Pageants and Processions Herman du Toit,2009-10-02 Nowadays pageants often take the form of parades of effervescent young women competing for popular recognition in hyped up media events However these beauty pageants are a mere pastiche of the elaborate historical parades of the medieval period that took significant social religious or civic events and their protagonists as subjects Pageants were historically characterized by resplendent costuming and elaborate processions that were often given to much pomp and ceremony Pageantry has formed an important part of the civic life of most societies both ancient and modern serving a variety of cultural and political purposes The use of drama and public spectacle as an instrument of civic social and religious activism has recently become the focus of renewed academic inquiry The essays in this interdisciplinary anthology provide carefully researched insights into the phenomenon of pageantry over the centuries and across broad cultural boundaries

Wild Animal Skins in Victorian Britain Ann C. Colley,2016-02-11 What did the 13th Earl of Derby his twenty two year old niece Manchester s Belle Vue Zoo and even some ordinary laborers all have in common All were avid collectors and exhibitors of exotic and frequently unruly specimens In her study of Britain s craze for natural history collecting Ann C Colley makes extensive use of archival materials to examine the challenges preoccupations and disordered circumstances

that attended the amassing of specimens from faraway places only vaguely known to the British public As scientific institutions sent collectors to bring back exotic animals and birds for study and classification by anatomists and zoologist it soon became apparent that collecting skins rather than live animals or birds was a relatively more manageable endeavor Colley looks at the collecting exhibiting and portraying of animal skins to show their importance as trophies of empire and representations of identity While a zoo might display skins to promote and glorify Britain s colonial achievements Colley suggests that the reality of collecting was characterized more by chaos than imperial order For example Edward Lear s commissioned illustrations of the Earl of Derby s extensive collection challenge the colonial s or collector s commanding gaze while the Victorian public demonstrated a yearning to connect with their own wildness by touching the skins of animals Colley concludes with a discussion of the metaphorical uses of wild skins by Gerard Manley Hopkins and other writers exploring the idea of skin as a locus of memory and touch where one s past can be traced in the same way that nineteenth century mapmakers charted a landscape Throughout the book Colley calls upon recent theories about the nature and function of skin and touch to structure her discussion of the Victorian fascination with wild animal skins

the ways in which a society thinks or acts Smells also help to distinguish between male and female citizens and strangers and play an important role during rituals The Smells and Senses of Antiquity in the Modern Imagination focuses on the representation of ancient smells both enticing and repugnant in the visual and performative arts from the late 18th century up to the 21st century The individual contributions explore painting sculpture literature and film but also theatrical performance museum exhibitions advertising television series historical reenactment and graphic novels which have all played a part in reshaping modern audiences perceptions and experiences of the antique **Lawrence Alma-Tadema** Rosemary J.
