Alliance Strategy And Navies The Evolution And Scope Of Natos Maritime Dimension:

Alliance Strategy and Navies Robert S. Jordan,1990 **North Atlantic Treaty Organization** Phil Williams,2024-11-01
This volume consists of major books written in the English language on NATO as well as an extensive listing of journal articles that deal with various aspects of the Alliance All the major debates that have taken place over the last forty years are discussed *Naval Policy and Strategy in the Mediterranean* John B. Hattendorf,2013-11-05 Maritime strategy and naval power in the Mediterranean touches on migration the environment technology economic power international politics and law as well as calculations of naval strength and diplomatic manoeuvre These broad and fundamental themes are explored in this volume Routledge Handbook of NATO John Andreas Olsen,2024-06-10 This handbook provides a comprehensive survey of the development and importance of the North Atlantic Treaty Organisation NATO its role in international relations and its influence on history The volume examines the Alliance s evolution in breadth depth and context by analysing and explaining why and how NATO has endured and remained relevant since its creation To present an inclusive study of the Alliance s activities and milestone events and to offer a glimpse of future challenges the book s 29 chapters fall into six thematic sections that act as frameworks and allow the exploration of specific topics that pertain to the evolution of NATO Part I History of NATO 1949 2024 Part II Key Enduring Themes 1949 2024 Part III Military Operations 1995 2024 Part IV National Perspectives 1949 2024 Part V Regional Perspectives 1949 2024 Part VI Future Prospects 2024 This handbook will be of much interest to students and researchers of NATO strategic studies defence studies and International Relations as well as for staff and fellows at security and defence oriented think tanks and government officials military personnel and other practitioners in the areas of foreign affairs and defence **A Companion to Dwight D. Eisenhower** Chester J. Pach,2017-04-10 A Companion to Dwight D Eisenhower brings new depth to the historiography of this significant and complex figure providing a comprehensive and up to date depiction of both the man and era Thoughtfully incorporates new and significant literature on Dwight D Eisenhower Thoroughly examines both the Eisenhower era and the man himself broadening the historical scope by which Eisenhower is understood and interpreted Presents a complete picture of Eisenhower s many roles in historical context the individual general president politician and citizen This Companion is the ideal starting point for anyone researching America during the Eisenhower years and an invaluable guide for graduate students and advanced undergraduates in history political science and policy studies Meticulously edited by a leading authority on the Eisenhower presidency with chapters by international experts on political international social and cultural history **The United States, Norway and the Cold War, 1954-60** Mats R Berdal,2016-07-27 This study examines Norway s place in the strategic policies of the Eisenhower administration It is concerned above all with the operational level of American policy as expressed through the activities and war plans of government agencies and armed services It sheds new light on US intelligence activities and cooperation with Norway and Nordic countries including the U 2 incident the

evolution of US forward maritime strategy in the Atlantic and on planning for strategic air operations in the event of war

The New Europe Frances Scott,1991 **History of the Office of the Secretary of Defense** Steven L. Rearden,1984

One Hundred Years of Sea Power George W. Baer,1994-08-01 A navy is a state s main instrument of maritime force What it should do what doctrine it holds what ships it deploys and how it fights are determined by practical political and military choices in relation to national needs Choices are made according to the state s goals perceived threat maritime opportunity technological capabilities practical experience and not the least the way the sea service defines itself and its way of war This book is a history of the modern U S Navy It explains how the Navy in the century after 1890 was formed and reformed in the interaction of purpose experience and doctrine

A Diasporan Mormon's Life Robert S. Jordan,2009-02-05 Offering a glimpse into the lives of upwardly mobile Mormon professionals this series of personal essays by author Dr Robert S Jordan describes his odyssey as a third generation Mormon of polygamous descent whose family ascended from rural pioneer poverty to upper middle class social and economic success A Diasporan Mormons Life chronicles the life of Jordan a child of the Mormon Diasporans who left the social and cultural isolation of Utah for a more secular modern America This memoir describes his struggle to find his personal identity from the tensions created between his religious heritage and his secular upbringing Jordans life is remarkably varied He studied at East Coast and California high schools state universities such as UCLA and the University of Utah and institutions such as Princeton and Oxford He witnessed World War II the Korean War the Cold War Vietnam and survived Hurricane Katrina He lived in large urban centers and locations on the global periphery He engaged in academic research and teaching university administration and government service A searching informative and entertaining memoir enhanced with numerous photos this memoir distills and clarifies the experiences of his generation and contributes to the history and sociology of twentieth century Mormonism

From Hot War to Cold Jeffrey G. Barlow,2009-01-12 This book discusses the role of the U S Navy within the country s national security structure during the first decade of the Cold War from the perspective of the service s senior uniformed officer the Chief of Naval Operations and his staff It examines a variety of important issues of the period including the Army Navy fight over unification that led to the creation of the National Security Act of 1947 the early postwar fighting in China between the Nationalists and the Communists the formation of NATO the outbreak of the Korean War the decision of the Eisenhower Administration not to intervene in the Viet Minh troops siege of the French garrison at Dien Bien Phu and the initiation of the Eisenhower New Look defense policy The author relies upon information obtained from a wide range of primary sources and personal interviews with important senior Navy and Army officers The result is a book that provides the reader with a new way of looking at these pivotal events

