Altarpieces Michael D. O'Kelly, 2011-05-18 Fire lies at dawn Winged essences charred bodies still on re This evocative poetry essay collection issues a call for a renewed embracement of the readers own expressive self Weve each a persona to hear a voice to resonate through silences of night and the noises of everyday Life is a mystery hard to crack We bang it like a door and strum it like a lyre until it opens some new portal through which the voice can authentically sound out the truths of being human Thats the happening of this book Altarpieces have always been artistic creations to conceive lifes sacred space This book follows that tradition if rather untraditionally These pieces speak to hear life on ones own terms from ones own altar and cathedral This gathering created a poet self identity called Apokstrophes The essays join with the poems to conceive poetry and the spiritual quest with a renewed existential eco romantic perspective sounding that quest with both feet grounded on worldly other Planet Earth The challenge to grasp life at the core is a wrenching wrestling match with the Other that ever present dimension of poetry on lifes path Joining philosophical play with the authenticity of word pieces as true orients OKellys book with many poets helping along the way has taken up that challenge with unflinching creativity Want a spiritual adventure Fly Take the ride Oh the ride Fins spurred in shivers of hide Lifes dearness reined in the roll of the tide **Touching the Passion — Seeing Late Medieval Altarpieces through the Eyes of Faith** Donna L.

Sadler, 2018-03-06 In *Touching the Passion Seeing Late Medieval Altarpieces through the Eyes of Faith* Donna Sadler explores the manner in which worshipers responded to the carved and polychromed retables adorning the altars of their parish churches Framed by the symbolic death of Christ re enacted during the Mass the historical account of the Passion on the retable situated Christ s suffering and triumph over death in the present The dramatic gestures contemporary garb and wealth of anecdotal detail on the altarpiece invited the viewer s absorption in the narrative As in the *Imitatio Christi* the worshiper imaginatively projected himself into the story like a child before a dollhouse The five senses the sculptural medium the small scale and the rhetoric of memory foster this immersion **English Medieval Alabasters** Francis W.

Cheetham, 2005 Francis Cheetham s classic survey of English medieval alabasters includes a richly illustrated catalogue of the Victoria and Albert Museum s unparalleled collection English alabasters represent a unique contribution to medieval art Less sophisticated perhaps than other contemporary forms of religious art they were a neglected area of study until this volume was first published in 1984 Stories from the New Testament and The Golden Legend were the most favoured subjects and the numerous examples that survive in churches and museums throughout Europe attest to their wide and enduring appeal Francis Cheetham examines here all aspects of their production and demonstrates how the panels and altarpieces can aid our understanding of life and devotional practice in medieval times At the heart of this fascinating study is a richly illustrated catalogue of the 260 examples in the collection of London s Victoria and Albert Museum a collection so comprehensive that it would be possible to write a survey of the subject almost without recourse to pieces elsewhere as Sir

Roy Strong notes in his Foreword Their division into subject categories is an invaluable aid to identification and classification The late Francis Cheetham was an acknowledged expert on medieval English alabasters and this reissue of his classic work will be welcomed by historians art historians collectors and dealers alike taking its place alongside his *Alabaster Images of Medieval England* which was published by the Boydell Press in 2003 *Library of Congress Subject Headings* Library of Congress,1998 **Library of Congress Subject Headings** Library of Congress.
