Blind Oracles Intellectuals And War From Kennan To Kissinger

Brian S. Mueller

Blind Oracles Intellectuals And War From Kennan To Kissinger:

Blind Oracles Bruce Kuklick, 2007-08-05 In this trenchant analysis historian Bruce Kuklick examines the role of intellectuals in foreign policymaking. He recounts the history of the development of ideas about strategy and foreign policy during a critical period in American history: the era of the nuclear standoff between the United States and the Soviet Union. The book looks at how the country's foremost thinkers advanced their ideas during this time of United States expansionism: a period that culminated in the Vietnam War and détente with the Soviets. Beginning with George Kennan after World War II and concluding with Henry Kissinger and the Vietnam War, Kuklick examines the role of both institutional policymakers such as those at The Rand Corporation and Harvard's Kennedy School and individual thinkers including Paul Nitze, McGeorge Bundy, and Walt Rostow. Kuklick contends that the figures having the most influence on American strategy, Kissinger for example, clearly understood the way politics and the exercise of power affects policymaking. Other brilliant thinkers on the other hand often played a minor role, providing at best a rationale for policies adopted for political reasons. At a time when the role of the neoconservatives' influence over American foreign policy is a subject of intense debate, this book offers important insight into the function of intellectuals in foreign policymaking. [The North Atlantic Treaty Organization](#) Julian Lindley-French, 2006-11-22 This book is an excellent introduction to the North Atlantic Treaty Organization (NATO). Julian Lindley-French clearly outlines all of the institution's key facets to deliver an authoritative account. Detailing the origins, institutions, workings, and activities of NATO, this volume also focuses on its future as the institutional basis for the security dimension of the transatlantic relationship and an institution contributing to global security. It is clear that NATO faces fresh challenges in the twenty-first century and will be in the spotlight for years to come. *HENRY KISSINGER AND THE AMERICAN CENTURY* Jeremi Suri, 2009-05-01 What made Henry Kissinger the kind of diplomat he was? What experiences and influences shaped his worldview and provided the framework for his approach to international relations? Suri offers a thought-provoking interpretive study of one of the most influential and controversial political figures of the twentieth century.

Hans J. Morgenthau and the American Experience Cornelia Navari, 2017-11-24 This edited volume covers the development of the thought of the political realist Hans J. Morgenthau from the time of his arrival in America from Nazi-dominated Europe through to his emphatic denunciation of American policy in the Vietnam War. Critical to the development of thinking about American foreign policy in the post-war period, he laid out the idea of a national interest defined in terms of power, the precarious uncertainty of the international balance of power, the weakness of international morality, the decentralized character of international law, the deceptiveness of ideologies, and the requirements of a peace-preserving diplomacy. This volume is required reading for students of American foreign policy and for anyone who wishes to understand the single most important source of the ideas underpinning American foreign policy since the end of the Second World War.

Society on the Edge Philippe Fontaine, Jefferson D. Pooley, 2020-12-10 Leading historians trace the changing fortunes of

