

CONCEIVING The heavens

CREATING THE
SCIENCE FICTION NOVEL

Scott's future worlds are as vivid, her ideas as provocative, her characters as complex as any in the genre. Here she explains how she does it. But Conceiving the Heavens is not just for science fiction writers. Any fiction writer will benefit from thinking through Scott's questions about how circumstances affect character, and vice versa. . . . The book offers invaluable insight into the questions a writer must ask, and answer, in creating good science fiction.
