Mike Whicker,2004-01-01 While working on a top secret project for the U S Navy in 1942 in Evansville Indiana a Jewish metallurgist falls in love with a beautiful woman who is the Nazis top spy and who was sent to the United States to steal the very secret he holds and that could alter the course of the war **The Canaris File** Čestmír Amort,Ivo Milan Jedlička,1970

The Swastika Connection Harry Howell,2006-09 Judas is a dark journey through the murderousness of Christian Anti Semitism culminating in the mass slaughter of more than a and their associated European butchers Lucid study is close to definitive on the fictive figure of Judas Harold Bloom 1939 A R Grogan,2023-01-27 1939 is a Young Adult novel about a group of teenagers in one of the most dramatic years of the last century Rishaan is in the right place and time to meet many interesting people from Indian princesses with a stoic Sikh bodyguard to an exiled Albanian king He is talented with various skills family connections and opportunities that make him the perfect spy What was the secret Rishaan s Grandfather was going to tell him How much did the Indian princess know about his spying for Winston Churchill and could he trust the quiet boy from Czechoslovakia Rishaan Finch is not alone in his adventures he is joined by a group of children from other wealthy and powerful families who have been evacuated from London to the relative safety of Rishaan s parent s estate in the countryside of England Together they form a close group of comrades each with their lives affected by the war clouds covering Europe The first episode 1939 sees Rishaan Finch spying for Winston Churchill who is exiled from politics for being a warmonger Rishaan s eccentric grandfather an ex soldier in the British Colonial Army tells him stories of his adventures in Africa and the Middle East He inadvertently sets Rishaan on a path that will change him forever Rescued from the Reich Bryan Mark Rigg,2008-10-01 When Hitler invaded Warsaw in the fall of 1939 hundreds of thousands of civilians many of them Jewish were trapped in the besieged city The Rebbe Joseph Schneersohn the leader of the ultra orthodox Lubavitcher Jews was among them Followers throughout the world were filled with anguish unable to confirm whether he was alive or dead Working with officials in the United States government a group of American Jews initiated what would ultimately become one of the strangest and most miraculous rescues of World War II The escape of Rebbe Schneersohn from Warsaw has been the subject of speculation for decades Historian Bryan Mark Rigg has now uncovered the true story of the rescue which was propelled by a secret collaboration between American officials and leaders of German military intelligence Amid the fog of war a small group of dedicated German soldiers located the Rebbe and protected him from suspicious Nazis as they fled the city together During the course of the mission the Rebbe learned the shocking truth about the leader of the rescue operation the decorated Wehrmacht soldier Ernst Bloch he was himself half Jewish and a victim of the rising tide of German antisemitism A harrowing story about identity and moral responsibility Rescued from the Reich is also a riveting narrative history of one of the most extraordinary rescue missions of World War II **Ben Macintyre's Espionage Files** Ben Macintyre,2012-11-18 Agent Zigzag One December night in 1942 a Nazi parachutist landed in a Cambridgeshire field

