Canadian Newspaper Ownership In The Era Of Convergence Rediscovering Social Responsibility:

Canadian Newspaper Ownership in the Era of Convergence Walter C. Soderlund, Kai Hildebrandt, 2005-06 Canadian Newspaper Ownership in the Era of Convergence investigates the current state of Canada's newspaper industry in light of recent developments increasing concentration of ownership multi media convergence and controversy over the actions of proprietors Case studies examine how Conrad Black's acquisition of newspapers in the mid 1990s bringing his total ownership to over half of the country's dailies followed by the subsequent purchase of the most important of these by CanWest Global has actually influenced the content of newspapers Canadian Newspaper Ownership revisits social responsibility in the context of the changed media landscape as a means of prescribing how newspaper owners and employees might conduct themselves in the public interest *Cross-Media Ownership and Democratic Practice in Canada*

Walter C. Soderlund, 2012-04-10 Groundbreaking study of cross media ownership allays concerns of content convergence monopolization among newspapers and television **De-Convergence of Global Media Industries** Dal Yong

Jin, 2013-03-12 Convergence has become a buzzword referring on the one hand to the integration between computers television and mobile devices or between print broadcast and online media and on the other hand the ownership of multiple content or distribution channels in media and communications Yet while convergence among communications companies has been the major trend in the neoliberal era the splintering of companies de convergence is now gaining momentum in the communications market As the first comprehensive attempt to analyze the wave of de convergence of the global media system in the context of globalization this book makes sense of those transitions by looking at global trends and how global media firms have changed and developed their business paradigm from convergence to de convergence Jin traces the complex relationship between media industries culture and globalization by exploring it in a transitional yet contextually grounded framework employing a political economic analysis integrating empirical data analysis **In the News, 3rd edition**

William Wray Carney, Colin Babiuk, Mark Hunter LaVigne, 2019-03-01 Now in its third edition In the News is the standard Canadian textbook on media relations used across the country The authors provide an introduction to media relations grounded in both communications theory and hands on day to day experience Whether you need to promote your issues to the nation or reach small targeted groups this book is your step by step guide In the News is perfect for communications students media relations practitioners in the private public and voluntary sectors and anyone who wants to break a story The Political Economies of Media

Dwayne Winseck, Dal Yong Jin, 2012-05-08 The contributors show that digital media are disrupting entire media industries but without erasing the past and insist that one media sector is not the same as the next As the title signals even in the age of convergence and remix culture different media continue to display their own distinctive political economies The Palgrave Handbook of Gender, Sexuality, and Canadian Politics

Manon Tremblay, Joanna Everitt, 2020-11-20 The Palgrave Handbook of Gender Sexuality and Canadian Politics offers the first and

only handbook in the field of Canadian politics that uses gender which it interprets broadly as inclusive of sex sexualities and other intersecting identities as its category of analysis Its premise is that political actors identities frame how Canadian politics is thought told and done in turn Canadian politics as a set of ideas state institutions and decision making processes and civil society mobilizations does and redoes gender Following the standard structure of mainstream introductory Canadian politics textbooks this handbook is divided into four sections ideologies institutions civil society and public policy each of which contains several chapters on topics commonly taught in Canadian politics classes The originality of the handbook lies in its approach each chapter reviews the basics of a given topic from the perspective of gendered sexualized and other intersectional identities Such an approach makes the handbook the only one of its kind in Canadian Politics

Publicity and the Canadian State Kirsten Kozolanka,2014-01-01 Publicity and the Canadian State is the first sustained study of the contemporary practices of political communication focusing holistically on the tools of the publicity state and their ideological underpinnings advertising public opinion research marketing branding image consulting and media and information management as well as related topics such as election law and finance privacy think tank lobbying and non election communication campaigns Publishers website *Missing Women, Missing News* David

