the beloved champion of the English Catholic community Edmund Campion A Scholarly Life presents the most detailed and comprehensive picture to date of an historical figure whose loyalty and courage in the trial and on the scaffold swiftly became legendary across Europe **Publishing Subversive Texts in Elizabethan England and the Polish-Lithuanian Commonwealth** Teresa Bela, Clarinda Calma, Jolanta Rzegocka, 2016-07-11 Publishing Subversive Texts in Elizabethan England and the Polish Lithuanian Commonwealth offers recent research in book history by analysing the impact of early modern censorship on book circulation and information exchange in Elizabethan England and the Polish Lithuanian Commonwealth In fourteen articles the various aspects of early modern subversive publishing and impact of censorship on the intellectual and cultural exchange in both England and Poland Lithuania are thoroughly discussed The book is divided into three main parts In the first part the presence and impact of British recusants in the Polish Lithuanian Commonwealth are discussed Part two deals with subversive publishing and its role on the intellectual culture of the Elizabethan Settlement Part three deals with the impact of national censorship laws on book circulation to the Continent *The Elizabethan Catholic Underground* Earle Havens, Mark Rankin, 2025-08-20 This is the first book length study dedicated entirely to the clandestine print and scribal culture of members of the international Elizabethan Catholic underground c 1558 1603 Close studies offer fresh material textual evidence of a truly cosmopolitan polyglot and trans European community of domestic and exiled English Catholics moving well beyond the British Isles to the Dutch Low Countries France Poland Spain and Italy Explorations of book smuggling networks clandestine printers secret Catholic libraries illicit scribal publications international patronage and finance and press censorship combine in this volume to shed new light on an otherwise shadowy

often subversive but still relatively understudied early modern book culture

The Drama of Serial Conversion in Early Modern England Holly Crawford Pickett, 2024-03-12 In *The Drama of Serial Conversion in Early Modern England* Holly Crawford Pickett reconceptualizes early modern religious identity by exploring the astonishing stories of serial converts historical figures such as William Alabaster Kenelm Digby William Chillingworth and Marc Antonio De Dominis along with fictional ones who changed their religious affiliations between Catholicism and Protestantism multiple times Pickett argues that serial converts both reveal and helped revise early modern understandings of the self Through investigation of the techniques that serial converts used to stage and justify their conversions Pickett demonstrates the performative nature of the act of conversion itself offering a counternarrative to the paradigm of sincere private conversion that was on the rise in the tumultuous years following the Reformation Drawing from archival investigation into the lives and works of serial converts and performance studies theory this book shows how the genres and conventions associated with conversion shaped not only forms of communication but also the very experience of conversion By juxtaposing plays about serial conversion by Thomas Dekker and Philip Massinger Thomas Middleton Elizabeth Cary Ben Jonson and William Shakespeare with spiritual autobiographies Pickett highlights the shared task of convert and playwright performing conversion for an audience Serial converts served as uncomfortable reminders to their contemporaries that religious identity is always unverifiable The first study to explore serial conversion as a discrete phenomenon in this era *The Drama of Serial Conversion in Early Modern England* challenges confessional divisions within much early modern historiography by analyzing the surprising convergence of Protestant and Catholic in the figure of the serial convert It also reveals a neglected strain of religious discourse in early modern England that valued mutability and flexibility even in the midst of hardening and increasingly narrow understandings of conversion

Edmund Campion Richard Simpson, 2013-12 Recount the life of Edmund Campion saint and martyr in this newly revised and definitive version from TAN Books A new and updated life of St Edmund Campion Simpson's classic biography has been thoroughly revised and enlarged by Fr Peter Joseph With a foreword by Cardinal Pell

Catholics and Treason Michael Questier, 2022 *Catholics and Treason* takes the narratives generated by the contemporary law of treason as it applied to Roman Catholics during and after the Reformation of the Church in the sixteenth century and uses them to explore the Catholic community's writing of its own history Prosecutions of Catholics under the existing law and via new legislation produced a great deal of documentation which tells us much about contemporary politics that we could not garner from any other source The intention here is to locate the narratives of persecution inside the context of the mainstream history of the period from which for the most part they have been routinely excluded but out of which they partly emerged In that respect this is the history of the post Reformation Church and State with the politics of violence put back This volume takes as its starting point the magnum opus of Bishop Richard Challoner his *Memoirs of Missionary Priests* and it works backwards from

that book into the period that Challoner describes Historian Michael Questier seeks to reassemble as far as possible the historical jigsaw puzzle on which Challoner laboured but which he could not complete thinking about the implications for our view of the post Reformation and of the way in which Challoner and others described the Catholic experience of intolerance