His mission to sabotage the British war effort His name was Eddie Chapman but he would shortly become MI5 s Agent Zigzag Dashing and louche courageous and unpredictable inside the traitor was a hero inside the villain a man of conscience the problem for Chapman his many lovers and his spymasters was knowing where one ended and the other began Ben Macintyre weaves together diaries letters photographs memories and top secret MI5 files to create the exhilarating account of Britain s most sensational double agent Operation Mincemeat One overcast April morning in 1943 a fisherman notices a corpse floating in the sea off the coast of Spain When the body is brought ashore he is identified as a British soldier Major William Martin of the Royal Marines A leather attach case secured to his belt reveals an intelligence goldmine top secret documents Allied invasion plans But Major William Martin never existed The body is that of a dead Welsh tramp and every single document is fake Operation Mincemeat is the incredible true story of the most extraordinary deception ever planned by Churchill s spies an outrageous lie that travelled from a Whitehall basement all the way to Hitler s desk Double Cross D Day 6 June 1944 the turning point of the Second World War was a victory of arms But it was also a triumph for a different kind of operation one of deceit At the heart of the deception was the Double Cross System a team of double agents whose bravery treachery greed and inspiration succeeded in convincing the Nazis that Calais and Norway not Normandy were the targets of the 150 000 strong Allied invasion force These were not conventional warriors but their masterpiece of deceit saved thousands of lives Their codenames were Bronx Brutus Treasure Tricycle and Garbo This is their story **The Canaris File** Walter Winward,1984 *CHURCHILL'S CHILDREN - The Phantom Zeppelin* A R Grogan,2013-11-03 Churchill s Children is a coming of age story set against a back drop of the true events of the Second World War Christopher Finch is the son of a wealthy American diplomat and a British journalist who live in London in 1939 The events that unfurl during the next five years from his spying for Winston Churchill the British war time Prime minister to escaping the closing claws of the Nazi empire forms and shapes the talented Mr Finch Christopher Finch is not alone in his adventures he is joined by a group of children from other wealthy and powerful families who have been evacuated from London to Christopher s parent s estate in the countryside of England Together they form a close group of comrades each with their own lives affected by the war clouds that are covering Europe *Feast of the Black Phoenix* Herman Lloyd Bruebaker,2007-08-30 After enlisting in Theta s ultra secretive intelligence United States Marine Bruce Sherman didn t know about the diabolic schemes that would hurl him into the shadowy nightmarish world of demons Only weeks before he had successfully fought Forcas evils in bloody battles along Russia s Eastern Front Rumors of a sinister Feast of the Black Phoenix that was celebrated every four hundred years rumbled amidst the viciousness of the 1940s In Lisbon he discovered clues that lead him into the Carpathian Mountains There he encountered terrors not believed possible Matching wits with Forcas Sisters of the Veil fighting ghouls and vampires and struggling against the walking dead he must stop this ritual from maturing In a valley where time is suspended Bruce discovers he must fight evil on its own turf Searching deep into his own consciousness for solutions this became

difficult because of his own disbelief Once again the Allied spy must forge an unpredictable alliance with Hitler's armies to gain entry into German occupied territory *Hitler's Last Chief of Foreign Intelligence* Reinhard R. Doerries, 2004-11-23

When the curtains fell on the Thousand Year Reich in May 1945 SS Brigadeführer Walter Schellenberg left for neutral Stockholm only to be taken shortly thereafter to Frankfurt and London for interrogating The Final Report on the Case of Walter Schellenberg is the revealing product of those Allied interrogations Reinhard R Doerries has written the first scholarly appraisal of Schellenberg as a Nazi leader and Hitler's final head of foreign intelligence **Operation "Valkyrie"** Winfried Heinemann, 2021-11-08 20 July 1944 is usually associated with the bomb plot to murder Hitler However what distinguishes Colonel Stauffenberg's plan from all others is that the attempt on the Führer's life was only to be the initial stage of a full military coup d'état The aim was to overthrow the murderous regime and to end the war as soon as possible The conspiracy has long been analyzed from political social religious or moral points of view This book asks what the military dimension of the plan was What traditions in the German army were at work how was planning and preparation done and why did the plot fail eventually What is more how did the conspiracy affect the German armies created in East and West after World War II and also the Austrian Army As the politicians among the conspirators thought in categories of Imperial Germany or at least the Weimar Republic the officers among them were conditioned by the Reichswehr Yet Stauffenberg and some others were also bright intellectuals who were willing to incorporate their war experience into their plans rendering them surprisingly modern at times The coup d'état had been planned as meticulously as circumstances in war-torn Berlin allowed However as most officers had foreseen once it became public knowledge that Hitler had survived Stauffenberg's bomb army units refused to act The myth surrounding the Führer effectively prevented any military action against him Still the failed uprising had its effects the regime took the opportunity to tilt the balance of power further in favor of Himmler and his fiefdom SS Gestapo Police to the detriment of the army which Hitler felt was too reactionary anyway The leadership of the West German Bundeswehr always saw the failed uprising as part of its tradition but it took time for this attitude to percolate down to the rank and file For decades some of the former Wehrmacht soldiers viewed Stauffenberg and his friends as traitors The book is the first to approach this important event in German history from a specifically military point of view and that results in some surprising new results **Churchill's Children Hard Back** A R Grogan, 2013-11 When I was a child living in Liverpool England I often stayed with my grandparents near the docks On those long weekends they would tell me amazing stories about the Second World War My grandmother was a great storyteller sharing her memories next to the fire smoking cigarettes and constantly drinking tea and the occasional whiskey She had a way of telling a story that would pull you in and with her silhouetted against the perpetual roaring coal fire and cigarette smoke I would let my schoolchild fantasy soar These stories were often about the children in Liverpool who had been evacuated including her own children my parents or about soldiers from families she knew who had gone off to fight and had returned home with tales of their own One of the stories

