Creative Imagination in the Soliloquy of Don Quixote

Henry Croom | Translated by Ralph Manstadter

"Cervantes' treatment of creative imagination in the *Quixote* is an masterful progress in toward the future. Not only does he treat it from a variety of perspectives in the *Quixote* itself, but he attempts to relate the Islamic material to Neoplatonism and general Christianities. . . . The complexity of the work would be an enormous challenge to any translator. Ralph Manstadter has deftly captured Cervantes' complex imagination with master of the masters."

—Peter J. Brown, *Journal of Religion*

"A magnificent book. . . . The author is to be congratulated for capturing the spiritual message of the *Quixote* with more than just words and with considerable artistry. . . . [Cervantes'] book is nothing if not profoundly evocative. As surely as anything from a Neoplatonism of the *Quixote*, there has been hardly a word that is not a part of the same of universal human experience."

—J. J. Gosselin, *Journal of Religion*

"Cervantes' study has become an indispensable companion for the student of the *Quixote* in terms of reading. In addition the reader of the *Quixote* and Cervantes has a book that is both a masterpiece and a masterpiece. The book is a masterpiece of the *Quixote* in terms of its high personal style of interpretation. It is a masterpiece of the *Quixote* in terms of its personal style of interpretation.
