The

Revenge of Power Moisés Naím, 2022-02-22 Named one of the New Yorker's Best Books of 2022 An authoritative and intelligent portrait of the global spread of authoritarianism and its dangers what sets this work apart from books like Timothy Snyder's *On Tyranny* and Michiko Kakutani's *The Death of Truth* is its unusually comprehensive armada of facts about the international drift over the past two decades toward authoritarian leaders whether old style dictators like Kim Jong Un or nominally elected presidents like Vladimir Putin Kirkus An urgent thrilling and original look at the future of democracy that illuminates one of the most important battles of our time the future of freedom and how to contain and defeat the autocrats mushrooming around the world In his bestselling book *The End of Power* Moisés Naím examined power diluting forces In *The Revenge of Power* Naím turns to the trends conditions technologies and behaviors that are contributing to the concentration of power and to the clash between those forces that weaken power and those that strengthen it He concentrates on the three P's populism polarization and post truths All of which are as old as time but are combined by today's autocrats to undermine democratic life in new and frightening ways Power has not changed But the way people go about gaining it and using it has been transformed *The Revenge of Power* is packed with alluring characters riveting stories about power grabs and losses and vivid examples of the tricks and tactics used by autocrats to counter the forces that are weakening their power It connects the dots between global events and political tactics that when taken together show a profound and often stealthy transformation in power and politics worldwide Using the best available data and insights taken from recent research in the social sciences Naím reveals how on close examination the same set of strategies to consolidate power pop up again and again in places with vastly different political economic and social circumstances and offers insights about what can be done to ensure that freedom and democracy prevail The outcomes of these battles for power will determine if our future will be more autocratic or more democratic Naím addresses the questions at the heart of the matter Why is power concentrating in some places while in others it is fragmenting and degrading And the big question What is the future of freedom

Chinese Perspectives on Globalization and Autonomy Tuo Cai, 2012-01-06 This book is a reflection of the discussion and debates on globalization and state autonomy in China These debates dated back to early 1990s witnessed China's gradual involvement in globalization Like other developing countries China faced tremendous pressure when globalization intensified in the 1990s As it turned out China arduously made up its mind to embrace globalization which reached its height when China was finally adopted as a member of the World Trade Organization in 2001 Thus the articles in this book record the anxiety concerns uncertainty and enthusiasm of Chinese scholars in the face of China's embracing of globalization In other words this book presents a unique Chinese perspective on globalization and state autonomy

Rethinking Water Management Caroline Figueres, Johan Rockström, Cecilia Tortajada, 2012 If water resources are to be distributed efficiently equitably and cost effectively in this rapidly changing world then it is clear that current water management practices are no longer feasible Innovative approaches are required to meet the increasing water demands of a growing world population and economy and

the needs of the ecosystems supporting them New approaches have to be employed at global national and local levels In Rethinking Water Management a new generation of water experts from around the world examine the critical challenges confronting the water profession including rainwater and groundwater management recycling and reuse water rights transboundary access to water and financing of water They offer important new perspectives on the use management and conservation of fresh water in terms of both quantity and quality for the domestic agricultural and industrial sectors and show how a new set of paradigms can be applied to successfully manage water for the future Caroline Figueres is Head of the Urban Infrastructure Department at UNESCO IHE Water Education Institute in The Netherlands Cecilia Tortajada is Vice President of the Third World Centre for Water Management in Mexico and Vice President elect of the International Water Resources Association Johan Rockström is Water Resources Expert at UNESCO IHE

Capitalism after Postmodernism
 Hall Thomas Wilson, 2002-05-01 This book addresses a number of interrelated issues in the old and new political economy The focus on globalization is generally taking the mind off questions of debt and indebtedness Capital now has such a decided institutional edge that its legitimacy in capitalist democracies is under threat Present developments seriously jeopardize the balance between capital public and social institutions on which the progress and welfare of the developing world and the capitalist democracies depend Going back to Marx Weber and Habermas Wilson concludes that against the backdrop of Weberian pessimism social intellectuals still have to rise to the occasion rather than assisting in the massive and consequently self confirming prophecy that contemporary postmodernism now threatens to become

Reforming from the Top
 John English, Ramesh Chandra Thakur, Andrew Fenton Cooper, 2005 The current system of international governance including the United Nations the G7 G8 the WTO the IMF and the World Bank is undergoing serious problems in its attempts to address contemporary global challenges seemingly ill equipped to bridge growing political and economic divides and to accommodate the needs of emergent markets Given these developments some scholars and practitioners argue there is a need to establish new multilateral forums that reflect 21st century realities such as a new Leaders Summit comprised of the leaders of 20 nations called L20 an institution that draws its inspiration from both the current G7 8 leaders meetings and the G20 finance ministers meetings This publication explores the changing nature of relationships in a globalised world and considers the role that a L20 grouping could play in bringing about reform of

international economic and financial systems
