Always Victorious:

Always Victorious! The Earliest Church Not Pre - But Post-Millennial Francis Nigel Lee, 2006-01-22 Many modern Pretribulationists and other Dispensationalists claim that most if not all of the first Early Church Fathers were Rapturists. Such believe Jesus could return any moment to resurrect dead Christians and then secretly rapture His dwindling though still living Church up in the air before the great tribulation of ungodly earthlings. Thereafter the Church would then return and rule with Christ on Earth for a thousand years until God would resurrect the wicked dead. That notion is false. Neither the Church of the Older Testament even when under foreign domination nor the always struggling and often persecuted Church of the Newer Testament ever expected to dwindle or to be whisked away but only to conquer this great planet Earth under her victorious Messiah. That Church expected God not to rapture her but to heal the World. His Son had come to save

Always True James MacDonald, 2011-01-01 Follow bestselling author, speaker and pastor James MacDonald as he delivers the biblical hope of God's promises in the midst of life's storms. 2 Peter 1:3 refers to certain portions of God's Word as exceedingly great and precious promises. Great promises are ones that don't fall apart during difficult times; they reveal hope in the midst of the storm. Precious promises are ones that we find strong enough to hold us up and resilient enough to get us through. God's promises become exceedingly great and precious to us when nothing else will do. By way of digging into the theology of God's Promises, Pastor James uncovers 5 major categories of promise in the Bible and the 5 areas about which God repeatedly makes promises. From what to do with fear and doubt to God's goodness, help and victory, the Bible has much to say about God's presence in our difficulty. Last year Pastor James released *When Life is Hard* to point you toward hope in the midst of trials. Now *Always True* will point you to God's promises which are always true.