European Security Bjørn Møller,2016-04-22 Europe has undergone quite profound changes since the end of the Cold War Having been a highly militarised conflict ridden and war ridden region the core of Europe today constitutes a security community where armed conflicts among the constituent states has become

inconceivable This comprehensive book offers a theoretically founded and thoroughly documented analysis of European security with a special emphasis on the role played by the United Nations and the various regional and sub regional organisations especially the North Atlantic Treaty Organisation the Organisation for Security and Cooperation in Europe the Council of Europe and the European Union When it comes to explaining peace in Europe opinions differ widely Some argue that it was only because the West refused to give in to Soviet threats that the latter eventually gave up or that the long peace in Europe was due to the combination of a bipolar alliance structure pitting the North Atlantic Treaty Organisation NATO against the Warsaw Pact with the presence of nuclear weapons on both sides Others point instead to the extraordinarily dense network of international institutions and organisations in Europe offering a wide panoply of fora in which to handle disputes peacefully or to the web of interdependence in economic and other affairs tying together all states in Europe in relations which militate strongly against war Still others believe that the external peace between the states in Europe is simply a reflection of a convergence of cultures democracies with marked economies that are open towards the world market These questions are the focal point of this book which concentrates on security albeit not in the sense of being a treatise on military matters but security obtainable by much more indirect and non military means It will be required reading for all students and scholars of European security and the organisations which underpin it

Special Bibliography Series ,1957
Special Bibliography Series United States Air Force Academy. Library,1991 *The new Europe : challenges for U.S. policy* ,1991 **NATO -- the 1990s** ,1993 The New Battle for the Atlantic Magnus F Nordenman,2019-06-15 In this book Magnus Nordenman explores the emerging competition between the United States and its NATO allies and the resurgent Russian navy in the North Atlantic This maritime region played a key role in the two world wars and the Cold War serving as the strategic link between the United States and Europe that enabled the flow of reinforcements and supplies to the European Allies Nordenman shows that while a conflict in Europe has never been won in the North Atlantic it surely could have been lost there With Vladimir Putin s Russia threatening the peace in Europe following the annexation of Crimea in 2014 the North Atlantic and other maritime domains around Europe are once again vitally important But this battle will in many ways be different Nordenman demonstrates due to an overstretched U S Navy the rise of disruptive technologies a beleaguered NATO that woke up to the Russian challenge unprepared for high end warfighting in the maritime domain and a Russia commanding a smaller but more sophisticated navy equipped with long range cruise missiles Nordenman also provides a set of recommendations for what the United States and NATO must do now in order to secure the North Atlantic in this new age of great power competition *Norstad: Cold-War NATO Supreme Commander* NA NA,2016-04-30 This book offers a biography of the most glamorous and powerful NATO Supreme Commander of the Cold War General Lauris Norstad as both a nuclear general and an international general His primary goal was to keep the Alliance together as he accommodated British and French nuclear ambitions while forestalling the same in West Germany He also was at the center

of the political military maneuverings over Berlin and the Soviet attempt to blackmail the West into recognizing East Germany all of which culminated in the building of the infamous Wall

NATO in the Post-Cold War Era S.

Papascoma,M. Heiss,2016-04-30 Established in 1949 the North Atlantic Treaty Organization NATO performed its assigned mission exceedingly well as it secured peace for its member states and avoided military confrontation between the superpowers during the remaining four decades of the Cold War But with the dramatic changes that began in 1989 an identity crisis has plagued NATO Whereas the Cold War years had essentially defined who would be fighting whom in a future conflict the uncertain post 1989 years are introducing new and possibly calamitous variables Despite the fact that hardly a voice has been heard calling for its dissolution and that states from the former Warsaw Pact are seeking membership NATO s members face the demanding task of defining the new strategic challenges and formulating appropriate policies and responses The articles in this volume combine to present a comprehensive investigation of the diverse problems confronting NATO The contributions each provide relevant historical backgroundbefore analyzing current conditions and projecting into the future An opening essay offers an overview of NATO after forty five years and is followed by others dealing with NATO s structural changes for the 1990s NATO s shifting strategy and NATO s developing connections with other international organizations such as the United Nations CSCE and the European Community The concluding part of the volume includes essays focusing on NATO s associations with the United States the Anglo American special relationship the Balkans the former Warsaw Pact states and the Middle East

Talking about Naval History John B. Hattendorf,2011

NOTE NO FURTHER DISCOUNT ON THIS PRINT PRODUCT OVERSTOCK SALE Significantly reduced list price Twenty essays selected from the writings of John B Hattendorf Ernest J King Professor of Maritime History at the U S Naval War College between 2001 and 2009 They represent a wide historical perspective that ranges across nearly four centuries of maritime history A number of these pieces have been published previously but have appeared in other languages and in other countries where they may not have come to the attention of an American naval reading audience This collection is divided into parts that deal with four major themes the broad field of maritime history general naval history with specific focus on the classical age of sail from the mid seventeenth century to the end of the Napoleonic Wars in 1815 the wide scope of American naval history from 1775 to the end of the twentieth century and finally the realm of naval theory and its relationship to naval historical studies They are reprinted with only minor alterations as they originally appeared This work may appeal to general history readers scholarly and general adult readers of history especially naval and maritime plus students pursuing coursework in military science degree programs Other related products Fundamentals of War Gaming Print Paperback format can be found here https://bookstore.gpo.gov/products/sku/008_046_00299_1 Print Hardcover format can be found here https://bookstore.gpo.gov/products/sku/008_046_00269_0 Nineteen Gun Salute Case Studies of Operational Strategic and Diplomatic Naval Leadership During the 20th and Early 21st Centuries can be found here <https://bookstore.gpo.gov/products>
