Good Faith Obligation Alex Wan,Peng Guo,2024-09-10 This book provides a study on the relevance of good faith obligation with a specific focus on Australia and China Good faith has been hailed as one of the most important unresolved contractual issues in contract law There have been numerous judicial approaches over the years to articulate a baseline for good faith application however the

direction taken in dealing with this important issue is generally unsatisfactory both in producing a coherent understanding of the role and sustaining a uniform application of good faith in contracts This book concentrates on examining whether the continued relevance of good faith in arm s length contractual relationships based on the reasonable expectations of the contracting parties can be maintained To accomplish this good faith is examined by revisiting the legal approaches from a comparative perspective in understanding whether there is a continuing role for good faith in commercial contracts **In**

Touch with Industry ,1999 **Building Collaborative Trust in Construction Procurement Strategies** Jason Challender,2019-05-06 Provides a practical framework and toolkit for improved construction project outcomes based on trust and collaboration This book explores the concept of trust as a tool in improved construction procurement strategies and provides important insight into the influence of trust on the success of construction projects and redevelopment programs It is a practical guide that offers readers a solid outline and expert strategies for improving project outcomes through collaboration ultimately proving that teamwork can really make the dream work **Building Collaborative Trust in Construction Procurement Strategies A Practical Guide** incorporates a toolkit complete with flowcharts to introduce certain trust building interventions within projects It shows how initiatives and factors that influence collaborative trust can be easily implemented and embedded in construction management for improved practice It also covers potential challenges risks problems and barriers when it comes to trust In addition the book looks at the influences for collaborative trust in the construction industry as well as implications in practice for it in construction It finishes by looking at the future of collaborative trust in construction procurement Teaches the importance and influence of trust on collaborative working and partnerships principles Examines to what extent trust within collaborative working arrangements influences the success of collaborative working practices Covers the effect that certain factors and trust building mechanisms have on collaborative working and partnerships and how they can be embedded into procurement of projects Discusses what constitutes best practice and how trust in collaborative procurement practices influences the success of construction projects **Building Collaborative Trust in Construction Procurement Strategies A Practical Guide** is an excellent book for construction management professionals including clients consultants and contractors It will also serve as a helpful text for undergraduate and postgraduate students and academics **Nuclear Alliance Restraint** Dong Sun Lee,Iordanka Alexandrova,2025-02-05 This book examines why powerful states have varying success in restraining less powerful allies from acquiring nuclear weapons based on a broad range of historical case studies The outcomes of nuclear alliance restraint primarily depend on two structural factors the number of superpowers in the global system and the geographical distance between patrons and clients Through in depth case studies of South Korea North Korea China and Pakistan and a comprehensive analysis of 14 historical episodes the book demonstrates that restraint succeeds when there are two superpowers with one trying to rein in a distant ally Conversely restraint often fails with a single superpower in the system or when nuclear aspirants are close to their patrons This study

has important implications for current nonproliferation efforts since it suggests that a bipolar world with the United States and China as superpowers would enhance counterproliferation effectiveness reducing nuclear proliferation risks In addition an inducement centered approach adopted early on would be most effective for these superpowers in restraining their allied proliferators This book will be of much interest to students of nuclear proliferation foreign policy security studies and international relations Dark Alliance Gary Webb,2011-01-04 Major Motion Picture based on Dark Alliance and starring Jeremy Renner Kill the Messenger to be released in Fall 2014 In August 1996 Pulitzer Prize winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year long investigation into the roots of the crack cocaine epidemic in America specifically in Los Angeles The series titled Dark Alliance revealed that for the better part of a decade a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA backed Nicaraguan Contras Gary Webb pushed his investigation even further in his book Dark Alliance The CIA The Contras and the Crack Cocaine Explosion Drawing from then newly declassified documents undercover DEA audio and videotapes that had never been publicly released federal court testimony and interviews Webb demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities Webb s own stranger than fiction experience is also woven into the book His excoriation by the media not because of any wrongdoing on his part but by an insidious process of innuendo and suggestion that in effect blamed Webb for the implications of the story had been all but predicted Webb was warned off doing a CIA expose by a former Associated Press journalist who lost his job years before he had stumbled onto the germ of the Dark Alliance story And though Internal investigations by both the CIA and the Justice Department eventually vindicated Webb he had by then been pushed out of the Mercury News and gone to work for the California State Legislature Task Force on Government Oversight He died in 2004
