Until the late 1990s little new research had been directed toward the Concentration Camp Lublin Majdanek in central Poland even though up to two million Jews are claimed to have been murdered there by the Germans during World War II Until the first appearance of this book the only information available came from discredited Polish Communist propaganda This glaring research gap has been filled with the present study Based on exhaustive research of primary sources and a thorough exploration of the physical remainders of the former concentration camp the authors strike a death blow to the lie of homicidal gassings at Majdanek They also critically investigate the legendary mass executions of Jews in anti tank trenches Operation Harvest Festival and prove them groundless The authors investigations lead to unambiguous and unsparing conclusions about the real history and the actual functioning of the camp which thoroughly destroy the official theses without excusing the abuses tolerated by Majdanek s wartime commanders Majdanek was not an extermination camp but a labor camp and the vast majority of inmates who died during their incarceration succumbed to diseases rather than wanton killings With this work Mattogno and Graf have once again produced a careful methodical investigative work that sets the standard for all other treatments of Majdanek This third edition has three supplements reviewing new developments in this field of research In particular the Polish Majdanek Museum has officially admitted that large parts of this study are indeed correct and many of the Museum s own claims are untrue

Female SS Guards and Workaday Violence Elissa Mailänder, 2015-03-01 How did ordinary women like their male counterparts become capable of brutal violence during the Holocaust Cultural historian Elissa Mail nder examines the daily work of twenty eight women employed by the SS to oversee prisoners in the concentration and death camp Majdanek Lublin in Poland Many female SS overseers in Majdanek perpetrated violence and terrorized prisoners not only when ordered to do so but also on their own initiative The social order of the concentration camp combined with individual propensities shaped a microcosm in which violence became endemic to workaday life The author s analysis of Nazi records court testimony memoirs and film interviews illuminates the guards social backgrounds careers and motives as well as their day to day behavior during free time and on the job as they supervised prisoners on work detail and in the cell blocks conducted roll calls and selected girls and women for death in the gas chambers Scrutinizing interactions and conflicts among female guards relations with male colleagues and superiors and internal hierarchies *Female SS Guards and Workaday Violence* shows how work routines pressure to resolve problems material gratification and Nazi propaganda stressing guards roles in creating a new order heightened female overseers identification with Nazi policies and radicalized their behavior

485 Days at Majdanek Jerzy

Kwiatkowski, Norman M. Naimark, 2021-02-01 In this memoir Jerzy Kwiatkowski tells the harrowing tale of the sixteen months he spent at Majdanek a concentration camp on the outskirts of Lublin in occupied Poland In stark detail he describes the organization and operations of the camp and for its prisoners the fierce struggle for survival Written in 1945 with events still fresh in his mind Kwiatkowski s memoir provides a documentary caliber look at prisoner life from its mundane frustrations endless roll calls rations of rutabaga and potatoes to its glimmers of hope smuggled contraband the strong bonds formed by the prisoners It offers a first person view on the Nazi regime s darkest excesses from forced labor and starvation to systematic murder First released under Soviet era censorship in Poland in 1966 Kwiatkowski s memoir was published in a complete uncensored Polish version in 2018 and has now been translated into English for the first time The edition is richly illustrated with rare archival images from the Hoover Institution Library Archives and the State Museum at Majdanek who are proud to make this valuable historical record available to a wide audience **Majdanek - The Concentration Camp in**

Lublin J. Marszalek, 1986-01-01 *Concentration Camp Majdanek* Jurgen Graf, 2012-01-01 German language edition of Concentration Camp Majdanek Amazingly little scientific investigation had been directed toward the concentration camp Lublin Majdanek in central Poland even though orthodox Holocaust sources claimed that between fifty thousand and over a million Jews were murdered there The only information available from public libraries is thoroughly discredited Polish Communists propaganda This glaring research gap has finally been filled After exhaustive research of primary sources and a thorough exploration of the physical remainders of the former concentration camp Mattogno and Graf created a monumental study which expertly dissects and repudiates the myth of homicidal gas chambers at Majdanek They also investigated the legendary mass executions of Jews in tank trenches Operation Harvest Festival critically and prove them groundless The authors investigations lead to unambiguous conclusions about the camp which are radically different from the official theses Again they have produced a standard and methodical investigative work which authentic historiography can not ignore
