Condominium And Sudanese Nationalism:

Condominium and Sudanese Nationalism Peter Woodward,1979 **The condominium and Sudanese nationalism, 1942-1975** P. R. Woodward,1975 *The Condominium and Sudanese Nationalism 1942-1955* Peter Woodward,1975

The Root Causes of Sudan's Civil Wars Douglas Hamilton Johnson,2003 Sudan s post independence history has been dominated by political and civil strife Most commentators have attributed the country s recurring civil war to either to an age old racial divide between Arabs and Africans or to recent colonially constructed inequalities This book attempts a more complex analysis briefly examining the historical political economic and social factors which have contributed to periodic outbreaks of violence between the state and its peripheries In tracing historical continuities it outlines the essential differences between the modern Sudan s first civil war in the 1960s and the current war It also looks at the series of minor civil wars generated by and contained within the major conflict as well as the regional and international factors including humanitarian aid which have exacerbated civil violence This introduction is aimed at students of North East Africa and of conflict and ethnicity It should be useful for people in aid and international organizations who need a straightforward analytical survey A History of the Sudan P.M. Holt,M. W. Daly,2014-09-11 A History of the Sudan by Martin Daly and PM Holt sixth edition has been fully revised and updated and covers the most recent developments that have occurred in Sudan over the last nine years including the crisis in Darfur The most notable developments that this text covers includes the decades long civil war in the South with the signing of the Comprehensive Peace Agreement in January 2005 the emergence of the Sudan as an oil producer and exporter and its resulting higher profile in global economic affairs notably as a partner of China the emergence of al Qaeda the relations of Sudanese authorities with Osama bin Laden whose headquarters were in the Sudan in the 1990s and the Sudanese government s complicated relations with the West This text is key introductory reading for any student of North Africa **The Sudanese Zār Ṭumbura Cult** Gerasimos Makris,2023-11-30 This book offers a historically sensitive ethnography of the z r umbura spirit possession cult associated with descendants of African slaves who live mainly in the area of Greater Khartoum Sudan It considers the history and transformations of umbura from the 19th century slaving era to the present post Islamist autocracy The chapters examine the umbura spiritual universe and ceremonial life its relation to the more popular female cult of z r bor and to other now extinct forms of celebrating the z r spirit s as well as umbura s combination of possession sorcery ancestor worship and f piety Based on long term fieldwork the study shows how successive generations of subaltern cult devotees construct a positive self identity based on an alternative reading of Sudanese history The author explores the edges of Sudanese Islamic religiosity and probes the limits of anthropological classifications concerning religious experience Situating umbura in its wider context the book discusses subaltern modes of historicity in their articulation with dominant conceptions of history traces the legacy of slavery and the role of memory and invites comparisons with Middle Eastern Sahelian and even New World societies regarding stigmatised

identities slavery race memory and history It will be of interest to scholars of anthropology history religious studies Islamic studies and African studies

Dividing the Nile David E. Mills, 2014 Most scholarship has attributed Sudanese independence in 1956 to British dominance of the Condominium historical animosity toward Egypt or the emergence of Sudanese nationalism Dividing the Nile counters that Egyptian entrepreneurs failed to develop a united economy or shared economic interests guaranteeing Egypt's loss of the Sudan It argues that British dominance of the Condominium may have stymied initial Egyptian efforts but that after the First World War Egypt became increasingly interested in and capable of economic ventures in the Sudan However early Egyptian financial assistance and the seemingly successful resolution of Nile waters disputes actually divided the regions while later concerted efforts to promote commerce and acquire Sudanese lands failed dismally Egyptian nationalists simply missed opportunities of aligning their economic future with that of their Sudanese brethren resulting in a divided Nile valley Dividing the Nile will appeal to historians social scientists and international relations theorists among those interested in Nile valley developments but its focused economic analysis will also contribute to broader scholarship on nationalism and nationalist theory

