and works of*
MASON LOCKE WEEMS
*patriot, pitchman, author
and purveyor of morality
to the citizenry of the
early United States of
America*

LEWIS LEARY

Peddling Parson

**Philip Alexander Bruce, William Glover
Stanard**

Peddling Parson:

Selling God Robert Laurence Moore, 1994 In a sweeping colourful history that spans over two centuries of American culture Moore examines the role of religion in America as it appropriated and was appropriated by commercial culture He reveals the centrality of religion and the marketplace in American popular culture The Book-peddling Parson Lewis Leary, 1984 *The Humor of the Old South* Donaria Inge, Edward J. Piacentino, 2021-10-21 The humor of the Old South tales almanac entries turf reports historical sketches gentlemen s essays on outdoor sports profiles of local characters flourished between 1830 and 1860 The genre s popularity and influence can be traced in the works of major southern writers such as William Faulkner Erskine Caldwell Eudora Welty Flannery O Connor and Harry Crews as well as in contemporary popular culture focusing on the rural South This collection of essays includes some of the past twenty five years best writing on the subject as well as ten new works bringing fresh insights and original approaches to the subject A number of the essays focus on well known humorists such as Augustus Baldwin Longstreet Johnson Jones Hooper William Tappan Thompson and George Washington Harris all of whom have long been recognized as key figures in Southwestern humor Other chapters examine the origins of this early humor in particular selected poems of William Henry Timrod and Washington Irving s *The Legend of Sleepy Hollow* which anticipate the subject matter character types structural elements and motifs that would become part of the Southwestern tradition Renditions of *Sleepy Hollow* were later echoed in sketches by William Tappan Thompson Joseph Beckman Cobb Orlando Benedict Mayer Francis James Robinson and William Gilmore Simms Several essays also explore antebellum southern humor in the context of race and gender This literary legacy left an indelible mark on the works of later writers such as Mark Twain and William Faulkner whose works in a comic vein reflect affinities and connections to the rich lode of materials initially popularized by the Southwestern humorists *Revolution and the Word* Cathy N. Davidson, 2004 Now greatly expanded this classic study has been updated to include the major controversies developments in literary cultural theory over the past two decades It traces the co emergence of the United States as a nation the literary genre of the novel **The Mind of the Master Class** Elizabeth Fox-Genovese, Eugene D. Genovese, 2005-10-17 *The Mind of the Master Class* tells of America s greatest historical tragedy It presents the slaveholders as men and women a great many of whom were intelligent honorable and pious It asks how people who were admirable in so many ways could have presided over a social system that proved itself an enormity and inflicted horrors on their slaves The South had formidable proslavery intellectuals who participated fully in transatlantic debates and boldly challenged an ascendant capitalist free labor society Blending classical and Christian traditions they forged a moral and political philosophy designed to sustain conservative principles in history political economy social theory and theology while translating them into political action Even those who judge their way of life most harshly have much to learn from their probing moral and political reflections on their times and ours beginning with the virtues and failings of their own society and culture The Living Church , 1981-07 **Beneath**

the American Renaissance David S. Reynolds, 2011 The award winning *Beneath the American Renaissance* is a classic work on American literature It immeasurably broadens our knowledge of our most important literary period as first identified by F O Matthiessen's *American Renaissance* With its combination of sharp critical insight engaging observation and narrative drive it represents the kind of masterful cultural history for which David Reynolds is known Here the major works of Emerson Thoreau Whitman Poe Hawthorne Melville and Dickinson receive striking original readings set against the rich backdrop of contemporary popular writing Now back in print the volume includes a new foreword by historian Sean Wilentz that reveals the book's impact and influence A magisterial work of criticism and cultural history *Beneath the American Renaissance* will fascinate anyone interested in the genesis of America's most significant literary epoch and the iconic figures who defined it

A New Nation of Goods David Jaffee, 2010 *A New Nation of Goods* highlights the significant role of provincial artisans in four crafts in the northeastern United States chairmaking clockmaking portrait painting and book publishing to explain the shift from preindustrial society to an entirely new configuration of work commodities and culture *Country Magazine*, 1984 **Himself Again** J. C. Goldsmith, 1884 **The Library Quarterly**, 1985 Includes section Reviews *Loving Faster than Light* Katy Price, 2024-05-31 In November 1919 newspapers around the world alerted readers to a sensational new theory of the universe Albert Einstein's theory of relativity Coming at a time of social political and economic upheaval Einstein's theory quickly became a rich cultural resource with many uses beyond physical theory Media coverage of relativity in Britain took on qualities of pastiche and parody as serious attempts to evaluate Einstein's theory jostled with jokes and satires linking relativity to everything from railway budgets to religion The image of a befuddled newspaper reader attempting to explain Einstein's theory to his companions became a set piece in the popular press *Loving Faster than Light* focuses on the popular reception of relativity in Britain demonstrating how abstract science came to be entangled with class politics new media technology changing sex relations crime cricket and cinematography in the British imagination during the 1920s Blending literary analysis with insights from the history of science Katy Price reveals how cultural meanings for Einstein's relativity were negotiated in newspapers with differing political agendas popular science magazines pulp fiction adventure and romance stories detective plots and esoteric love poetry *Loving Faster than Light* is an essential read for anyone interested in popular science the intersection of science and literature and the social and cultural history of physics

An Extensive Republic Robert A. Gross, Mary Kelley, 2010 This impressive collaborative effort by two dozen leading authorities in the field will be essential reading for any serious student of the history of American publishing and print culture during one of its most crucially transformative periods Lawrence Buell Harvard University A magnificent achievement Brilliant editing and graceful writing shatter many old assumptions about the world of the Founders Linking intellectual history with politics social change and the distinctive experiences of women African Americans and Indians *An Extensive Republic* is the rare reference book that is also a mesmerizing read Linda K Kerber author of *No Constitutional*

