Already Dead A California Gothic:

Already Dead Denis Johnson, 1997 The protagonist is Nelson Fairchild a rich man's son who grows marijuana in California and who has cheated a dealer If he doesn't settle his debt he will be killed But the person who holds the purse strings is his wife and she won't give him money so Fairchild decides to kill her California Gothic: The Dark Side of the Dream Charles L. Crow, 2024-01-16 California Gothic explores the California dream and its dark inversion as a nightmare as illustrated in fiction poetry and film California began as a literary invention a magic island in a Spanish romance before conquistadors first visited the land From early days to the present the California dream of happiness in a land of new beginnings has been maintained by suppression of disturbing realities above all the destruction of native peoples and by events and facts such as the tragedy of the Donner Party the persistence of poverty and crime in the golden land disturbing crimes such as the Black Dahlia and pandemics and ecological disaster This book explores a rich Gothic tradition that exposes the repressed past and imagines the fates awaiting a failed California *California Gothic* Douglas Saylor, 2011 **Outside, America** Hikaru Fujii, 2013-04-25 The idea of the outside as a space of freedom has always been central in the literature of the United States This concept still remains active in contemporary American fiction however its function is being significantly changed *Outside America* argues that among contemporary American novelists a shift of focus to the temporal dimension is taking place No longer a spatial movement the quest for the outside now seeks to reach the idea of time as a force of difference a la Deleuze by which the current subjectivity is transformed In other words the concept is taking a temporal turn Discussing eight novelists including Don DeLillo Richard Powers Paul Theroux and Annie Proulx each of whose works describe forces of given identities masculine identity historical temporality and power etc which block quests for the outside Fujii shows how the outside in these texts ceases to be a spatial idea With due attention to critical and social contexts the book aims to reveal a profound shift in contemporary American fiction Haints Arthur F. Redding, 2011-09-15 In *Haints* Arthur Redding examines the work of contemporary American authors who draw on the gothic tradition in their fiction not as frivolous or supernatural entertainments but to explore and memorialize the ghosts of their heritage Ghosts Redding argues serve as lasting witnesses to the legacies of slaves and indigenous peoples whose stories were lost in the remembrance or mistranslation of history No matter how much Americans willingly or unwillingly repress the true history of their ancestry their ghosts remain unburied and restless Such authors as Toni Morrison and Leslie Marmon Silko deploy the ghost as a means of reconciling their own violently repressed heritage with their identity as modern Americans And just as our ancestors were haunted by ghosts of the past today we are haunted by ghosts of contemporary crises urban violence racial hatred and even terrorism In other cases that Redding studies such as James Baldwin's *The Evidence of Things Not Seen* and Toni Cade Bambara's *Those Bones Are Not My Child* writers address similar crises to challenge traditional American claims of innocence and justice Finally Redding argues that ghosts emphasize a growing worry about a larger impending crisis the

apocalypse Yet the despair the apocalypse inspires is vital to providing the grounds for new solutions to modern issues In the end the armies of the dispossessed enlist the forces of the spirit world to create a better future by ensuring that mistakes of the past are not repeated that Americans do not deny their heritage and that accountability exists for any given crisis book jacket SPIN ,1997-09 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today s most innovative sounds Whether covering what s new or what s next SPIN is your monthly VIP pass to all that rocks New York Magazine ,1997-08-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **New York Magazine** ,1997-08-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Serial Killers Mark Seltzer,2013-09-13 In this provocative cultural study the serial killer emerges as a central figure in what Mark Seltzer calls America s wound culture From the traumas displayed by talk show guests and political candidates to the violent entertainment of Crash or The Alienist to the latest terrible report of mass murder we are surrounded by the accident from which we cannot avert our eyes Bringing depth and shadow to our collective portrait of what a serial killer must be Mark Seltzer draws upon popular sources scholarly analyses and the language of psychoanalysis to explore the genesis of this uniquely modern phenomenon Revealed is a fascination with machines and technological reproduction with the singular and the mass with definitions of self other and intimacy What emerges is a disturbing picture of how contemporary culture is haunted by technology and the instability of identity Girls on the Verge Vendela Vida,2025-06-25 In a fascinating look at how young women are coming of age in America Vendela Vida s Girls on the Verge explores a variety of rituals that girls have adapted or created in order to leave their childhoods behind Vida doesn t just observe the rituals she actively participates in them going as far as spending a week at UCLA to experience rush she emerges a Tri Delt She also goes to Miami to learn about the quince the Latin American celebration of a girl s fifteenth birthday to Houston to take part in a debutante ball to Los Angeles and San Francisco to talk to female gang members to Salem Massachusetts to interview a coven of witches and to Las Vegas to watch young brides take the plunge some of them in drive through wedding chapels With humor insight and illuminating detail she explores girls struggles to

American Women s Regionalist Fiction Mapping the Gothic seeks to redress the monolithic vision of American Gothic by analyzing the various sectional or regional attempts to Gothicize what is most claustrophobic or peculiar about local history Since women writers were often relegated to inferior status it is especially compelling to look at women from the Gothic perspective The regionalist Gothic develops along the line of difference and not unity thus emphasizing regional peculiarities or a sense of superiority in terms of regional history natural landscapes immigrant customs folk tales or idiosyncratic ways The essays study the uncanny or the haunting quality of the commonplace as Hawthorne would have it in his introduction to *The House of the Seven Gables* in regionalist Gothic fiction by a wide range of women writers between ca 1850 and 1930 This collection seeks to examine how if the regionalist perspective is small limited and stultifying and leads to Gothic moments or whether the intersection between local and national leads to a clash that is jarring and Gothic in nature
