Marxism and the Failure of Organised Socialism in Spain, 1879-1936 Paul Heywood, 2003-02-13 This is the first full length study in English of the role of Marxist theory in the Spanish Socialist movement prior to the outbreak of Civil War in 1936 In particular the author stresses the intellectual poverty of this aspect of leftwing politics in Spain In concentrating on the Partido Socialista Obrero Español PSOE the major organised party of the left prior to the Civil War the study seeks to achieve two main aims first to attempt to isolate the political social and intellectual factors which led to a particularly distorted version of Marxism which became established in Spain at the end of the nineteenth century and second to demonstrate how this particular conception of Marxism had a crucial negative impact on the political formulations and fortunes of the PSOE between 1879 and 1936 The central argument of the book is that the significance of Spanish Marxism lay precisely in its poverty since it was this decaffeinated version of the theory which set the parameters within which the PSOE formulated its strategy for socialism **Cuadernos para investigación de la literatura hispánica** ,2007