the social science of social problems since World War II **The History of American Foreign Policy From 1895** Jerald A. Combs, 2012-06-04 This affordable text offers a clear concise and readable narrative and analytical history of American foreign policy since the Spanish American War Special attention is given to the controversial issues and contrasting views that surround major wars and foreign policy decisions that the United States has made from 1895 to the present The book narrates events and policies but goes further to emphasize the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders themselves **Morgenthau** William E. Scheuerman, 2013-04-30 The ideas of Hans Morgenthau dominated the study of international politics in the United States for many decades He was the leading representative of Realist international relations theory in the last century and his work remains hugely influential in the field In this engaging and accessible new study of his work William E Scheuerman provides a comprehensive and illuminating introduction to Morgenthau s ideas and assesses their significance for political theory and international politics Scheuerman shows Morgenthau to be an uneasy Realist uncomfortable with conventional notions of Realism and sometimes unsure whether his reflections should be grouped under its rubric He was a powerful critic of the existing state system and defended the idea of a world state By highlighting Morgenthau s engagement with the leading lights of European political and legal theory Scheuerman argues that he developed a morally demanding political ethics and an astute diagnosis of the unprecedented perils posed by nuclear weaponry Believing that the irrationalities of US foreign policy were rooted partly in domestic factors he sympathized with demands for radical political and social change Scheuerman illustrates that Morgenthau s thinking has been widely misunderstood by both disciples and critics and that it offers many challenges to contemporary Realists who discount his normative aspirations With the advent of the cosmopolitan goal of international reform Morgenthau s work serves up an unsettling mix of sympathy and hard headed skepticism which remains crucially important in the development of the field Lucidly and persuasively written this book will be a valuable resource for students and scholars seeking to understand the continued importance of Morgenthau s thinking **America and Iraq** David Ryan, Patrick Kiely, 2009-01-13 This edited volume provides an overview on US involvement in Iraq from the 1958 Iraqi coup to the present day offering a deeper context to the current conflict Using a range of innovative methods to interrogate US foreign policy ideology and culture the book provides a broad set of reflections on past present and future implications of US Iraqi relations and especially the strategic implications for US policy making In doing so it examines several key aspects of relationship such as the 1958 Iraqi Revolution the impact of the 1967 Arab Israeli War the impact of the Nixon Doctrine on the regional balance of power US attempts at rapprochement during the 1980s the 1990 91 Gulf War and finally sanctions and inspections Analysis of the contemporary Iraq crisis sets US plans against the reality they faced in the country and explores both attempts to bring security to Iraq and the implications of failure **The End of Ambition** Mark Atwood

Lawrence, 2024-11-26 A groundbreaking new history of how the Vietnam War thwarted U S liberal ambitions in the developing world and at home in the 1960s At the start of the 1960s John F Kennedy and other American liberals expressed boundless optimism about the ability of the United States to promote democracy and development in Asia Africa the Middle East and Latin America With U S power resources and expertise almost anything seemed possible in the countries of the Cold War s Third World developing postcolonial nations unaligned with the United States or Soviet Union Yet by the end of the decade this vision lay in ruins What happened In *The End of Ambition* Mark Atwood Lawrence offers a groundbreaking new history of America s most consequential decade He reveals how the Vietnam War combined with dizzying social and political changes in the United States led to a collapse of American liberal ambition in the Third World and how this transformation was connected to shrinking aspirations back home in America By the middle and late 1960s democracy had given way to dictatorship in many Third World countries while poverty and inequality remained pervasive As America s costly war in Vietnam dragged on and as the Kennedy years gave way to the administrations of Lyndon B Johnson and Richard M Nixon America became increasingly risk averse and embraced a new policy of promoting mere stability in the Third World Paying special attention to the U S relationships with Brazil India Iran Indonesia and southern Africa *The End of Ambition* tells the story of this momentous change and of how international and U S events intertwined The result is an original new perspective on a war that continues to haunt U S foreign policy today

France, Britain and the United States in the Twentieth Century: Volume 2, 1940-1961 Andrew J. Williams, 2019-12-31 In his account of the relationship between France the UK and the US Andrew Williams successfully intertwines diplomatic history with international thought We are presented with a historical stage that includes both the doers and the thinkers of the age and as a result this is a must read for both diplomatic historians and historians of international thought The second in a multivolume study this volume takes the story beyond the fall of France into the war years the period of post war reconstruction and the Cold War As with the first volume Williams is an excellent guide stepping over the ruins of past worlds and introducing us to an epoch with more than its fair share of both visionaries and villains Yet in this second volume the stakes are higher as the United States comes to terms with its role as the paramount world power Britain faces a world that challenges its imperial order and France is picking up the pieces from its defeat Lucian Ashworth Memorial University Canada Following on from his outstanding first volume reviewing the complex interwar relationships between France Britain and the United States Williams second volume is an indispensable and lucid overview of the vitally important era of post war reconstruction From national post war developments to institutional structures and superpower shifts Williams examines clearly and engagingly the final passing of pre modern power structures and the emergence of a new Europe Amelia Hadfield University of Surrey UK divAt a time of intense debates about Europe the Anglosphere and empires old and new Andrew Williams s book is a timely demonstration that the weight of emotion in the shaping of foreign policy and its makers should not be forgotten Unearthing some of the

