Bolger, 2005-12-01 The emerging church movement is perhaps the most significant church trend of our day The emerging church offers and encourages a new way of doing and being the church While it largely resonates with an eighteen to thirty four year old audience the first fully postmodern generation it is also gaining popularity with older Christians and encompasses a broad array of traditional and contemporary churches *Emerging Churches* explores this movement and provides insight into its success Filled with the latest research and interesting anecdotal testimonies from those on the cutting edge of ministry this book provides pastors church leaders and interested readers with an insightful glimpse into the thriving churches of today and tomorrow Connecting the Dots Peter Rudowski, 2009-04-09 We have learned from nature that animal and plant life thrives when all the systems of their surroundings are in harmony The same can be said for human institutions When the organizational systems of human institutions are in harmony the organization thrives This book identifies the interaction of eight organizational components that promote creative ministry in the Christian church setting The author combines biblical study management theory and hard earned experience to help church leaders understand and use organizational systems to maximize their ministry Connect the dots of these eight components for effective ministry in the 21st century *Answer to the Form of Libel* William Robertson Smith, 1878 The Smith Heresy Case ... , 1877

have one thing in common we are experiencing identity crises Religious traditions are not immune to these crises and orthodox Anglicans have been experiencing their own issues with identity since the 2003 consecration of an openly homosexual man Orthodox Anglicans want to say who they are as both orthodox and Anglican but they are also finding it difficult to articulate a clear and coherent identity especially an Anglican one This orthodox Anglican pursuit of a renewed sense of self in a complex and fragmented world is a microcosm of our postmodern context and an examination of their quest holds enticing clues to our own urgent searches for meaning and identity Think of this book as a kind of story the story of a worldwide church who when its identity was threatened took counsel together to renew and revitalize its sense of self In the process it not only faced many dangers and difficulties but also learned much about who it was and who it wanted to be