Right to Be Ladies Women and the Obligations of Citizenship This volume provides a fascinating revisionist history of the United States through its focus on what was printed how the economy of the book trades worked who was reading and what role reading came to assume in all sorts of people s lives Editors Gross and Kelley make a strong team and the contributors represent an array of disciplines suitable to the equally wide range of printed material in the United States between 1790 and 1840 Patricia Crain New York University Volume 2 of A History of the Book in America documents the development of a distinctive culture of print in the new American republic Between 1790 and 1840 printing and publishing expanded and literate publics provided a ready market for novels almanacs newspapers tracts and periodicals Government business and reform drove the dissemination of print Through laws and subsidies state and federal authorities promoted an informed citizenry Entrepreneurs responded to rising demand by investing in new technologies and altering the conduct of publishing Voluntary societies launched libraries lyceums and schools and relied on print to spread religion redeem morals and advance benevolent goals Out of all this ferment emerged new and diverse communities of citizens linked together in a decentralized print culture where citizenship meant literacy and print meant power Yet in a diverse and far flung nation regional differences persisted and older forms of oral and handwritten communication offered alternatives to print The early republic was a world of mixed media *A Controversial Spirit* Philip N. Mulder,2002 According to the author during the era of awakenings and revival the various denominations in the Southern States of the USA shared the same goal of saving souls but disagreed over the correct definition of true religion and conversion An Autobiographical Sketch Written in 1987 and A Bibliography of the Published Writings of Edwin Wolf 2nd Edwin Wolf,1991 The Virginia Magazine of History and Biography Philip Alexander Bruce,William Glover Stanard,1984 Vols 1 28 30 31 33 34 include the society s Proceedings at its annual meeting 1893 1923 1926 A Fictive People Ronald J. Zboray,1993 This text aims to explode two notions that are commonplace in American cultural histories of the 19th century that the spread of literature was a simple force for the democratization of taste and that there was a body of 19th century literature that reflected a nation of readers Women and the Material Culture of Death BethFowkes Tobin,2017-07-05 Examining the compelling and often poignant connection between women and the material culture of death this collection focuses on the objects women make the images they keep the practices they use or are responsible for and the places they inhabit and construct through ritual and custom Women s material practices ranging from wearing mourning jewelry to dressing the dead stitching memorial samplers to constructing skull boxes collecting funeral programs to collecting and studying diseased hearts making and collecting taxidermies and making sculptures honoring the death are explored in this collection as well as women s affective responses and sentimental labor that mark their expected and unexpected participation in the social practices surrounding death and the dead The largely invisible work involved in commemorating and constructing narratives and memorials about the dead from family members and friends to national figures calls attention to the role women as memory keepers for families local communities

and the nation Women have tended to work collaboratively making collecting and sharing objects that conveyed sentiments about the deceased whether human or animal as well as the identity of mourners Death is about loss and many of the mourning practices that women have traditionally and are currently engaged in are about dealing with private grief and public loss as well as working to mitigate the more general anxiety that death engenders about the impermanence of life

Making America / Making American Literature ,2021-11-01 If 1776 heralds America's Birth of the Nation so too it witnesses the rise of a matching and overlapping American Literature For between the 1770s and the 1820s American writing moves on from the ancestral Puritanism of New England and Virginia though not as yet into the American Renaissance so strikingly called for by Ralph Waldo Emerson Even so the concourse of voices which arise in this period that is between and including Benjamin Franklin and James Fenimore Cooper mark both a key transitional literary generation and yet one all too easily passed over in its own imaginative right This collection of fifteen specially commissioned essays seeks to establish new bearings a revision of one of the key political and literary eras in American culture Not only are Franklin and Cooper themselves carefully re evaluated in the making of America's new literary republic but figures like Charles Brockden Brown Washington Irving Philip Freneau William Cullen Bryant the other Alexander Hamilton and the playwrights Royall Tyler and William Dunlop Other essays take a more inclusive perspective whether American epistolary fiction a first generation of American women authored fiction the public discourse of The Federalist Papers the rise of the American periodical or the founding African American generation of Phillis Wheatley What unites all the essays is the common assumption that the making of America was as much a matter of creating its national literature as the making of American literature was a matter of shaping a national identity

The Novel and the Blank Matthew P. Brown,2025-08-26 Explores American colonial print culture's diverse output and how these texts shaped public life and modernity In The Novel and the Blank Matthew P Brown uncovers the vibrant overlooked world of the eighteenth century British American print shop Printing more than just novels and pamphlets these workshops produced a kaleidoscope of printed materials from legal blanks and almanacs to runaway slave ads and chapbooks that reflected the complexities of colonial life Brown paints a rich cultural history of the time identifying and describing the steady sellers that stabilized the trade and the print surges ignited by religious revivals of the 1730s 1740s and political upheavals of the revolutionary era He explores the connections among commercial caution literary expression and oppressive structures like the slave trade The book advances our knowledge of early modern culture in several ways by providing a rounded portrait of colonial and early national literary culture by examining a steadily popular canon rarely read by modern scholars and by depicting the lived religion of readers writers and printers who participated in this literary culture With a sharp focus on everyday texts and readers rather than on the canon of works constructed by modern scholars Brown reimagines the public sphere of the eighteenth century as a vivifying experience Through an innovative blend of historical rigor and cultural insight The Novel and the Blank reveals how ordinary

print shaped extraordinary shifts in religion secularism and the ways we understand modernity itself