forces profondes in diplomacy and reflecting on feelings of humiliation and liberation in national constructs Andrew Williams discusses the cultural conceptions and misconceptions that French American and British diplomats had of each other thereby revisiting the reasons why the special relationship was largely a myth but one which had tangible consequences on French and British policies in their retreat from empire By connecting the personal and the national the structural and accidental Williams offers essential insights into the major conflicts of the period and their impact on diplomatic cultures across the Atlantic

M lanie Torrent Universit Picardie Jules Verne Amiens France The second volume of this study of France s unique contribution to the international relations of the last century covers the period from the Fall of France in 1940 to Charles de Gaulle s triumphant return to power in the late 1950s France had gone from being a victorious member of the coalition with Britain and the United States that won the First World War to a defeated nation in a few short weeks France then experienced the humiliation of collaboration with and occupation by the enemy followed by resistance and liberation and a slow return to global influence over the next twenty years This volume examines how these processes played out by concentrating on France s relations with Britain and the United States most importantly over questions of post war order the integration of Europe and the withdrawal from Empire

Ethics and World Politics Duncan Bell, 2010-03-25 The book opens with a discussion of different methods and approaches employed to study the subject including analytical political theory post structuralism and critical theory It then surveys some of the most prominent perspectives on global ethics including cosmopolitanism communitarianism of various kinds theories of international society realism postcolonialism feminism and green political thought Part III examines a variety of more specific issues including immigration democracy human rights the just war tradition and its critics international law and global poverty and inequality Publisher description

Politics of Catastrophe Claudia Aradau, Rens Van Munster, 2011-05-02 This book argues that catastrophe is a particular way of governing future events such as terrorism climate change or pandemics which we cannot predict but which may strike suddenly without warning and cause irreversible damage At a time where catastrophe increasingly functions as a signifier of our future imaginaries of pending doom have fostered new modes of anticipatory knowledge and redeployed existing ones Although it shares many similarities with crises disasters risks and other disruptive incidents this book claims that catastrophes also bring out the very limits of knowledge and management The politics of catastrophe is turned towards an unknown future which must be imagined and inhabited in order to be made palpable knowable and actionable Politics of Catastrophe critically assesses the effects of these new practices of knowing and governing catastrophes to come and challenges the reader to think about the possibility of an alternative politics of catastrophe This book will be of interest to students of critical security studies risk theory political theory and International Relations in general

The Eccentric Realist Mario Del Pero, 2013-07-02 In *The Eccentric Realist* Mario Del Pero questions Henry Kissinger s reputation as the foreign policy realist par excellence Del Pero shows that Kissinger has been far more ideological and inconsistent in his

policy formulations than is commonly realized Del Pero considers the rise and fall of Kissinger's foreign policy doctrine over the course of the 1970s beginning with his role as National Security Advisor to Nixon and ending with the collapse of détente with the Soviet Union after Kissinger left the scene as Ford's outgoing Secretary of State Del Pero shows that realism then not unlike realism now was as much a response to domestic politics as it was a cold hard assessment of the facts of international relations In the early 1970s Americans were weary of ideological forays abroad Kissinger provided them with a doctrine that translated that political weariness into foreign policy Del Pero argues that Kissinger was keenly aware that realism could win elections and generate consensus Moreover over the course of the 1970s it became clear that realism as practiced by Kissinger was as rigid as the neoconservatism that came to replace it In the end the failure of the détente forged by the realists was not the defeat of cool reason at the hands of ideologically motivated and politically savvy neoconservatives Rather the force of American exceptionalism the touchstone of the neocons overcame Kissinger's political skills and ideological commitments The fate of realism in the 1970s raises interesting questions regarding its prospects in the early years of the twenty first century

