Concise Coptic English Lexicon:

A Concise Coptic-English Lexicon Richard Smith, 1982 **A Concise Coptic-English Lexicon, Second Edition** Richard Smith, 2025-03-07 This short Coptic lexicon addresses the needs of beginning Coptic students for a resource focused on vocabulary in the Nag Hammadi texts The second edition includes additional word entries updated definitions and cross references *A Concise Coptic-English Lexicon* Richard Smith, 1999 *The Sibylline Oracles of Egyptian Judaism* John Joseph Collins, 1974 Originally presented as the author's thesis Harvard 1972 **Coptic Culture and Community** Mariam F. Ayad, 2024-01-16 A wide ranging exploration of the daily lives of ordinary Coptic Christians from late Antiquity until today This volume brings together leading experts from a range of disciplines to examine aspects of the daily lived experiences of Egypt's Coptic Christian minority from late Antiquity to the present In doing so it serves as a supplement and a corrective to institutional or theological narratives which are generally rooted in studying the wielders of historical power and control Coptic Culture and Community reveals the humanity of the Coptic tradition giving granular depth to how Copts have lived their lives through and because of their faith for two thousand years The first three sections consider in turn the breadth of the daily life approach perspectives on poverty and power in a variety of different contexts and matters of identity and persecution The final section reflects on the global Coptic diaspora bringing themes studied for the early Coptic Church into dialog with Coptic experiences today These broad categories help to link fundamental questions of socio religious history with unique aspects of Coptic culture and its vibrant communities of individuals Contributors Nicola Aravecchia Washington University in St Louis St Louis Missouri USA Mariam F Ayad The American University in Cairo Cairo Egypt Renate Dekker Leiden the Netherlands Lois M Farag Luther Seminary St Paul Minnesota USA Ihab Khalil Coptic Museum of Canada Scarborough Ontario Canada A D MacDonald Sydney Australia Ash Melika California Baptist University Riverside California USA Samuel Moawad Institute of Egyptology and Coptology Münster Germany Helene Moussa Coptic Museum of Canada Scarborough Ontario Canada Alanna Nobbs Macquarie University Sydney Australia Carolyn Ramzy Carleton University Ottawa Ontario Canada Christina Th r se Rooijakkers Leiden University Oegstgeest the Netherlands Youhanna Nessim Youssef Sankt Ignatios College University College Stockholm Sweden *Quest for the Kingdom* John M. Newman, 2011 A fascinating analysis that blends world history Western religion and Eastern mysticism Quest for the Kingdom by Dr John M Newman examines the kingdom of God as the historical Jesus describes it The book's premise holds that Jesus teachings include specific instructions for the quest to find and live in God's kingdom before death This powerful work favors fact and readers can revel in Jesus authentic teachings that describe the quest both as internal spiritual cultivation and the way to live in the world It is rare for a book on Christian theology to break new ground but Newman does this on two fronts the striking parallel of Jesus teachings with the ancient mysticism of yoga and the equally fascinating parallel between Jesus healing techniques and the practices of modern psychotherapists like Freud Newman is meticulous in drawing these original and

unique parallels and they lift this work's premise to a non generic level that speaks to several audiences an accomplishment that sets the work apart from the pack In twenty accessible and engaging chapters like The Kingdom of God The War of the Houses The Kingdom Is Like a Woman Spiritual Cultivation and The Exorcisms and Healings of Jesus the reader watches Jesus at work healing and offering his parables at a communal meal In addition to elucidating the path to the kingdom that Jesus shared with his followers Newman explains and illustrates the voice print of Jesus his sage rhetorical strategies and distinctive discourse Newman brings Jesus parables to life with a penetrating analysis that enables the reader to experience Jesus mastery of metaphor and management of the unconscious trajectory of thought in the minds of his listeners A commanding new breakthrough in the understanding of the teachings and works of Jesus this book is a must read for academics and laypersons alike

The Face of the Sky and Earth Jeremy Puma, 2007-04 This commentary on The Gospel of Thomas originally appeared in a much truncated form between and November of 2003 and March of 2005 on the Fantastic Planet weblog Composed as an attempt to provide a cohesive collection of thoughts and meditations on that most prevalent of Gnostic scriptures I wanted to produce something that would be useful instead of merely interesting something that addressed modern concerns within a Gnostic context by a Gnostic for people interested in Gnosticism

The Rape of Eve Celene Lillie, 2017-01-01 Sex violence power and redemption In recent decades scholars of New Testament and early Christian traditions have given new attention to the relationships between gender and imperial power in the Roman world In this surprising work Celene Lillie examines core passages from three Gnostic texts from Nag Hammadi On the Origin of the World The Reality of the Rulers and the Secret Revelation of John in which Eve is portrayed as having been humiliated by the cosmic powers yet experiencing restoration Lillie compares that pattern with Gnostic savior motifs concerning Jesus and Seth then sets it in the broader context of Roman cosmogonic myths at play in imperial ideology The Nag Hammadi texts she argues offer us a window into symbolic forms of Christian resistance to imperial ideology This groundbreaking study highlights the importance of the Nag Hammadi writings for our fuller appreciation of the currents of Christian response to the Roman Empire and the culture of rape pervasive within it

By the Same Word Ronald Cox, 2009-02-26 Middle Platonism explained how a transcendent principle could relate to the material world by positing an intermediary modeled after the Stoic active cause that mediated the supreme principle's influence to the world while preserving its transcendence Having similar concerns as Middle Platonism Hellenistic Jewish sapientialism early Christianity and Gnosticism appropriated this intermediary doctrine as a means for understanding their relationship to God and to the cosmos However these traditions vary in their adaptation of this teaching due to their distinctive understanding of creation and humanity's place therein The Jewish writings of Philo of Alexandria and Wisdom of Solomon espouse a holistic ontology combining a Platonic appreciation for noetic reality with an ultimately positive view of creation and its place in human fulfillment The early Christians texts of 1 Cor 8:6 Col 1:15-20 Heb 1:2-3 and the prologue of John provide an eschatological twist to this ontology when the intermediary figure finds final expression in Jesus Christ Contrarily Poimandres CH 1 and the Apocryphon of John both associated with the traditional rubric Gnosticism draw from Platonism to describe how creation is antithetical to human nature and its transcendent source

An Introduction to the Gothic Language Thomas O. Lambdin, 2006-01-01 The present work is designed to provide a carefully graded introduction to the grammar and vocabulary of the Gothic language The material is presented in a way that I have found very effective in my teaching of other languages over the years with enough examples and exercise material to lead the student to a rapid and intelligent reading of the extant texts In addition to this purely practical goal I have also tried to clarify to the extent possible the aspectual nature of the Gothic verb a subject somewhat neglected in the textbooks currently available in English Because the study of Gothic is usually undertaken by students of Germanic or Indo-European philology I have included a discussion of the historical phonology and morphology in a supplementary series of lessons whose contents parallel that of the corresponding lessons in the Grammar The texts given include all extant portions of the four gospels together with the extant portions of Romans and First Timothy The Gospel According to Luke has been fully glossed at the foot of each page to spare the student the loss of time in looking up words The end Glossary contains the complete vocabulary of the Gothic Bible with the exception of proper names and a few transliterated Greek words from the Preface