she told was that one day she was down on the docks of Liverpool She had gone down there because the Queen Mary Cruiser had arrived and she had never seen that famous ship When she arrived at the docks she noticed a few children from wealthy families playing on the wharf They were enjoying a moment on land before the ship sailed for the five day journey to New York These children were being evacuated but not to farmers outside the city like my parents Instead they would be whisked away by sea or air to glamorous and extravagant America As she got closer to the children my grandmother realized they were from different nationalities and was amazed how easily they jumped from one language to another They were the children of diplomats and European Royalty industrialists and the famous Even though they were young children they were used to a life that my old grandmother could only dream about Those tales rubbed off on me As a child I used to write short stories about these children how they would have adventures and as children how they could move almost unnoticed among the rich and influential of the time

German Foreign Intelligence from Hitler's War to the Cold War Robert

Hutchinson,2019-01-25 In the Allies post war analyses of the Nazis defeat the weakness and incompetence of the German intelligence services figured prominently And how could it have been otherwise when they worked at the whim of a regime in the grip of ignorant maniacs But what if Robert Hutchinson asks the worldviews of the intelligence services and the ignorant maniacs aligned more closely than these analyses and subsequent studies assumed What if the reports of the German foreign intelligence services rather than being dismissed by ideologues who knew better instead served to reinforce the National Socialist worldview Returning to these reports examining the information on enemy nations that was gathered processed and presented to leaders in the Nazi state Hutchinson s study reveals the consequences of the politicization of German intelligence during the war as well as the persistence of ingrained prejudices among the intelligence services Cold War successors Closer scrutiny of underutilized and unpublished reports shows how during the World War II the German intelligence services supported widely held assumptions among the Nazi elite that Britain was politically and morally bankrupt that the Soviet Union was tottering militarily and racially inferior and that the United States vast economic potential was undermined by political cultural and racial degeneration Furthermore Hutchinson argues these distortions continued as German intelligence veterans parlayed their supposed expertise on the Soviet Union into positions of prominence in Western intelligence in the early years of the Cold War With its unique insights into the impact of ideology on wartime and post war intelligence his book raises important questions not only about how intelligence reports can influence policy decisions but also about the subjective nature of intelligence gathering itself

Censorship, Indirect Translations

and Non-translation Jaroslav Spirk,2014-09-18 Indirect Translations and Non Translation The Fateful Adventures of Czech Literature in 20th century Portugal a pioneering study of the destiny of Czech and Slovak literature in 20th century Portugal is a gripping read for anyone seeking to look into intercultural exchanges in Europe beyond the so called dominant or central cultures Concentrating on relations between two medium sized lingua and socio cultures via translation this book discusses

