Confederate Exceptionalism Nicole Maurantonio, 2022-09-30

Along with Confederate flags the men and women who recently gathered before the Virginia Museum of Fine Arts carried signs proclaiming Heritage Not Hate. Theirs they said was an open and visible protest against those who attacked our flags, our ancestors, or our Heritage. How, Nicole Maurantonio wondered, did not hate square with a heritage grounded in slavery? How do so-called neo-Confederates distance themselves from the actions and beliefs of white supremacists while clinging to the very symbols and narratives that tether the Confederacy to the history of racism and oppression in America? The answer Maurantonio discovers is bound up in the myth of Confederate exceptionalism, a myth whose components, proponents, and meaning this timely and provocative book explores. The narrative of Confederate exceptionalism in this analysis updates two uniquely American mythologies: the Lost Cause and American exceptionalism, blending their elements with discourses of racial neoliberalism to create a seeming separation between the Confederacy and racist systems. Incorporating several methods and drawing from a range of sources including ethnographic observations, interviews, and archival documents, Maurantonio examines the various people, objects, and rituals that contribute to this cultural balancing act. Her investigation takes in official modes of remembering the Confederacy such as the monuments and building names that drive the discussion today, but it also pays attention to the more mundane and often subtle ways in which the Confederacy is recalled. Linking the different modes of commemoration, her work bridges the distance that believers in Confederate exceptionalism maintain while situated in history from the Civil War through the civil rights era. The book brings much needed clarity to the constitution, persistence, and significance of this divisive myth in the context of our time. **Civil**

Purgatory Jeff Mann, 2012. During the Civil War, two young soldiers on opposite sides find themselves drawn together. One is a war-weary but scholarly Southerner who has seen too much bloodshed, especially the tortures inflicted upon the enemy by his vicious commanding officer, his uncle. The other is a Herculean Yankee captured by the rag-tag Confederate band and forced to become a martyr for all the sins of General Sheridan's fires. When these two find themselves admiring more than one another's spirit and demeanor, when passions erupt between captor and captive, will this new romance survive the arduous trek to Purgatory Mountain? *A.D. wound at Second Manassas Among the thousands who served in what arguably was the most renowned combat unit in the Southern army Hood's Texas Brigade Campbell holds the dubious distinction of being the most wounded man sustaining six wounds during the course of the war Campbell praises Southern women who cared for soldiers along the railroad line from Richmond to Montgomery and recalls eating ten ears of green corn after three days of short rations and a hard day of fighting He recounts falling asleep on picket duty despite the fear of punishment by death and describes being under cannon fire and suffering a painful leg injury The terrible conditions of battle eating and sleeping too little marching and drilling too much cleaning weapons and standing watch in the rain and cold are vividly real under Campbell's pen which also praises his leaders Lee Jackson and other Confederate officers Skoch and Perkins have supplemented the record of Campbell's wartime service with his letters written during and after the war His remarkable firsthand account of life in the 5th Texas will find a permanent niche in the literature of the Civil War