The End of the British Empire in the Middle East, 1952—1971 Wm. Roger Louis, 2025-02-20 The quarter century after the end of the Second World War and the transfer of power in India in 1947 marked the slow and turbulent dissolution of the British Empire in the Middle East Seeking to capture the period in its full complexity and contradictions acclaimed historian Wm Roger Louis here provides a through going account of the British Empire's gradual decline Unpicking the overlapping motivations of those across Britain the US and the Middle East the book demonstrates how and why enthusiasm for the British involvement in the region waned the chaotic ways in which the withdrawal unfolded and the importance of these events for understanding the region today The book explores the period in full detail from the overthrow of the Musaddiq government in Iran the Egyptian Revolution Sudan's independence and the events of the pivotal year of 1955 that set the stage for the Suez crisis the following year through the pivotal Suez crisis of 1956 itself to the crises of 1957 the Iraqi Revolution of 1958 and the 1967 Arab Israeli war and concluding with the collapse of the British position in Aden and the decision to withdraw from the Gulf a process completed by the end of 1971 This panoramic and comprehensive history draws on six decades work in archives across Europe the Middle East and the US including those from governmental archives and private papers and in multiple languages complemented by a considerable body of oral history testimony much of it acquired by the author through conversations with contemporary British politicians and officials In so doing the book sheds new light onto the nature and

complexity of the British Empire in its final days and the importance of understanding this history today **Class and Power in Sudan** Tim Niblock,1987-01-01 With the attention of the industrialized world focused on the political economic and social strife of Africa Tim Niblock travels to Sudan for a first hand investigation of the socio economic structure of that continent s largest country His findings hold significant implications for the wider context of Africa the Arab countries and the Third World His is a systematic and comprehensive study of Sudanese politics A country with immense economic potential possessing extensive tracts of cultivable but currently uncultivated land Sudan could emerge as a major source of food for the Arab world Yet it is threatened by famine while attempts at development are frustrated by civil war and political disarray Niblock examines the political economic and social factors that have shaped the country s development The fate of Sudan will be critical to the political stability of North East Africa and the Red Sea area and the Sudanese experience is instructive for underdeveloped countries as a whole *Sayyid 'Abd al-Raḥmān al-Mahdī* Hassan Ibrahim,2004-09-01 This is a pioneering scholarly study of the colourful career of Sayyid Abd al Ra m n al Mahd and his brainchild Neo Mahdism It explains his calculative strife to deal with the British onslaught on his father s Mahdiyya and to gradually attain the essence of its political and religious mission The discourse contests the long held presumption of Abd al Ra m n s subservience to Britain and portray s him as the architect of national independence and the Sudan s most towering celebrity in the 20th century It highlights al Sayyid s mastery of manipulation that perplexed occasionally paralysed British and Egyptian policy makers and explores his attempts to establish an inclusive religious and political system The book is important to scholars of Africa the Middle East and Islamic revivalism It may trigger revisits to similar leaders whose images could have likewise been unfairly tarnished Images of Empire Martin W. Daly,Jane R. Hogan,2005 This book combines important and often historic photographs with text to illustrate the value of photographs for the study of modern African history in general and of the Sudan Africa s largest country and one of its most varied Factional Conflict in the Sudanese Nationalist Movement, 1918-1948 Afaf Abdel Majid Abu Hasabu,1985 **Transforming Sudan** Alden Young,2018 This book traces the formation of the Sudanese state following the Second World War through a developmentalist ideology Egypt and the Struggle for Power in Sudan Rami Ginat,2017-08-24 A revised history of Egypt s doctrine of the unity of the Nile Valley tracing its struggle from monarchy to revolution The Sudan Handbook John Ryle,2011 The handbook offers a concise introduction to all aspects of the country rooted in a broad historical account of the development of the Sudanese state from publisher description **Bills of Rights and Decolonization** Charles Parkinson,2007-11-22 It presents an alternative perspective on the end of Empire by focusing upon one aspect of constitutional decolonization and the importance of the local legal culture in determining each dependency s constitutional settlement and provides a series of empirical case studies on the incorporation of human rights instruments into domestic constitutions when negotiated between a state and its dependencies More generally this book highlights Britain s human rights legacy to its former Empire **BOOK JACKET** The Sudanese

Communist Party Tareq Y. Ismael, 2015-12-22 This book serves as a case study of the Sudanese Communist Party and its impact as a grassroots movement that championed the Sudanese people. It accomplishes this by providing a rich narrative that details the SCP's inception, main players, important milestones, and values of the Party. In this narrative, the author not only delivers a comprehensive examination of the party components but also guides readers through their connections to one another and associates them with the party to Sudanese society at large. Using original party documents and interviews with leading figures, this book is the first time this subject has been detailed so extensively in one publication. It is also the only up-to-date work available on the subject and includes analysis of the most recent party congress and the division of the Sudan and creation of the newly independent Republic of South Sudan. **Second-Generation Liberation Wars** Yaniv Voller, 2022-02-24 An exploration of the strategies that both governments and insurgents employed in the liberation wars in Iraqi Kurdistan and South Sudan.