and thoroughly investigates indirect translations and the resulting phenomenon of indirect reception the role of paratexts in evading censorship surprising non translation and by extension the impact of political ideology on the translation of literature In drawing on the work of Ji Lev and Anton Popovi two outstanding Czechoslovak translation theorists this book opens up new avenues of research both theoretically and methodologically As a whole the author paints a much broader picture than might be expected Scholars in areas as diverse as translation studies comparative literature reception studies Czech literature and Portuguese culture will find inspiration in this book By researching translation in two would be totalitarian regimes this monograph ultimately contributes to a better understanding of the international book exchanges in the 20th century between two non dominant or semi peripheral European cultures *Killing Hitler* Roger Moorhouse,2012-08-31 Most people have heard of the Stauffenberg Plot but it is not widely known that this was only one of a long series of attempts on the life of Adolf Hitler The Germans Soviets Poles and British all made plans to kill the Fuhrer Lone gunmen disaffected German officers and the Polish Underground the Soviet NKVD and the British Special Operations Executive were all involved Their methods varied from bombing poisoning or using a sniper to infiltrating the SS or even sending Rudolf Hess back to Germany under hypnosis Many of the plans did not make it beyond the drawing board some were carried out All of them failed Alongside the dramatic and largely unknown stories of Hitler s numerous assassins this book presents a fascinating investigation of a number of broader issues such as the complex motives of the German Resistance the curious squeamishness of the British and the effectiveness of the Nazi security apparatus Drawing on memoirs and original archival sources in Poland Germany Russia and Britain *Killing Hitler* offers a unique perspective on the history of the Third Reich

Nazi Intelligence Operations in Non-Occupied Territories Christopher Vasey,2016-07-14 Drawing heavily on recently declassified sources this examination of German wartime intelligence services traces the logistical and strategic expansion of the Third Reich s foreign covert operations in World War II Beginning with the changes introduced to counteract institutional neglect the author describes attempts to penetrate both neutral and adversarial nations outside territories occupied by the Wehrmacht The Nazis created covert teams for counterintelligence and penetrating border defenses Strategies were formed for assembling saboteur divisions in North and South America while data were gathered on industrial installations to target American fascist movements of the 1930s are discussed along with Nazi sabotage missions in the United States and intelligence penetrations and domestic collusion in Latin America *After Valkyrie* Don Allen Gregory,2018-11-22 After Operation Valkyrie the failed July 20 1944 plot to assassinate Adolf Hitler and seize control of the German government both the Third Reich and Hitler came to a violent end Hitler promised a classless fatherland before he became chancellor and had covertly been liquidating Germany s elite officer corps long before Stalingrad Today it is possible to reconstruct and connect important events and biographies of the principle characters to chronicle the disappearance of Germany s officer class its nobility and for a time its civilian leadership **British Intelligence in the Second World War**

Francis Harry Hinsley, 1979 Hitler and Spain Robert H. Whealey, 2021-05-11 An imperative starting point of any future inquiry concerning Nazi Germany's incursion into and manipulation of Spain's civil strife International History Review The Spanish Civil War begun in July 1936 was a preliminary round of World War II Hitler's and Mussolini's cooperation with General Franco resulted in the Axis agreement of October 1936 and the subsequent Pact of Steel of May 1939 immediately following the end of the Civil War This study presents comprehensive documentation of Hitler's use of the upheaval in Spain to strengthen the Third Reich diplomatically ideologically economically and militarily While the last great cause drew all eyes to Western Europe and divided the British and especially the French internally Hitler could pursue territorial gains in Eastern Europe This book based on little known German records and recently opened Spanish archives fills a major gap in our understanding of one of the twentieth century's most significant conflicts Its comprehensive treatment of German Spanish relations from 1936 through 1939 bringing together diplomatic economic military and naval aspects will be of great value to specialists in European diplomacy and the political economy of Nazi imperialism as well as to all students of the Spanish Civil War A major contribution to understanding not only the Spanish conflict but also the history of the thirties and in particular the failure of Britain France and the Soviet Union to make common cause against fascist powers History Workshop Journal **The Second World War: a Bibliography**, 1972