Hugill,2020-05-06T00:00:00Z *Missing Women Missing News* examines newspaper coverage of the arrest and trial of Robert Pickton the man charged with murdering 26 street level sex workers from Vancouver s Downtown Eastside It demonstrates how news narratives obscured the complex matrix of social and political conditions that made it possible for so many women to simply disappear from a densely populated urban neighborhood without provoking an aggressive response by the state Grounded in a theory of ideology this book argues that the coverage offers a series of coherent explanations that hold particular individuals and practices accountable but largely omit conceal or erase the broader socio political context that renders those practices possible *Seeing Red* Mark Cronlund Anderson,Carmen L. Robertson,2011-09-02 The first book to examine the role of Canada s newspapers in perpetuating the myth of Native inferiority *Seeing Red* is a groundbreaking study of how Canadian English language newspapers have portrayed Aboriginal peoples from 1869 to the present day It assesses a wide range of publications on topics that include the sale of Rupert s Land the signing of Treaty 3 the North West Rebellion and Louis Riel the death of Pauline Johnson the outing of Grey Owl the discussions surrounding Bill C 31 the Bended Elbow standoff at Kenora Ontario and the Oka Crisis The authors uncover overwhelming evidence that the colonial imaginary not only thrives but dominates depictions of Aboriginal peoples in mainstream newspapers The colonial constructs ingrained in the news media perpetuate an imagined Native inferiority that contributes significantly to the marginalization of Indigenous people in Canada That such imagery persists to this day suggests strongly that our country lives in denial failing to live up to its cultural mosaic boosterism

Language and Canadian Media Rachelle Vessey,2016-04-30 *Language Ideologies and Canadian Media* explores how French and English Canadian media discuss languages and language issues

which language ideologies predominate in English and French and whether language ideologies in traditional news media are transferred to new and social media Using corpus linguistics and discourse analysis and a variety of different datasets ranging from print newspapers to online news commentary and Twitter the author argues that language ideologies in Canadian media have a bearing not only on the extent to which Canadian language policies are adopted but also on the very way that Canadians understand themselves and their place in the nation

Trust Ownership and the Future of News Gavin Ellis, 2014-06-29 Crumbling business models mean news media structures must change Gavin Ellis explores the past and present use of newspaper trusts drawing on case studies such as the Guardian the Irish Times and the Pulitzer Prize winning Tampa Bay Times to make the case for a form of ownership dedicated to sustaining high quality journalism

Médias et démocratie Anne-Marie Gingras, 2009 Dans cet ouvrage Anne Marie Gingras analyse le rôle politique des médias privés et publics des sondages et des technologies médiatiques Elle décrit comment il se agit de maillons de la démocratie les représentant plutôt en partie comme des outils permettant la reproduction du pouvoir L auteure identifie les liens de dépendance entre les médias et les pouvoirs politiques Elle définit la politique spectacle et explique le code de communication des hommes et des femmes politiques Elle expose aussi une série de malaises liés à l'insertion des médias dans le système économique incidences de la propriété sur les contenus conséquences de la concentration de la presse et enfin marchandisation qui se traduit bien souvent par le mélange des genres entre information et divertissement Elle présente aussi une réflexion critique sur les sondages ces instruments qui passent pour être des consultations populaires entre les élections Les sondages recueillent ainsi la légitimité associée à la volonté du lectorat ce qu'on appelle opinion publique Enfin Anne Marie Gingras fait le point sur les technologies médiatiques qui ont connu une évolution fulgurante depuis quelques années Après avoir exposé les faits marquants de la naissance et de l'évolution d'Internet l'auteure explique les types de régulation en place pour les technologies médiatiques accède aux services protection de la vie privée liberté d'expression droits d'auteur etc Les effets des technologies médiatiques sur les comportements politiques sont aussi étudiés tout comme le militantisme sur Internet et les blogues politiques