After 9/11: Leading Political Thinkers about the World, the U.S. and Themselves Tobias Endler, 2011-03-08 After 9/11 presents 17 interviews with America's leading political thinkers Renowned experts such as Zbigniew Brzezinski Francis Fukuyama and Noam Chomsky discuss the nation's foreign policy in the post 9/11 world Yet they also comment on their own role in US society and the mounting challenges they face today The conversations illustrate the hopes and expectations the anger and frustration the shattered beliefs and unshakable convictions of the nation's preeminent minds at a time when America made its epic transition from George W Bush to Barack Obama Renowned experts engage in a vibrant debate about their nation's position on the global stage What is America's foreign policy in the post 9/11 world What should it be What led to the catastrophe of September 11 How best to prevent another one and how to restore America's damaged reputation What to expect of Obama While struggling to define their nation's role in a world that has changed since the terror attacks the intellectuals discuss their own role in 21st century society a society that thrives on public discourse The book is written for students graduates and lecturers in political science sociology culture studies philosophy and history However anyone interested not only in the political positions of America's most prominent thinkers but also in how these thinkers feel about what they do and how they do it will enjoy this book Interview partners Benjamin Barber John Bolton Zbigniew Brzezinski Noam Chomsky Francis Fukuyama Jean Bethke Elshtain Robert O Keohane James M Lindsay Michael Novak Joseph Nye Clyde Prestowitz Anne Marie Slaughter Nancy Soderberg Strobe Talbott Michael Walzer Cornel West Howard Zinn *Democracy's Think Tank* Brian S. Mueller, 2021-07-02 In Democracy's Think Tank Brian S Mueller places the Institute for Policy Studies IPS at the center of a network of activists involved in making the world safe for diversity Unlike defense intellectuals at the RAND Corporation and other think tanks responsible for formulating military strategy the peace intellectuals at IPS developed blueprints for an

alternative to the U S led world order As the Iron Curtain fell across Eastern Europe a triumphalist Cold War narrative emerged proclaiming victory for freedom democracy and free enterprise over totalitarianism Yet for the peace intellectuals at IPS the occasion did not merit celebration Since its doors opened in 1963 IPS refused to embrace American exceptionalism and waged a battle against the Cold War and its liberal anti communist supporters As IPS founders Marcus Raskin and Richard Barnet saw it in the process of fighting communism and preserving the liberal capitalist order Cold War liberals had forsaken democracy Democracy s Think Tank tells the story of IPS s crusade to resurrect democracy at home and abroad Borrowing from populist progressive and New Left traditions IPS challenged elite expertise and sought to restore power to the people To this end IPS in the words of journalist I F Stone served as the institute for the rest of us Mueller tells the story of IPS s involvement in a broad range of grassroots campaigns aimed at ending the Cold War and increasing participatory democracy in the United States and across the globe Contemporary observers seeking an alternative to American empire in the twenty first century will find Democracy s Think Tank offers several possible paths toward a more democratic order

Rethinking Ethical Foreign Policy David Chandler,Volker Heins,2006-11-28 Ethics and foreign policy new perspectives on an old problem Volker Heins and David Chandler Geographies of ethical intervention neo Wilsonianism the limits of American ethical foreign policy Alex Gourevitch Crusaders and snobs moralizing foreign policy in Britain and Germany 1999 2005 Volker Heins Poor man s ethics peacekeeping and the contradictions of ethical ideology Philip Cunliffe Theoretical issues The West divided law and ethics in foreign policy Peter Niesen European Union normative power and ethical foreign policy Ian Manners Moral judgments on international interventions a Bosnian perspective Isabelle Delpla Techniques and tactics of ethical intervention The other regarding ethics of the empire in denial David Chandler Agents of truth and justice truth commissions and the transitional justice epistemic community Michal Ben Josef Hirsch Precision in uncertain times targeting as a mode of justification of the use of force Ariel Colonomos Trusteeship and contemporary international society William Bain **The Rise and Decline of the American Century** William O. Walker III,2018-10-15 No detailed description

