The Condominium Concept Peter M Dunbar, 2024-06-03 The purpose of *The Condominium Concept* is to provide a practical guide for officers and board members of residential condominiums. It is not designed as a legal treatise for lawyers. The manual will, however, refer frequently to provisions of the law, helping its user understand the requirements that the law imposes on the operation of condominiums in Florida. Those familiar with prior editions of *The Condominium Concept* will find new references to the law presented in the footnotes of this edition and the references include key decisions from Florida courts. Condominiums are creatures of statute. The Florida Condominium Act governs their creation and their ongoing activities. The Act also addresses the rights of unit owners and the responsibilities of those who govern the condominium on their behalf. This edition of the *Concept* includes the changes to the Florida Statutes through the 2023 legislative session. There are forms and sample documents to help association officials comply with the procedural requirements regulating their duties. There is a shorthand guide to the rules of parliamentary procedure and forms to assist in conducting association meetings. Finally, there are frequent references to sections and paragraphs of the Florida Statutes, F.S., and the Florida Administrative Code, F.A.C., to give foundation to the commentary and to direct the reader to other source material if there is a need for more information.
