variety of sources The book was originally targeted at a Finnish audience and so its translation requires interpreters two architect scholars who knew Mikkola well Juhani Pallasmaa and Aino Niskanen The book also sheds light on a young generation of Finnish architects that distanced itself from Aalto as a role model pinpointed here by the inclusion of the essay Snowballs 1948 by Aulis Blomstedt Often quoted by Finnish architectural scholars the publication finally of an English translation of Mikkola's book will appeal to those international scholars and students who have been aware of the lack of critical perspectives from Aalto's Finnish architect contemporaries Alvar Aalto and The Art of Landscape Teija Isohauta, 2022-03-14 Alvar Aalto and The Art of Landscape captures the essence of the Finnish architect's landscape concept emphasising culture and tradition which characterised his approach to and understanding of architecture as part of the wider environment From the forests of his youth to sights from his travels Alvar Aalto 1898 1976 was influenced by outdoor landscapes Throughout his career he felt the need to shape the terrain and this became a signature of his architecture Divided into five chapters this book traces Aalto's relationship with landscape starting with an analysis of his definitions and descriptions of landscape language which ranged from natural references and biological terms to synonyms and comparisons It includes beautifully illustrated case study projects from the 1950s and 1960s discussing Aalto's transformation of different landscapes through topography terracing and tiers ruins and natural elements horizon outlines landmarks and the repetition of form Featuring archival sketches garden drawings and plans the book also contains Aalto's text Architecture in the Landscape of Central Finland from 1925 in the appendix This book provides fascinating untold insights into Aalto's relationship with landscape and how this developed during his lifetime for scholars researchers and students interested in architecture and landscape history landscape art and cultural studies *Alvar Aalto, the Early Years* Göran Schildt, 1984 Alvar Aalto Demetri Porphyrios, Alvar Aalto, Raija-Liisa Heinonen, 1978 R sum Res mee Sommario Resumen

Architecture of the Essential Pirkko Tuukkanen, 1994 In the personality of Alvar Aalto idealism and realism combined like the poles of a dynamo whose opposing forces form the source of its energy He was a creative artist and idealist for whom social and technical issues were also at the very core of his architectural oeuvre A significant but less known phase of Aalto's life work occurred during and immediately after the 2nd World War the subsequent reconstruction period of Finnish society The nation was in a state of crisis material and technical resources down to a minimum but Aalto reacted to this situation energetically realistically and with a great deal of optimism developing innumerable projects from simple standard housetypes to large scale reconstruction and planning strategies The extreme circumstances following the aftermath of war forced people to re-evaluate what was essential and necessary and to eliminate all excess An inventive mind might manage to create more from less The present state of the world is also in a situation which requires serious evaluation and balancing of values and resources This year's symposium is held in a climate of economic and social upheaval In rich industrial countries the consumer fling is over and the global balance is precarious to say the least We have chosen the title of the symposium to

stress the need to discuss what should be the essence of the art and technique of building when all that one can afford are the basic essentials This discussion does not revolve around questions of architectural style but rather on the fundamental material and spiritual living conditions vital for our culture to survive and prosper Alvar Aalto's partner Elissa Aalto was a central figure in the organisation of all the symposiums since 1976 She took part actively also in the planning of this year's symposium until her death in Spring 1994 Foreword **Alvar Aalto** Alvar Aalto,1975 [Lonely Planet Finland](#) Barbara Woolsey,Paula Hotti,John Noble,2023-09.html Lonely Planet's Finland is our most comprehensive guide that extensively covers all the country has to offer with recommendations for both popular and lesser known experiences Relax in a traditional Finnish sauna meet reindeers in Lapland and admire creative design in Helsinki all with your trusted travel companion Inside Lonely Planet's Finland Travel Guide Lonely Planet's Top Picks a visually inspiring collection of the destination's best experiences and where to have them Itineraries help you build the ultimate trip based on your personal needs and interests Local insights give you a richer more rewarding travel experience whether it's history people music landscapes wildlife politics Eating and drinking get the most out of your gastronomic experience as we reveal the regional dishes and drinks you have to try Toolkit all of the planning tools for solo travellers LGBTQIA travellers family travellers and accessible travel Colour maps and images throughout Language essential phrases and language tips Insider tips to save time and money and get around like a local avoiding crowds and trouble spots Covers Helsinki Turku and the South Coast land Archipelago Tampere Pirkanmaa and H me the Lakeland Karelia West Coast Oulu Kainuu and Koillismaa Lapland and more About Lonely Planet Lonely Planet a Red Ventures Company is the world's number one travel guidebook brand Providing both inspiring and trustworthy information for every kind of traveller since 1973 Lonely Planet reaches hundreds of millions of travellers each year online and in print and helps them unlock amazing experiences Visit us at [lonelyplanet.com](#) and join our community of followers on Facebook [facebook.com/lonelyplanet](#) Twitter [lonelyplanet](#) Instagram [instagram.com/lonelyplanet](#) and TikTok [lonelyplanet](#) Lonely Planet It's on everyone's bookshelves it's in every traveller's hands It's on mobile phones It's on the Internet It's everywhere and it's telling entire generations of people how to travel the world Fairfax Media Australia **Lonely Planet Finland** Lonely Planet,Mara Vorhees,Catherine Le Nevez,Virginia Maxwell,2018-05-01 Lonely Planet The world's leading travel guide publisher Lonely Planet Finland is your passport to the most relevant up to date advice on what to see and skip and what hidden discoveries await you Shop for the best in Scandinavian design fizz across Lapland behind a team of huskies and warm up in a traditional sauna all with your trusted travel companion Get to the heart of Finland and begin your journey now Inside Lonely Planet's Finland Colour maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local avoiding crowds and trouble spots Essential info at your fingertips hours of operation phone numbers websites transit tips prices Honest reviews for all budgets eating sleeping sightseeing going out shopping hidden gems that