The Construction of Martyrdom in the English Catholic Community, 1535-1603 Anne Dillon, 2017-03-02 Between 1535 and 1603 more than 200 English Catholics were executed by the State for treason Drawing on an extraordinary range of contemporary sources Anne Dillon examines the ways in which these executions were transformed into acts of martyrdom Utilizing the reports from the gallows the Catholic community in England and in exile created a wide range of manuscripts and texts in which they employed the concept of martyrdom for propaganda purposes in continental Europe and for shaping Catholic identity and encouraging recusancy at home Particularly potent was the derivation of images from these texts which provided visual means of conveying the symbol of the martyr Through an examination of the work of Richard Verstegan and the martyr murals of the English College in Rome the book explores the influence of these images on the Counter Reformation Church the Jesuits and the political intentions of English Catholics in exile and those of their hosts The Construction of Martyrdom in the English Catholic Community 1535 1603 shows how Verstegan used the English martyrs in his *Theatrum crudelitatum* of 1587 to rally support from Catholics on the Continent for a Spanish invasion of England to overthrow Elizabeth I and her government The English martyr was Anne Dillon argues as much a construction of international political rhetoric as it was of English religious and political debate an international Catholic banner around which Catholic European powers were urged to rally

History and Memory in Modern Ireland Ian McBride, 2001-11-08 Discussing the relationship between the past and the present in Irish society this 2001 title outlines the ways in which Irish identities have been shaped by oral tradition icons and images rituals and re enactments It examines pivotal moments in Irish history such as the 1798 rebellion the Famine the Great War and the Northern Ireland troubles investigating the ways in which they have been recalled commemorated and mythologised Beginning with the conviction that commemoration has its own history the essays address questions concerning the workings of communal memory How have particular political and social groups interpreted appropriated and distorted the past for their own purposes How are collective memories transmitted from one generation to the next Why does collective amnesia work in some situations and not in others What is the relationship between academic history and popular memory

Radicals in Exile Freddy Cristóbal Domínguez, 2020-02-27 Facing persecution in early modern England some Catholics chose exile over conformity Some even cast their lot with foreign monarchs rather than wait for their own rulers to have a change of heart This book studies the relationship forged by English exiles and Philip II of Spain It shows how these expatriates known as the Spanish Elizabethans used the most powerful tools at their disposal paper pens and presses to incite war against England during the messianic

phase of Philip's reign from the years leading up to the Grand Armada until the king's death in 1598 Freddy Cristóbal Domínguez looks at English Catholic propaganda within its international and transnational contexts. He examines a range of long neglected polemical texts demonstrating their prominence during an important moment of early modern politico-religious strife and exploring the transnational dynamic of early modern polemics and the flexible rhetorical approaches required by exile. He concludes that while these exiles may have lived on the margins their books were central to early modern Spanish politics and are key to understanding the broader narrative of the Counter Reformation. Deeply researched and highly original *Radicals in Exile* makes an important contribution to the study of religious exile in early modern Europe. It will be welcomed by historians of early modern Iberian and English politics and religion as well as scholars of book history.

Catalogue of the Printed Books and Manuscripts in the John Rylands Library, Manchester John Rylands Library, Edward Gordon Duff, 1899 **A Catalogue of the Collection of Tracts for and Against Popery (published in Or about the Reign of James II.) in the Manchester Library Founded by Humphrey Chetham, in which is Incorporated, with Large Additions and Bibliographical Notes, the Whole of Peck's List of the Tracts in that Controversy, with His References. To which are Added a Tabular Index to the Tracts in Both Editions of Gibson's Preservative, and a Reprint of Dodd's Certamen Utriusque Ecclesiae** Chetham's Library, 1859 *De Persecutione Anglicana* by Robert Persons S.J. Robert Parsons, 2023-12-14 *De Persecutione Anglicana* has been described as the most famous martyrological work by an English Catholic during the Reformation period and is presented here for the first time in an accessible authoritative edition. Robert Persons 1546-1610 was a Jesuit activist, controversialist, missionary strategist and educationist whose importance has become increasingly appreciated over the past decades thanks to the rapid growth of early modern British Catholic studies. His prolific work is well known and widely studied but his Latin writing is neglected as inaccessible to many scholars.
