Morgan, 2007 This collection of essays the result of a 2006 conference at the University of Wales in Lampeter look at the influence of philosophical texts on the ancient novel In both Greek and Latin novels substantial traces of philosophical ideas can be found these essays discuss the levels on which they were intended to operate and how they were meant to resonate with their audiences Specific authors discussed include Xenophon of Ephesus Achilles Tatius Longus Apuleius and Lucian while the philosophical influences include Plato Aristotle and the Stoics **The Art of Civilization** Didier Maleuvre, 2016-06-22 Didier Maleuvre argues that works of art in Western societies from Ancient Greece to the interconnected worlds of the Digital Age have served to rationalize and normalize an engagement with bourgeois civilization and the city Maleuvre details that the history of art itself is the history civilization giving rise to the particular aesthetics and critical attitudes of respective moments and movements in changing civilizations in a dialogical mode Building a visual cultural account of shifting forms of culture power and subjectivity Maleuvre illustrates how art gave a pattern and a language to the model of social authority rather than simply functioning as a reflective one Through a broad cultural study of the relationship between humanity art and the culture of civilization Maleuvre introduces a new set of paradigms that critique and affirm the relationship between humanity and art arguing for it as an engine of social reproduction that transforms how culture is inhabited *Nat Turner* Kenneth S. Greenberg, 2003-02-01 Nat Turner's name rings through American history with a force all its own Leader of the most important slave rebellion on these shores variously viewed as a murderer of unarmed women and children an inspired religious leader a fanatic this puzzling figure represents all the terrible complexities of American slavery And yet we do not

know what he looked like where he is buried or even whether Nat Turner was his real name In *Nat Turner A Slave Rebellion in History and Memory* Kenneth S Greenberg gathers twelve distinguished scholars to offer provocative new insight into the man his rebellion and his time and his place in history The historians here explore Turner s slave community discussing the support for his uprising as well as the religious and literary context of his movement They examine the place of women in his insurrection and its far reaching consequences including an extraordinary 1832 Virginia debate about ridding the state of slavery Here are discussions of Turner s religious visions the instructions he received from God to kill all of his white oppressors Louis Masur places him against the backdrop of the nation s sectional crisis and Douglas Egerton puts his revolt in the context of rebellions across the Americas We trace Turner s passage through American memory through fascinating interviews with William Styron on his landmark novel *The Confessions of Nat Turner* and with Dr Alvin Poussaint one of the ten black writers of the 1960s who bitterly attacked Styron s vision of Turner Finally we follow Nat Turner into the world of Hollywood Nat Turner has always been controversial an emblem of the searing wound of slavery in American life This book offers a clear eyed look at one of the best known and least understood figures in our history **The Early Novels of**
