Frontfighters Richard Landwehr,1986 **Swastika over the Acropolis** Craig Stockings,Eleanor Hancock,2013-07-04 Swastika over the Acropolis is a new multi national account which provides a new and compelling interpretation of the Greek campaign of 1941 and its place in the history of World War II It overturns many previously accepted English language assumptions about the fighting in Greece in April 1941 including for example the impact usually ascribed to the Luftwaffe German armour and the conduct of the Greek Army Further Swastika over the Acropolis demonstrates that this last complete strategic victory by Nazi Germany in World War II is set against a British Dominion campaign mounted as a withdrawal not an attempt to save Greece from invasion and occupation At the same time on the German side the campaign revealed serious and systemic weaknesses in the planning and the conduct of large scale operations that would play a significant role in the regime s later defeats **German Elite Forces** Michael Sharpe,Brian L. Davis,2008-05-15 Fourth in a nine book series examining the tactics and strategies made by German officers in the second World War **Parameters** ,1994 **The Ambivalence of Identity** Peter Thaler,2001 The Ambivalence of Identity examines nation building in Austria and uses the Austrian experience to explore the conceptual foundations of nationhood Traditionally Hapsburg Austria has provided the background for these works In the course of this study it should become clear that Republican Austria is as valuable in understanding national identity as its monarchic predecessor Historical interpretations to Austrian nation building gives the

Austrian experience special relevance for the larger debate about the nature of history Such aspects in the analysis of the post war Austrian nation building are the role of consciousness during the building process the role of neighboring countries and the role of World War II *Battle on 42nd Street* Peter Monteath,2019-11-01 At what point does the will to survive on the battlefield give way to bloodlust The battle for Crete was at once the most modern and the most ancient of wars For a week Australian and New Zealand forces were relentlessly hammered from the skies by the Luftwaffe and pursued across Crete by some of the most accomplished and best equipped forces Hitler could muster On the morning of 27 May 1941 however all that was about to change When a unit of German mountain troops approached the Allies defensive line known as 42nd Street men from the Australian 2 7th and 2 8th Battalions and New Zealanders from several battalions counter attacked with fixed bayonets By the end German bodies were strewn across the battlefield Acclaimed historian Peter Monteath draws on recollections and records of Australian New Zealand British and German soldiers and local Cretans to reveal the truth behind one of the bloodiest battles of the Second World War This is military history at its best deeply researched powerfully told and proving that the essence of war is men killing other men Joan Beaumont **Unknown Generals - German Corps Commanders In World War II** Major French L. MacLean,2014-08-15 This study is an historical analysis of the background and demonstrated leadership attributes of 332 World War II German corps commanders on the Eastern Italian and Western Fronts Overall characteristics are determined based on each officer s experience and performance based on available historical records These records focus on age nobility background education branch previous command and staff positions membership in the General Staff demonstrated military achievement promotion and subsequent higher command Among the many conclusions which could be drawn from this investigation are most successful corps commanders possessed an excellent educational background performed well in previous significant command and staff positions and demonstrated the capability for independent action and political factors played a minor role in the selection of officers for corps command The study concludes that the Eastern Western and Italian Fronts all had competent German corps commanders conducting operations no Front had a preponderance of successful commanders to the detriment of the other two **Storming the Eagle's Nest** Jim Ring,2013-09-03 From the Fall of France in June 1940 to Hitler s suicide in April 1945 the swastika flew from the peaks of the High Savoy in the western Alps to the passes above Ljubljana in the east The Alps as much as Berlin were the heart of the Third Reich Yes Hitler declared of his headquarters in the Bavarian Alps I have a close link to this mountain Much was done there came about and ended there those were the best times of my life My great plans were forged there With great authority and verve Jim Ring tells the story of how the war was conceived and directed from the Fuhrer s mountain retreat how all the Alps bar Switzerland fell to Fascism and how Switzerland herself became the Nazi s banker and Europe s spy centre How the Alps in France Italy and Yugoslavia became cradles of resistance how the range proved both a sanctuary and a death trap for Europe s Jews and how the whole war culminated in the Allies descent on what was rumoured

to be Hitler's Alpine Redoubt a Bavarian mountain fortress **Blitzkrieg**, 2021-09-02 A fascinating study of the devastating new form of warfare that redrew the map of Europe in the opening year of World War II bringing about the military collapse and capitulation of seven modern industrialized nations On 1 September 1939 Nazi Germany launched the invasion of Poland employing a new type of offensive warfare Blitzkrieg So named by Allied observers because of the shock and rapidity of its effects this new approach was based on speed manoeuvrability and concentration of firepower The strategy saw startling success as the panzer divisions supported by Stuka dive bombers spread terror and mayhem reaching Warsaw in just one week Aided by the intervention of the Soviet Union in the east the campaign was over in a mere 36 days This astonishing feat was followed by Operation Weserbung the invasion of Denmark and then Norway in 1940 the first joint air sea land campaign in the history of warfare Even more striking an achievement was the swift and conclusive defeat of France during May June 1940 Refusing to let its forces dash themselves against the fortifications of the Maginot Line Germany instead sent its divisions through neutral Belgium and northern France in Fall Gelb Case Yellow destroying Allied resistance and pursuing the remnant of the British and French forces to Dunkirk in an audacious and devastatingly effective assault During the course of Fall Rot Case Red over the following 20 days German forces pressed the attack and by 25 June had forced France's leaders into a humiliating capitulation Illustrated throughout with detailed maps artwork and contemporary photographs Blitzkrieg The Invasion of Poland to the Fall of France tells the story of these first breakneck attacks examining the armed forces leaders technology planning and execution in each campaign as well as the challenges faced by the Germans in the pursuit of this new and deadly form of warfare **Imprisoning the Enemy** Nikolaos Theotokis, 2024-11-30 Offers a vivid examination of Axis prisoners of war during World War II detailing their experiences circumstances and the complexities of their captivity in various theatres from 1940 to 1945 Prisoners of war POWs are an important part in the history of the Second World War Nikolaos Theotokis in this vividly written book examines the subject taking a closer look at the hundreds of thousands of Axis military personnel including women mostly German who were held in POW camps POW cages prisons or forced labor camps after being captured by or surrendering to Allied forces between 1940 and 1945 in the North African European and Pacific theaters of operations Hundreds of cases of officers of the Wehrmacht and the SS as well as of the Royal Italian and the Imperial Japanese Armies have been grouped by the author in two main categories those who were taken prisoner by Allied forces and those who surrendered to them This is not a book about military might but about people many of whom were proven innocent victims of circumstance Officers who committed suicide to avoid capture and others who were charged and punished as war criminals are separately presented along with a great number of foreign volunteers who were captured by or surrendered to Allied forces during the war after joining units of the German or the Japanese Armies Members of the military and secretarial staff of Adolf Hitler who were imprisoned after the German capitulation are also highlighted in the book along with cases of high ranking officers in co belligerent Romania who were harshly punished

by their country's post war communist authorities for being anti communists and for having fought against the Red Army Another category also examined by the author are the German prisoners who were handed over to Joseph Stalin by the western Allies in May 1945 as a gesture of friendship although the Soviet Union had not signed the Geneva Convention This book is a concise authoritative account of the Axis POWs being also an unrivaled source of information on the subject
