Canadas Secret Commandos The Unauthorized Story Of Joint Task Force Two:

Canada's Secret Commandos David Pugliese, 2002 Une guerre difficile Emily Spencer, 2009-07-20 L ouvrage intitulé guerre difficile Points de vue sur l'insurrection et les FOS aborde les concepts théoriques liés aux insurrections et à la pratique de la guerre irrégulière. Le présent volume s'inscrit dans une large mesure aux forces d'options spéciales car elles constituent un élément central des mesures de contre-insurrection. Ce recueil aidera les membres de la profession des armes à comprendre ce qu'est l'insurrection ou plus précisément la contre-insurrection et ses éléments connexes caractéristiques. De plus, Une guerre difficile jette un éclairage particulier sur ce type de guerre complexe qui peut revêtir diverses formes. C'est un ouvrage utile et accessible qui saura intéresser tant le lecteur profane que l'expert militaire ou toutes les personnes liées ou intéressées à la profession des armes. Ce manuel qui vient enrichir le corpus de connaissances actuelles sur les mesures de contre-insurrection et les forces d'options spéciales présente le sujet de façon théorique et historique et fait le lien entre le passé et les options en Afghanistan. Plus précisément, des chapitres sont consacrés au renseignement, au terrorisme, à la privatisation de la sécurité, aux conflits asymétriques, à la guerre non conventionnelle comme ce fut le cas en Afghanistan durant l'occupation soviétique et aux options en cours des forces de la coalition en Afghanistan.

The Difficult War Emily Spencer, 2009-07-20 The Difficult War is a collection of essays that deals with theoretical concepts related to both insurgency and the conduct of irregular warfare Human Factors in Effective Counter-Terrorism Richard Warnes, 2024-02-29 This book seeks to provide a comparative assessment of the significance of human factors in effective counter terrorism. The phrase human factors is used to describe personal relationships, individual capabilities, effective leadership, technical interface, organisational culture and the community engagement necessary to effectively minimise and control the threat of terrorism. Unlike many works in the field, this book is constructed around the input of experienced knowledge from over 170 semi-structured interviews of specialist military policing, intelligence and security practitioners, those actors actually involved in countering terrorism. These practitioners come from seven countries: the United Kingdom, Ireland, France, Spain, Israel, Turkey and the United States, all of which have suffered over the years from different types of terrorist threat and responded with a mixture of counter-terrorist measures. Where military practitioners also discussed overseas counter-insurgency measures that material has been included since terrorism forms a key aspect of such wider insurgencies. The resulting interview data was analysed through a variant of Grounded Theory to identify key emerging themes and issues, both positive and negative, relevant to human factors in the individual countries and more generically. This book incorporates the informed operational experiences and insights of the interviewees while seeking to provide examples of successful counter-terrorist measures at the strategic, operational and tactical levels. This book will be of much interest to students of counter-terrorism, defence studies and security studies in general.

Special Operations and Strategy James D. Kiras, 2006-07-29 This book argues that the root of effective special operations lies in understanding the relationship between moral and material attrition; this is achieved by examining both strategic theory and real-life case

studies **Investigative Reporting in Canada** Maxine Ruvinsky,2007 Maxine Ruvinsky explores investigative reporting in Canada through a series of 13 case studies **Haiti's New Dictatorship** Justin Podur,2012-10-05 In 1804 Haiti became the world's first independent black Republic following a slave revolution 200 years later ravaged by colonialism and violence it was placed under UN military occupation Haiti's New Dictatorship charts the country's recent history from the 2004 coup against President Aristide to the devastating 2010 earthquake revealing a shocking story of abuse and indifference by international forces Justin Podur unmasks the grim reality of a supposedly benign international occupation arguing that the denial of sovereignty is the fundamental cause of Haiti's problems Casting Light on the Shadows Bernd Horn,Tony Balasevicius,2007-02-28 Special Operations Forces SOF have never been an integral element of Canada's military capability Although units have existed periodically throughout the country's history they have always been in the shadows However the terrorist attack in the United States on September 11 2001 changed that In the aftermath of 9/11 SOF became the force of choice Casting Light on the Shadows consists of a series of essays on SOF related issues written by individuals with specialized knowledge and expertise in the field As well as providing a solid foundation for SOF theory historical background and evolution the book also highlights ongoing developments in SOF What Manner of Man James Ogle,Darnell Bass,2006

Domestic Deployment of the Armed Forces Dr Michael Head,Dr Scott Mann,2013-02-28 Until recently internal use of the armed forces has been generally regarded by the public as well as academic commentators as conduct to be expected of a military or autocratic regime not a democratic government There is however growing concern that the war on terror has been used to condition public opinion to accept the internal deployment of the armed forces including for broader industrial and political purposes This book examines the national and international law human rights and civil liberties issues involved in governments calling out troops to deal with civil unrest or terrorism As the introduction of military call out legislation has become an emerging global trend in the opening years of the 21st century there is considerable and growing interest in the constitutional and related problems surrounding the deployment of military forces for domestic purposes Examining the changes underway in six comparable countries the United States Canada Britain Germany Japan and Australia this book provides a review and analysis of this trend including its implications for legal and political rights **Strategic Cousins**

John C. Blaxland,2006-07-04 Blaxland traces the shift from ties with the British Empire which led Canadian and Australian forces to fight in the Boer War the two World Wars and Korea to their contribution alongside the United States in Afghanistan Using late twentieth century concepts of policy military strategy operations and tactics he reveals that Canada and Australia have had remarkably comparable experiences while supporting their key allies Although the two nations have at times chosen divergent courses their paths since the end of the Cold War have largely converged and closer collaboration could increase their influence and effectiveness and benefit their allies **9/11 And Canadian Special Operations**
