Alternative Visions Paths In The Global Village:

Alternative Visions Fred Dallmayr, 1998-04-02 Globalization is often seen as a process of universal standardization under the auspices of market economics technology and hegemonic power Resisting this process without endorsing parochial self enclosure Fred Dallmayr explores alternative visions that are rooted in distinct vernacular traditions and facilitate cross cultural learning in an open ended global arena Dallmayr charts a grassroots approach to the global village an approach that relies on ethical and religious traditions and popular beliefs as launching pads for cross cultural learning dialogue and self transformation Truly interdisciplinary in nature *Alternative Visions* combines general philosophy the philosophy of religion and political cultural and post colonial theory It is an important book for students and scholars in all of these areas of study

Border Crossings Fred Reinhard Dallmayr, 1999-01-01 Comparative political theory is at best an embryonic and marginalized endeavor As practiced in most Western universities the study of political theory generally involves a rehearsal of the canon of Western political thought from Plato to Marx Only rarely are practitioners of political thought willing and professionally encouraged to transgress the canon and thereby the cultural boundaries of North America and Europe in the direction of genuine comparative investigation *Border Crossings* presents an effort to remedy this situation fully launching a new era in political theory Thirteen scholars from around the world examine the various political traditions of West South and East Asia and engage in a reflective cross cultural discussion that belies the assumptions of an Asian essence and of an unbridgeable gulf between West and non West The denial of essential differences does not however amount to an endorsement of essential sameness As viewed and as practiced by contributors to this ground breaking volume comparative political theorizing must steer a course between uniformity and radical separation this is the path of border crossings

New Approaches to Comparative Politics Jennifer S. Holmes, 2008-01-01 The field of comparative politics traditionally has been divided into two camps on the one hand quantitatively driven work on a broad scale on the other more qualitative area studies This edited collection promotes a new approach to comparative politics theoretically informed comparative analysis The contributors essays are innovative in their interweaving of case studies of the political situations in particular regions from the United States to Colombia to Mali with the project of political theorizing **In Search of the Good Life**

Fred Dallmayr, 2007-08-31 The great German novelist Thomas Mann implored readers to resist the persistent and growing militarism of the mid twentieth century To whom should we turn for guidance during this current era of global violence political corruption economic inequality and environmental degradation For more than two millennia the world s great thinkers have held that the ethically good life is the highest purpose of human existence Renowned political philosopher Fred Dallmayr traces the development of this notion finding surprising connections among Aristotelian ethics Abrahamic and Eastern religious traditions German idealism and postindustrial social criticism In Search of the Good Life does not offer a blueprint but rather invites readers on a cross cultural quest Along the way the author discusses the teachings of Aristotle Confucius Nicolaus of Cusa Leibniz and Schiller in addition invoking more recent writings of Gadamer and Ricoeur as guideposts and sources of hope during our troubled times Among contemporary themes Dallmayr discusses are the role of the classics in education proper and improper ways of spreading democracy globally the possibility of transnational citizenship the problem of politicized evil and the role of religion in our predominantly secular culture Dallmayr restores the notion of the good life as a hallmark of personal conduct civic virtue and political engagement and as the road map to enduring peace In Search of the Good Life seeks to arouse complacent and dispirited citizens guiding them out of the distractions of shallow amusements and perilous resentments in the direction of mutual learning and civic pedagogy a direction that will enable them to impose accountability on political leaders who stray from fundamental ethical standards

The International Political Thought of Carl Schmitt Louiza Odysseos, Fabio Petito, 2007-03-06 Presenting the first critical analysis of Carl Schmitt s The Nomos of the Earth and how it relates to the epochal changes in the international system that have risen from the collapse of the Westphalian international order There is an emerging recognition in political theory circles that core issues such as order social justice rights need to be studied in their global context Schmitt s international political thought provides a stepping stone in these related paths offering an alternative history of international relations of the genesis achievements and demise of the Westphalian system Writing at a time when he believed that the spatial political and legal order the nomos of the earth had collapsed he highlighted the advent of the modern state as the vehicle of secularization tracing how this interstate order was able to limit and rationalize and humanize war Providing a large number of case studies including global terrorism humanitarian intervention and US hegemony this book will give further impetus to and expand the nascent debate on the significance of Schmitt s legal and political thought for international politics The International Political Thought of Carl Schmitt will be of interest to students and scholars of international relations law and history

