Concurrence Valorie C. Goldenbrook,2000-02-01 Hearings on National Defense Authorization Act for Fiscal Year 1998--H.R. 1119 and Oversight of Previously Authorized Programs Before the Committee on National Security, House of Representatives, One Hundred Fifth Congress, First Session United States. Congress. House. Committee on National Security. Military Readiness Subcommittee,1998 **The Life and Times of Sir George Grey, K.C.B.** William Lee Rees,Lily Rees,2011-11-24 William Lee Rees surveys the remarkable career of Sir George Grey the 11th premier of New Zealand *Regulating Big Tech* David R. Gilchrist, PhD, LLM, SJD,2024-12-20 Dear We the People Daily global news supports the relevant importance of well considered solutions to regulating Big Tech in response to the clash of constitutional restraint agency regulation and corporate actions Technology s innovative networks have invaded business and economic structures The simple has morphed into the complex while no effective method of meaningful enforcement is found within current law Legal immunity grants expansive freedom from accountability and corporate responsibility the ramifications are far reaching and widespread indeed worldwide Cultural norms of national regimes shape their approach to violations of anticompetitive activity The United States solely has criminal restraining regulatory enforcement Why is that How effective is the civil restraining enforcement The media publicizes financial fines intended to restrain and yet are corporately considered merely the cost of doing business The public s accommodation becomes inevitable as the legal system loopholes surpass any legal restraint while hoodwinking deception slow walks the penalizing remedy The objective herein is to effectively distill humanity s psyche through the lens of history sociology law and economics giving the reader a rich and comprehensive understanding of foundational status quo and a context for implementing retaliatory strategy At stake is the consequential welfare of consumers who find themselves in uncharted territory without effective advocacy The resultant challenging competition marketplace is a difficult environment for consumers and competitors alike My singular goal is to provide perspective of how things should function do function and can function for the betterment of the citizens of this interconnected world We are not just residents indeed citizenry is a participatory designation Accountability safeguards against destruction and it is inclusive We the People are the government not the governed therefore we are accountable to one another It is my great pleasure to share this dialogue with you as we enjoy this reading journey together May my inspiration become your aspiration to enjoin your friends in citizenry participation David R Gilchrist PhD LLM SJD
