Lehman,2000-12 When the desire for material possessions and phony prestige among Denver s upper class obliterates any sense of family Doctor Martin Broderick takes some drastic steps Overwhelmed by the incessant spending of his wife and daughter he fakes his own death and embarks on a new life It leads him into high adventure and dangerous situations In the meantime his wife and daughter must cope with his loss and adjust to the abrupt changes in their lives Will they slide from the upper echelon or will they find a way to stay on top This adventurous journey will take you on a thrilling roller coaster ride Its surprising events will leave you appreciating an intriguing story *Death Defying* J.S. Eades,2021-04-19 What happens when you discover nothing you d believed about yourself is true All Genny Dupont wants for her 21st birthday is to sleep in eat a great breakfast and go out dancing with her best friend At first it seems like her day goes exactly to plan She even meets a cute guy at the club But when they get together for coffee the next afternoon she realizes she s made a huge mistake Because the story JP tells her that she and her sister are the only remaining descendants of a family of immortal vampire slayers is completely insane He s obviously a lunatic Disappointed she walks out but Genny

can't quite shake the idea he's planted. Could he possibly have been telling the truth? Learning about her family and how they died opens the door to a world she'd thought only existed in fiction. Sure, this world includes enemies that want her dead, but it's not all doom and gloom. As Genny starts to embrace her legacy, she and JP grow closer. She's a slayer; JP insists vampires are evil. But when she strikes up an unlikely friendship with Quinn, a vampire who risked his own life to save her, she comes to understand that not everything or everyone is how it seems.

Time Tourists Zachary Klaas, 2009-12-13. Time travel novels are always fairly clear about one point: which is this? The fabric of space-time is not a thing to be trifled with. People can't change what's supposed to happen in history. When people attempt to change history, that's always when all hell breaks loose. Indeed, if people don't take care to protect the sanctity of the timeline, the whole universe could collapse into nothingness. That's one theory, anyway. But it's not the premise of *Time Tourists*, a book in the Douglas Adams tradition of humorous science fiction and in the Harry Turtledove tradition of plausible alternative history. This book is based on a different premise: What would happen if people could go back in time and mess with everything with no consequences?

The Almanac of the Christian World, 1991. Edythe Draper, 1990-10. **American Book Publishing Record**, 1987. **Cult of the Comet** Gary L. Morton, 2012-07-01. *Cult of the Comet* takes place in a dark future. It features a fallen astronaut turned gritty private investigator and a cult leader on a mission to grab interstellar travel. A Motherland Security police state and evil elders rule most of the world. Mutants control the rest. The race is on as a comet, which is the final visitation of an alien race, heads for perihelion at earth. This is a full-length novel with action and twists from beginning to end.
