mobilizations began in Bolivia culminating in 2005 with the election of Evo Morales the first indigenous president Jeffrey M Paige an internationally recognized authority on the sociology of revolutionary movements interviewed forty five indigenous leaders who were actively involved in the uprisings The leaders recount how peaceful protest and electoral democracy paved the path to power Through the interviews we learn how new ideologies of indigenous socialism drew on the deep commonalities between the communal dreams of their ancestors and the modern ideology of democratic socialism This new discourse spoke to the people most oppressed by both withering racism and neoliberal capitalism Emphasizing mutual respect among ethnic groups including the dominant Hispanic group the new revolutionary dynamic proposes a communal worldview similar to but more inclusive than Western socialism because it adds indigenous cultures and nature in a spiritual whole Although absent in the major revolutions of the past century the themes of indigenous revolution democracy indigeneity spirituality community and ecology are critically important Paige s interviews present the powerful personal experiences and emotional intensity of the revolutionary leadership They share the stories of mass mobilization elections and indigenous socialism that created a new form of twenty first century revolution with far reaching applications beyond the Andes
