significant not only to South Asia's past but also its present **Scalar Heart Connection** , *Heaven's Fractal Net*

William J. Jackson, 2022-09-26 *Heaven's Fractal Net* explores the uniquely useful geometrical forms found in nature and in cultures of the world. The visual shapes of fractals attract eyes with their fascinating beauty. They appear in images and designs with reiterated patterns whose parts are self-similar to the whole pattern just as a fern frond is structured with smaller and smaller self-similar branches. The fractal-like imagery in religious architecture has been used to symbolize infinity, consciousness, vertigo, and wonder. In nature, fractals serve as dynamic configurations for circulation, including the branching shapes of trees and lungs, rivers and nerves. A wealth of fractal examples is found in arts, symbols, and decorations. *Heaven's Fractal Net* is a book which explores self-similarities in worldwide cultures, providing a rich background for examining many geometrical shapes used by humanity, exploring processes of creativity in wisdom traditions, and delving into archetypal images in depth psychology. Fractals offer an organizing principle for many different kinds of hierarchies and composites, and in recent years, fractal has become a familiar household word for a new yet ancient geometry. **An Eternal Love-Letter to the Girls of Freakie Fries**

Don Jyoti Saraswati Di Morgese, 2004-05-28 *An Eternal Love Letter to the Girls of Freakie Fries* is a book about a letter that Don Jyoti Saraswati Di Morgese wrote. Don Jyoti Saraswati Di Morgese is a name that I give to that part of me from 1972-73 when I was nineteen that came back to my forefront mind in 1987-88 and has been with me ever since. Actually, I go by the name of Joseph Morgese, and I am at this writing a forty-seven-year-old truck driver. In this letter, I have something worth sharing with the reader. It is a meditation technique that I received from using a certain gizmo called The Magnetic Pendulum, which I think has allowed me to communicate with Spirits from whom I received this. Having enjoyed meditation and various other spiritual practices for twenty-five years now, I feel qualified to say that the knowledge that I received shows great promise. But even more than this, this letter is a testimonial to something supernatural that has been going on now since some time. I call it God's Algorithm because like an algorithm for a computer program, it makes me do things that I wouldn't ordinarily do, and from it so far, I have drawn up a design for God's Perpetual Motion. See, saw, and various other tidbits, all of which you may see if you visit my web site at www.make-luck-business.com and now this meditation technique. May this meditation technique bring the entire world to supreme enlightenment. Thank You. Sincerely and Lovingly, Don Jyoti Saraswati Di Morgese. **Uncovering and Discovering the Key to Spiritual Growth**

Rich Kae, 2004-11-02 Written mostly in prose, *Uncovering and Discovering the Key to Spiritual Growth* is sprinkled with some beautiful and transforming original poetry. It is a fascinating story of one man's attempt to make sense out of a world turned upside down. In the midst of personal disaster, Rich Kae asked, "How do you find meaning in a world where all the givens are gone?" He started looking for the key or answer to this question by addressing the only thing he knew for certain: HIS PAIN. One chapter in the book entitled "Pain is your Friend" reveals how being honest with and accepting his pain helped him to discover a new foundation upon which he could start to rebuild his life, one day at a time. The Book reflects the Author

Healing at the Borderland of Medicine and Religion
 Michael H. Cohen,2007-09-06 One of the transformations facing health care in the twenty first century is the safe effective
 and appropriate integration of conventional or biomedical care with complementary and alternative medical CAM therapies
 such as acupuncture chiropractic massage therapy herbal medicine and spiritual healing In Healing at the Borderland of
 Medicine and Religion Michael H Cohen discusses the need for establishing rules and standards to facilitate appropriate