available for **The Rise and Decline of the American Century** **The Shock of the Global** Niall Ferguson,Charles S. Maier,Erez Manela,Daniel J. Sargent,2011-10-15 From the vantage point of the United States or Western Europe the 1970s was a time of troubles economic stagflation political scandal and global turmoil Yet from an international perspective it was a seminal decade one that brought the reintegration of the world after the great divisions of the mid twentieth century It was the 1970s that introduced the world to the phenomenon of globalization as networks of interdependence bound peoples and societies in new and original ways The 1970s saw the breakdown of the postwar economic order and the advent of floating currencies and free capital movements Non state actors rose to prominence while the authority of the superpowers diminished Transnational issues such as environmental protection population control and human rights attracted unprecedented attention The decade transformed international politics ending the era of bipolarity and launching two great

revolutions that would have repercussions in the twenty first century the Iranian theocratic revolution and the Chinese market revolution The Shock of the Global examines the large scale structural upheaval of the 1970s by transcending the standard frameworks of national borders and superpower relations It reveals for the first time an international system in the throes of enduring transformations *The Tragedy of U.S. Foreign Policy* Walter A. McDougall, 2018-11-22 A fierce critique of civil religion as the taproot of America's bid for global hegemony Pulitzer Prize winning historian Walter A McDougall argues powerfully that a pervasive but radically changing faith that God is on our side has inspired U S foreign policy ever since 1776 The first comprehensive study of the role played by civil religion in U S foreign relations over the entire course of the country's history McDougall's book explores the deeply infused religious rhetoric that has sustained and driven an otherwise secular republic through peace war and global interventions for more than two hundred years From the Founding Fathers and the crusade for independence to the Monroe Doctrine through World Wars I and II and the decades long Cold War campaign against godless Communism this coruscating polemic reveals the unacknowledged but freely exercised dogmas of civil religion that bind together a God blessed America sustaining the nation in its pursuit of an ever elusive global destiny Cult of the Irrelevant Michael C. Desch, 2021-09-28 How professionalization and scholarly rigor made social scientists increasingly irrelevant to US national security policy To mobilize America's intellectual resources to meet the security challenges of the post 9 11 world US Secretary of Defense Robert M Gates observed that we must again embrace eggheads and ideas But the gap between national security policymakers and international relations scholars has become a chasm In *Cult of the Irrelevant* Michael Desch traces the history of the relationship between the Beltway and the Ivory Tower from World War I to the present day Recounting key Golden Age academic strategists such as Thomas Schelling and Walt Rostow Desch's narrative shows that social science research became most oriented toward practical problem solving during times of war and that scholars returned to less relevant work during peacetime Social science disciplines like political science rewarded work that was methodologically sophisticated over scholarship that engaged with the messy realities of national security policy and academic culture increasingly turned away from the job of solving real world problems In the name of scientific objectivity academics today frequently engage only in basic research that they hope will somehow trickle down to policymakers Drawing on the lessons of this history as well as a unique survey of current and former national security policymakers Desch offers concrete recommendations for scholars who want to shape government work The result is a rich intellectual history and an essential wake up call to a field that has lost its way

Blind Oracles Intellectuals And War From Kennan To Kissinger Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Blind Oracles Intellectuals And War From Kennan To Kissinger free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Blind Oracles Intellectuals And War From Kennan To Kissinger free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Blind Oracles Intellectuals And War From Kennan To Kissinger free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Blind Oracles Intellectuals And War From Kennan To Kissinger. In

conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Blind Oracles Intellectuals And War From Kennan To Kissinger any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Blind Oracles Intellectuals And War From Kennan To Kissinger Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Blind Oracles Intellectuals And War From Kennan To Kissinger is one of the best book in our library for free trial. We provide copy of Blind Oracles Intellectuals And War From Kennan To Kissinger in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Blind Oracles Intellectuals And War From Kennan To Kissinger. Where to download Blind Oracles Intellectuals And War From Kennan To Kissinger online for free? Are you looking for Blind Oracles Intellectuals And War From Kennan To Kissinger PDF? This is definitely going to save you time and cash in something you should think about.