Universal Human Rights in a World of Difference Brooke A. Ackerly, 2008-06-26 From the diverse work and often competing insights of women s human rights activists Brooke Ackerly has written a feminist and a universal theory of human rights that bridges the

relativists concerns about universalizing from particulars and the activists commitment to justice Unlike universal theories that rely on shared commitments to divine authority or to an enlightened way of reasoning Ackerly s theory relies on rigorous methodological attention to difference and disagreement She sets out human rights as at once a research ethic a tool for criticism of injustice and a call to recognize our obligations to promote justice through our actions This book will be of great interest to political theorists feminist and gender studies scholars and researchers of social movements Journeys to the Other Shore Roxanne Leslie Euben,2006 The contemporary world is increasingly defined by dizzying flows of people and ideas But while Western travel is associated with a pioneering spirit of discovery the dominant image of Muslim mobility is the jihadi who travels not to learn but to destroy Journeys to the Other Shore challenges these stereotypes by charting the common ways in which Muslim and Western travelers negotiate the dislocation of travel to unfamiliar and strange worlds In Roxanne Euben s groundbreaking excursion across cultures geography history genre and genders travel signifies not only a physical movement across lands and cultures but also an imaginative journey in which wonder about those who live differently makes it possible to see the world differently This extraordinary book shows that curiosity about the unknown the quest to understand foreign cultures critical distance from one s own world and the desire to remake the foreign into the familiar are not the monopoly of any single civilization or epoch Euben demonstrates that the fluidity of identities cultures and borders associated with our postcolonial globalized world has a long history one shaped not only by Western power but also by an Islamic ethos of travel in search of knowledge Publisher s description *Constellations of the Transnational* ,2015-06-29 In the wake of proliferating discourses around globalisation and culture some central questions around cultural politics have acquired a commonsensical and hegemonic character in contemporary intellectual discourse The politics of difference the possibilities of hybridity and the potential of multiple liminalities frame much discussion around the transnational dimensions of culture and post identity politics In this volume the economic political and social consequences of the focus on culture in contemporary theories of globalization are analysed around the disparate fields of architecture museum discourse satellite television dub poetry carnival and sub national theatre The discourses of hybridity diaspora cultural difference minoritization are critically interrogated and engaged with through close analysis of cultural objects and practices The essays thus intervene in the debate around modernity globalization and cultural politics and the volume as a whole provides a critical constellation through which the complexity of transnational culture can be framed Thinking through the particular the essays limn the absent universality of forms of capitalist globalization and the volume as a whole provides multiple perspectives from which to enter the singular modernity of our times in all its complexity Europe and Asia beyond East and West Gerard Delanty,2006-10-03 This major new book tackles key questions on Europe in the context of shifting parameters of East and West The contributors sociologists anthropologists philosophers and historians show from a variety of different perspectives that the conventional equation of Europe with the West must be questioned Featuring four

thematically organized chapters the book looks at a post Western world Asia in Europe encounters in history between Europe and Asia otherness in Europe and Asia Exploring new expressions of European self understanding in a way that challenges recent ideological notions of the clash of civilizations this outstanding work draws on recent scholarship that shows how Europe and Asia were mutually linked in history and in contemporary perspective It argues that as a result of current developments and the changing geopolitical context both Europe and Asia have much in common and that it is possible to speak of cosmopolitan links rather than clashes This book will be of great value to students and researchers in the fields of sociology European politics and history and cultural theory **Towards the Dignity of Difference?** Mojtaba

Mahdavi,2016-02-24 The rise of popular social movements throughout the Middle East North Africa Europe and North America in 2011 challenged two hegemonic discourses of the post Cold War era Francis Fukuyama s The End of History and Samuel Huntington s The Clash of Civilizations The quest for genuine democracy and social justice and the backlash against the neoliberal order is a common theme in the global mass protests in the West and the East This is no less than a discursive paradigm shift a new beginning to the history a move towards new alternatives to the status quo This book is about difference and dialogue it embraces The Dignity of Difference and promotes dialogue However it also demonstrates the limits of dialogue as a useful and universal approach for resolving conflicts particularly in cases involving asymmetric and unequal power relations The distinguished group of authors suggests in this volume that there is a third way of addressing global tensions one that rejects the extremes of both universalism and particularism This third way is a radical call for an epistemic shift in our understanding of us other and good evil a radical approach toward accommodating difference as well as embracing the plural concept of the good The authors strengthen their alternative approach with a practical policy guide by challenging existing policies that either exclude or assimilate other cultures that wage the constructed global war on terror and that impose a western neo liberal discourse on non western societies This important book will be essential reading for all those studying civilizations globalization foreign policy peace and security studies multiculturalism and ethnicity regionalism global governance and international political economy Travelling Concepts for the Study of Culture Birgit

