Matte,2023-03-13 As Christians we are to be the salt and light to this world but are dangerously becoming a hybrid form of Scripture and culture We are conforming to the pressure making us more culturally centered in our teachings and practices This mixture of church and culture is seen as we drift from biblical truth in determining what we believe and how we live It is not enough to resist the cultural pressures We must be transformed by the renewing of our mind This is not a mental positive thinking exercise as some suggest It is listening to God's Word as our source of truth to understand all issues of life By speaking the truth in love we mature in Christ so that we are not tossed by the waves of the culture but are firmly anchored in Jesus so that we live in a manner that pleases Him **The Healing and Love Collection** Jarem Sawatsky,2019-05-07

Kohl, Richard Bauckham, 2014-08-22 Jürgen Moltmann's life and work have marked the history of theology after the Second World War in Europe and North America like no other. He is the most widely read, quoted, and translated theologian of our time. His systematic work thrives on the cutting edge of Christian theology in the twenty-first century, challenging and stimulating a whole generation of theologians to work at theology in different and more comprehensive ways. Margaret Kohl, a translator of many of Moltmann's volumes, has chosen representative samples of Moltmann's theological writings from eight of the volumes published by Fortress Press and has written brief prefaces to each of the selections. Moltmann scholar Richard Bauckham provides an extended Introduction.

Ways & Power Of Love Pitirim A. Sorokin, 2002-03-04 The *Ways and Power of Love* was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative Altruism. His elaborate scientific analysis of love with regard to its higher and lower forms, its causes and effects, its human and cosmic significance, and its core features constitutes the first study on this topic in world literature to date. Sorokin was the one absolutely essential twentieth-century pioneer in the study of love at the interface of science and religion. Bringing *The Ways and Power of Love* back into print allows a new generation of readers to appreciate Sorokin's genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked inability to live up to the ideal of love for all humankind. It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future. Turning the sciences toward the study of love is no easy task, but it can and must be done.

The Politics of Love Carla Christina Hustak, 2024-01-23 *The Politics of Love* explores the entanglement of emotions, social movements, and science in reconfiguring human and nonhuman relations. As Darwin's evolutionary theory informed the development of sexual science and the sex reform movement between the 1890s and the 1920s, sex reformers emerged as a group of diverse and culturally influential professionals: doctors, psychologists, artists, political activists, novelists, and academics who shared a profound commitment to changing the world by changing the practice of sex. Sex reformers reinvented love as a scientific practice of sex that brought humans and nonhumans into the fold of early twentieth-century racial, gender, and sexual politics. Carla Christina Hustak illuminates how sex reformers' insistence that love can shift human and nonhuman relations is more than just a historical narrative; it is a moment in time interconnected with urgent contemporary concerns over the global implications of our emotional relationships to other humans, animals, the earth, and atmospheric and technological forces.

R. Weisser, 2023-10-27 To those who are called the shepherding ministry is meant by God to be one of life's greatest joys Yet like a clipper ship sailing past the tip of a great unknown continent in the dead of night this joy is vast unexpected and easy to miss For many the initial joy of shepherding souls fades into exhaustion resentment even burnout It does not last It was not meant to Much of the early reward of ministry done well is rooted in the gratification of the natural self The immature shepherd fails to glory in weakness and naturally prefers to glory through strength giving God the credit of course Jesus said If anyone would come after me he must take up his cross But why a cross For the joy set before us Only ministry embraced as an opportunity to die will reduce the temptation to eventually hate it Only when walking in the power of a crucified life will a minister be anything more than powerless Only once fallen to the ground and perished will a leader bear much fruit So wrestle that shepherd's cross on your shoulders There is much joy yet to be discovered **Kierkegaard and Death** Patrick Stokes, Adam J. Buben, 2011-10-20 This impressive anthology succeeds admirably at demonstrating how the Kierkegaardian corpus presents a philosophy of finite existence Notre Dame Philosophical Reviews Few philosophers have devoted such sustained almost obsessive attention to the topic of death as Søren Kierkegaard Kierkegaard and Death brings together new work on Kierkegaard's multifaceted discussions of death and provides a thorough guide to the development in various texts and contexts of Kierkegaard's ideas concerning death Essays by an international group of scholars take up essential topics such as dying to the world living death immortality suicide mortality and subjectivity death and the meaning of life remembrance of the dead and the question of the afterlife While bringing Kierkegaard's philosophy of death into focus this volume connects Kierkegaard with important debates in contemporary philosophy **Dancing in the Wild Spaces of Love** James H. Olthuis, 2022-06-08 In the twenty first century amid globalized violence rising demagogues and the climate emergency contemporary philosophers and theologians have begun to debate a fundamental question Is our reality the result of the overflowing ever present creativity of Love or the symptom of a traumatic rupture at the heart of all things Drawing on decades of research in postmodern philosophy and experience as a psychotherapist James H Olthuis wades into this discussion to propose a radical ontology of Love without metaphysics In dialogue with philosophers like John D Caputo Slavoj Žižek Luce Irigaray and others Olthuis explores issues from divine sovereignty and the problem of evil to trauma and social ethics Experience in therapeutic work informs these investigations rooting them in journeys with individuals on the path to healing Olthuis makes the bold claim that while trauma pain and suffering are significant parts of our human lives nevertheless Love is with us to the very end Creation is a gift that comes with a call to make something of it ourselves a risky task we must take on with the promise that Love will win We are all dancing in the wild spaces of Love ex amore cum amore

ad amorem **Kierkegaard as Humanist** Arnold Bruce Come,1995 Arnold Come draws on Kierkegaard's major works journals and papers to reveal the humanist dimensions of his thought highlighting the importance of the self as the central theme of all his writings **Death, Family, and Love** Michael H. Mitias,2020-08-27 What does it mean to die What is the role of death in human life The theme of this novel focuses on these two questions in the medium of a duel between the god of death Mowt and Dr Athenaion a devotee of the god of love In the course of delineating the duel the author spotlights the meaning of death as a human phenomenon in the context of a truly loving family Mowt inflicts several devastating calamities upon Dr Athenaion but in spite of this infliction two love affairs sprout and see the light of day in the Athenaion family