Médias et démocratie - 3e édition Anne-Marie Gingras, 2011-01-27 T00:00:00-05:00 Quels sont les liens de dépendance entre les médias et les pouvoirs politiques et économiques Quel est le rôle politique des médias En complet porte faux avec le discours romantique du journaliste valeureux et prêt à défendre la vérité on le retrouve ici plutôt enserré dans un ensemble de contraintes organisationnelles dont certaines comme les logiques économiques de concentration et de marchandisation lui apparaissent naturelles

Impact of Globalization on the Local Press in China Shixin Ivy Zhang, 2014-04-02 Impact of Globalization on the Local Press in China investigates Chinese news production and content as well as the main factors that have caused significant changes to Chinese newspapers over the past three decades By conducting an in depth study of a particular leading newspaper group in China Beijing Youth Daily Zhang identifies and analyzes essential changes in press structure news organization and the role of journalists thus revealing the relations between the global and local external and

internal influences the Party state and the media and the media and the market This is the first comprehensive study of news making at both macro and micro levels in China It provides up to date empirical data analysis on the operation and practices of transforming Chinese newspapers offers a tool to form clarify and refine concepts on media globalization and journalism in developing countries like China and serves as a reference point for policy makers media practitioners academics and students who engage in journalism studies Chinese studies media management and globalization studies

Asper Nation
 Marc Edge, 2007 The second generation of Aspers that now runs Canada's largest news media company is much like the first Israel Izzy Asper's three children often appear in today's headlines David is bidding to buy the Winnipeg Blue Bombers football team Gail heads fundraising efforts for the new Canadian Museum of Human Rights Leonard sits in his father's place as head of CanWest Global Communications Like its founder they also use their media empire to influence public opinion Asper Nation explains why Canadians should be concerned about where the country's first family of news media is coming from politically Izzy Asper was an oddity as a Liberal politician in the 1970s Fiscally he was to the right of most Conservatives As a nationally syndicated newspaper columnist he called for a flat tax and workfare As a best selling author he helped thwart a plan to shift Canada's tax burden from the middle class onto corporations But when Asper took his policies to Manitobans as Liberal leader in 1973 he was soundly defeated Asper got into the television business instead and built Canada's third network Asper made CanWest the country's most profitable broadcaster by feasting on regulations that encouraged the importation of cheap American programming He took his formula to the world in the 1990s buying television networks in New Zealand Australia and Ireland Then in 2000 Asper pioneered media convergence buying Canada's largest newspaper chain from Conrad Black Southam dailies were soon ordered to run national editorials written at CanWest Global headquarters in Winnipeg This corporate news control brought protest from journalists and two government inquiries Neither resulted in long sought limits on media ownership however Marc Edge offers a compelling account of the political perils involved in allowing the Asper family to dominate Canadian media *Choice*, 2005

Concentration des médias, changements technologiques et pluralisme de l'information

Éric George, 2015-10-13T00:00:00-04:00 tre bien informé constitue un élément indispensable pour participer aux choix collectifs et au vivre ensemble en société Qu'il s'agisse de voter lors des élections de prendre part aux activités des partis politiques de s'engager dans les mouvements communautaires ou associatifs un certain consensus peut se faire sur l'importance du pluralisme de l'information Il est cependant beaucoup plus difficile de se mettre d'accord sur ce que l'on entend par l'expression pluralisme de l'information ainsi que sur les conditions minimales pour favoriser un tel état En proposant de mettre l'

accent sur le pluralisme des voix ainsi que des formats et des types d'entreprises le contenu de cet ouvrage nous invite à penser la diversité de façon plurielle et renouvelée. Dès lors, il apparaît important de revoir en ce sens les structures organisationnelles, les politiques publiques et les logiques dominantes, notamment économiques, alors que de l'autre, il importe d'encourager des pratiques innovantes qui favorisent cette diversité. Cet ouvrage fait suite à une douzaine d'années de recherches consacrées à l'analyse des liens entre la concentration de la propriété des médias, les changements technologiques et le pluralisme de l'information. *Quill & Quire*, 2005