Neumann,Ansgar Nünning,2012-10-01 Bringing together innovative and internationally renowned experts this volume provides concise presentations of the main concepts and cutting edge research fields in the study of culture rather than the infinite multitude of possible themes More specifically the volume outlines different models for the study of culture explores avenues for interdisciplinary exchange assesses key concepts and traces their travels across various disciplinary historical and national contexts To trace the travelling of concepts means to map both their transfer from one discipline approach or culture of research to another and also to identify the transformations which emerge through these processes of transfer The volume serves to show that working with travelling concepts provides a unique strategy for research and research design which can open up a wide range of promising perspectives for interdisciplinary exchange It offers an exemplary overview of

an interdisciplinary and international approach to the travelling concepts that organize structure and shape the study of culture In doing so the volume serves to initiate a dialogue that exceeds disciplinary and national boundaries and introduces a self reflexive dimension to the field thus affording a recognition of how deeply disciplinary premises and nation specific research traditions affect different approaches in the study of culture

Perspectives on Global Culture Ramaswami Harindranath, 2006-06-16 A cogent and incisive exploration of many of the key debates at the heart of postcolonial cultural studies with a timely focus on the underside of the much hyped process of globalisation David Morley Professor of Communications Goldsmiths College UK Rawaswami Harindranath s lively book provides us with a comprehensive and engaging overview of the views from the margins in the global debate about globalisation and culture Written with admirable clarity this book fills in the blind spots of much Western theorising of the underside of globalisation and makes a forceful argument for a truly critical and non Eurocentric cosmopolitanism Professor Ien Ang ARC Professorial Fellow University of Western Sydney This book explores significant aspects of the cultural and social impact of globalization on the developing world by examining intellectual contributions and cultural expression in Latin America Africa and South and South East Asia How do we understand and conceptualize the underside of globalization How can voices from the margins challenge dominant discourses In what ways do culture wars contribute to the politics of nationalism indigeneity and race The book surveys key debates on the politics of representation and cultural difference paying particular attention to issues such as subalternity cultural nationalism third cinema multiculturalism and indigenous communities It offers an original synthesis of ideas on these topics and traces the lines of connection between national cultural and political projects during anti colonial struggles and more contemporary forms of national and transnational cinema and television Harindranath invites us to consider non metropolitan cultural forms in the context of contemporary issues relating to the politics of difference Perspectives on Global Culture is important reading for students and researchers in media and cultural studies and sociology as well as for those interested in debates on race and ethnicity

Comparative Ethics in a Global Age Mariëtta Tigranovna Stepaniants, 2007

Romano Guardini Romano Guardini, 2023-03-01 This book is not just a history To be sure it offers an historical account of the life of Romano Guardini 1885 1968 as recounted by Guardini himself However it is not simply about the past Precisely because it deals with the life of a faithful and thoughtful person the book is also about the present and projects itself into the future For as Guardini always insisted leading a thoughtful and faithful life means being oriented toward the good life that is toward the vision of a just and loving community This orientation does not just happen by itself nor can it be imposed or dictated from above but has to be nurtured steadily by hearts open to the voice of the Spirit and the call of truth Seen in this way Romano Guardini occupies a crucial place in the world in his world in ours and in the world to come As he emphasizes beautifully at the end of his memoir Narratives of My Life Autobiographical Notes he never considered himself as an isolated individual nor as the spokesman of a dominant ideology or doctrine Rather his work was

always energised by and in dialogue with a broader context a context which one of his mentors Max Scheler aptly called the life world *Contemporary Chinese Political Thought* Fred Reinhard Dallmayr, Tingyang Zhao, 2012-06-21 Westerners seem united in the belief that China has emerged as a major economic power and that this success will most likely continue indefinitely But they are less certain about the future of China's political system China's steps toward free market capitalism have led many outsiders to expect increased democratization and a more Western political system The Chinese however have developed their own version of capitalism Westerners view Chinese politics through the lens of their own ideologies preventing them from understanding Chinese goals and policies In *Contemporary Chinese Political Thought Debates and Perspectives* Fred Dallmayr and Zhao Tingyang bring together leading Chinese intellectuals to debate the main political ideas shaping the rapidly changing nation Investigating such topics as the popular China Model the resurgence of Chinese Confucianism and its applications to the modern world and liberal socialism the contributors move beyond usual analytical frameworks toward what Dallmayr and Zhao call a dismantling of ideological straitjackets Comprising a broad range of opinions and perspectives *Contemporary Chinese Political Thought* is the most up to date examination in English of modern Chinese political attitudes and discourse Features contributions from Ji Wenshun Zhou Lian Zhao Tingyang Zhang Feng Liu Shuxian Chen Ming He Baogang Ni Peimin Ci Jiwei Cui Zhiyuan Frank Fang Wang Shaoguang and Cheng Guangyun

Alternative Visions Paths In The Global Village: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
