The Alternative Service Book 1980 ,1980 **The Language of Liturgy** David Jasper,2025-01-28 How language works in the worship of the church has been vigorously debated during the period of liturgical revision in the twentieth century coming at the end of what is known as the Liturgical Movement Focussing upon the Church of England and the Anglican tradition this book traces the history of liturgical language as it begins in the early Church but with particular emphasis upon the English Reformation liturgies their background in the medieval Church and literature and their long and varied life in the Church of England after 1662 Inter disciplinary in scope yet rooted in a literary approach the volume provides a rigorous study of the effect of liturgy upon the theological and devotional life of the Church Anglican Confirmation 1945-2000 Phillip Tovey,2025-06-27 The focus of this book is the theology liturgy and practice of Anglican Confirmation from 1945 to 2000 It is the third book in a series on Anglican Confirmation The first chapters look at confirmation on a global and ecumenical level How have questions about the place and performance of confirmation changed Then there is a series of case studies from North America Europe and the wider world Two chapters are on the theology and practice of the Church of England Attention is given to liturgical reform theological discussion and practice including statistics In some chapters there are case studies of individual dioceses or bishops to give snapshots of theology in action This book uses innovative visualization techniques to present data and uses textual network analysis to map the interrelationships of provinces at a liturgical level The ecumenical baptismal unity agenda from Vatican 2 and the World Council of Churches underlies the theological critique This will be of great value to those in liturgical studies church history Anglican studies and to all bishops and clergy involved in confirmation *Fight Valiantly* Tom Clammer,2019-06-30 There is a clear lack in the Church of England of a coherent and thought through treatment of evil and the devil within the texts which the Church of England traditionally identifies as the repositories of doctrine Focusing on initiation healing and deliverance liturgies within the church *Fight Valiantly* seeks to rectify that defecit considering the Church of England s liturgical practice in the parishes and highlighting the present danger of worshippers receiving an inconsistent and potentially incoherent account of the relationship with evil **Eucharistic Sacramentality in an Ecumenical Context** David J. Kennedy,2016-04-22 This book explores the epiclesis or invocation of the Holy Spirit in the Eucharistic Prayer using the Anglican tradition as an historical model of a communion of churches in conscious theological and liturgical dialogue with Christian antiquity Incorporating major studies of England North America and the Indian sub Continent the author includes an exposition of Inter Church ecumenical dialogue and the historic divisions between western and eastern Eucharistic traditions and twentieth century ecumenical endeavour This unique study of the relationship between theology and liturgical text commends a theology and spirituality which celebrates the presence of the Holy Spirit in the Eucharist as present and eschatological gift It thus sets historic contemporary and ecumenical divisions in a new theological context Anglican Orders R. William

Franklin,1996-06-01 This review of the Apostolicae Curae presents six essays by American and British contributors both Anglican and Roman Catholic on the 100th anniversary of the papal condemnation of Anglican Orders The book also includes the English translation of the original papal document and the Anglican response to it at that time An introduction by R William Franklin describes the history of the tensions between the two churches and the theological differences between them Franklin helps the reader understand the relevance of these 100 year old documents to today s ecumenical concerns and hopes From the Foreword This forthright and unequivocal pronouncement which the Roman Catholic Church has never rescinded or modified is of such critical importance to the Anglican Roman Catholic relations that it deserves to be memorialized in print a hundred years later and to be examined in depth both on the account of the arguments it deployed and of the consequences that have flowed and still flow from it Hugh Montefiore Bishop of Birmingham ret
