Concurring Beasts:

Concurring Beasts Stephen Dobyns, 1971 *Passwords Primeval* Tony Leuzzi, 2012-10-16 *Passwords Primeval* sets aside the artificial boundaries of poetry schools and movements to cut to the art of the matter Tony Leuzzi's astounding knowledge of poetry draws new insights from such luminaries as Billy Collins Gerald Stern Jane Hirshfield Patricia Smith and Mart n Espada These new interviews provide insights into the poets and their poems without losing any of their mystery Whether you're looking for deeper understanding of your favorite poets or simply interested in the lives of contemporary artists *Passwords Primeval* reveals the interconnectedness of these masters whose voices echo each other from opposite ends of the same canyon

The Burn Palace Stephen Dobyns, 2014-01-28 One of the best of the best You can't ask for more than this book gives I loved it Stephen King An exquisitely unexpected delightfully believable exploration of what normal looks like when it goes through the evil looking glass Oprah.com The sleepy community of Brewster Rhode Island is just like any other small American town It's a place where most of its inhabitants will die blocks from where they were born where gossip spreads like wildfire and the big weekend entertainment is the inevitable fight at the local bar But recently something out of the ordinary perhaps even supernatural has been stirring While packs of coyotes gather and a baby is stolen and replaced with a snake a series of inexplicably violent acts confounds Detective Woody Potter and inspires terror in the locals A Richard Russo small town tableau crossed with a Stephen King thriller *The Burn Palace* is a darkly funny twisted portrait of chaos and paranoia that keeps readers guessing until the final pages

Winter's Journey Stephen Dobyns, 2012-12-04 Dobyns poetry has a somber eccentric beauty not quite like anything else around these days The New York Times Book Review Dobyns blends philosophical musings with daft deft metaphors and a cheeky vernacular Poetry Poet and best selling novelist Stephen Dobyns employs everything from Atlantic seascapes to werewolf dreams to explore issues public and private By turns tough and tender Dobyns plainspoken poems create and reflect a worldview full of possibilities He contrasts the quotidian with the exalted always delivered in a precise familiar voice Daily walks become meditations on politics philosophy literature and the larger considerations of existence and being Stephen Dobyns is the author of twenty one books of fiction including the popular Saratoga crime series twelve books of poetry and a collection of nonfiction Dobyns has worked as a reporter for The Detroit News and has taught at the University of Iowa Sarah Lawrence College Warren Wilson College Syracuse University and Boston University He lives in Rhode Island

The House on Alexandrine Stephen Dobyns, 1990 Set against the violently fragmented matrix of Detroit in 1973 Dobyns novel is an unlikely fusion of love and violence The plot centers around the lives of fifteen people and three dogs who live in a Cass Corridor rooming house When an innocent Ontario farm boy comes to Detroit in search of his runaway sister he provides a temporary focus for the other residents They include a bartender writer an avant garde composer and his wife a former policeman a female artist whose rent is being paid by two men and a pair of elderly ex convicts one a panhandler the other a locksmith Robbery murder a stabbing a poisoning

and a fire serve to bring about a profound emotional transformation among the characters Against this hostile urban landscape Dobyns weaves his extraordinary human tapestry By the novel's close the housemates unite to form a rich though volatile world Book Review Index, 1985 Every 3rd issue is a quarterly cumulation **Hunting Men** Dave Smith, 2006-12-01 In *Hunting Men* poet Dave Smith reasserts the validity of poetry in our times With eloquence grace and a searching intelligence Smith illuminates both poems and poets Believing that great poetry cannot be divorced from an intimate organic link to place he builds a compelling case for the importance of southern poets Like the hunters who taught Smith as a young man patience observation and willingness to rely on his senses he leads readers on an expedition through a specific poetic place with a sure sense of direction and destination Beginning with a discussion of southern poetry that seeks to define the form and its value for a global readership the first of the book's three sections also includes reflections on Edgar Allan Poe John Crowe Ransom Robert Penn Warren and James Dickey In the second part Smith focuses on contemporary poets Richard Hugo Stephen Dunn Stephen Dobyns and Larry Levis among others In the final chapters he examines how he came to be a poet and reflects on the nature and practice of poetry Smith describes himself as a poet born and raised in the South but never entirely comfortable with the neighborhood or many of the public assumptions about southernness By describing why southern poetry is important to him he reveals why poetry matters to all of us as he asserts the moral weight of regional art My success if it occurs will be to send readers to the books of the poets where the world as they knew it waits and is full of the delights of the unglimped and known **The Day's Last Light Reddens the Leaves of the Copper Beech** Stephen Dobyns, 2016-09-19 This new collection from best selling poet and novelist Stephen Dobyns focuses on the hard ephemeral truth of mortality and includes the section *Sixteen Sonnets for Isabel* about the recent death of his wife In true Dobyns fashion these poems grip and guide readers into a state of empathy raising the question of how one lives and endures in the world Lyrical Iowa, 1972 **A Study Guide for Stephen Dobyns's "It's like This"** Gale, Cengage Learning, 2016 A Study Guide for Stephen Dobyns's *It's like This* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs **Uncertainty and Plenitude** Peter Stitt, 1997-09-01 From the extraordinary diversity of contemporary poetry Peter Stitt the distinguished critic and editor of the *Gettysburg Review* has chosen in this book to write about five poets only all premier practitioners John Ashbery Stephen Dobyns Charles Simic Gerald Stern and Charles Wright with a special look at Stanley Kunitz in relation to Wright Stitt's confident and inventive assessments of these fine poets work help us gain some focus on the uncertainty and plenitude of the current poetry scene demonstrating that concentrated and knowledgeable criticism can show us ways to begin measuring the accomplishments of our poetic age Stitt's interest in these five poets is intellectual and aesthetic As he states I chose these particular writers because their work continues to interest me deeply

both intellectually and formally even after years of familiarity He uses his understanding of the philosophical implications inherent in modern physics as they apply to both content and form as the basis for his close analysis Stitt attends to the poets writerly strategies so that we may discover in their poetry where surface form intersects and complements meaning and thus becomes in John Berryman's terms deep form He explains what these poets say and how they say it and what relationships lie between He also shows how humor plays a part in some of their work Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1979 Poetic Culture Christopher Beach, 1999 In *Poetic Culture* Christopher Beach questions the cultural significance of poetry both as a canonical system and as a contemporary practice By analyzing issues such as poetry's loss of audience the anthology wars of the 1950s and early 1960s the academic and institutional orientation of current poetry the poetry slam scene and the efforts to use television as a medium for presenting poetry to a wider audience Beach presents a sociocultural framework that is fundamental to an understanding of the poetic medium While calling for new critical methods that allow us to examine poetry beyond the limits of the accepted contemporary canon and beyond the terms in which canonical poetry is generally discussed and evaluated Beach also makes a compelling case for poetry and its continued vitality both as an aesthetic form and as a site for the creation of community and value
