Guggenheim Museum, 1982     Arshile Gorky, 1904-1948 Diane Waldman, 1981     *Rethinking Arshile Gorky*, A reexamination of the art of Arshile Gorky 1904 1948 and an exploration of his role in the development of modern abstraction in America     *Arshile Gorky* Robert Saltonstall Mattison, Arshile Gorky, 2009 Arshile Gorky emigrated from Armenia to the United States in 1920 where he established himself as one of the greatest painters of that period Although his life was cut short by his suicide in 1948 the body of work he left behind secured his reputation as one of the greatest surrealist painters This book tells his story     **Modernism for the Masses** Jody Patterson, 2020-11-17 A mural renaissance swept the United States in the 1930s propelled by the New Deal Federal Art Project and the popularity of Mexican muralism Perhaps nowhere more than in New York City murals became a crucial site for the development of abstract painting Artists such as Stuart Davis Arshile Gorky Willem de Kooning and Lee Krasner created ambitious works for the Williamsburg Housing Project Floyd Bennett Field Airport and the 1939 World s Fair Modernism for the Masses examines the public murals realized and unrealized of these and other abstract painters and the aesthetic controversy political influence and ideological warfare that surrounded them Jody Patterson transforms standard narratives of modernism by reasserting the significance of the 1930s and explores the reasons for the omission of the mural s history from chronicles of American art Beautifully illustrated with the artists murals and little known archival photographs this book recovers the radical idea that modernist art was a vital part of everyday life     Art Books Wolfgang M. Freitag, 2013-10-28 First published in 1997 For this second edition of Art Books A Basic Bibliography of Monographs on Artists the vast number of new books published since 1985 was surveyed and evaluated This has resulted in the selection of 3 395 additional titles These selections reflective of the increase in the monographic literature on artists during the last ten years are evidence of the activities of a larger number of art historians in more countries worldwide of the increasingly diverse and ambitious exhibition programs of museums whose number has also increased dramatically and also of a lively international art market and the attendant gallery activities The selections of the first edition have been reviewed errors have been corrected and important new editions and reprints have been noted The second edition contains 278 names of artists not represented in the first edition     *Arshile Gorky* Arshile Gorky, Matthew Spender, 1998 The show will be comprised of 17 paintings and 23 works on paper from this very influential period in Gorky s brief but potent career It covers a decade where Gorky s inspirations synthesize to forge a radically new development in American art Influences ranging from the Renaissance painter Paolo Uccello to Picasso Miro and the surrealists can be seen in the work As Michael Auping has asserted it is during this time that Gorky establishes a complex

formal vocabulary that acts as an important link between European surrealism and the development of Abstract Expressionism The exhibition contains pieces from some of Gorky's key serial works Included are drawings and a painting from the group entitled Nighttime Enigma and Nostalgia This somber dreamlike series combines bio morphic abstraction with surrealism Also included are two paintings and related drawings entitled Khorkom named after Gorky's birthplace a town in the Armenian province of Van In three paintings from the well known Garden in Sochi series of the early 1940s Gorky invokes his father's garden in Armenia His need to reconnect himself with his ancient homeland and with his idealized childhood provides the beguiling imagery that gives Gorky's work its unique quality

his or her oeuvre and an analysis of each work in the selection Also included in the essays is technical information about a number of the individual works that enhances understanding of the variety and originality of these artists media and techniques

De Kooning John Elderfield, Willem De Kooning, Lauren Mahony, Jennifer Field, Delphine Huisinga, Susan Lake, 2011 This publication offers an unparalleled opportunity to appreciate the development of the artist's work as it unfolded over nearly seven decades beginning with his early academic works made in Holland before he moved to the United States in 1926 and concluding with his final sparely abstract paintings of the late 1980s
