Artell,2008-06 Interesting information about a variety of insects and other bugs is presented in an question and answer format **A City of Bloodsuckers** O.O. Kandison,2012-07-18 This novel is a work of fiction and the characters are all

fictional that is they come out of my imagination But if they bear any resemblance to specific judges lawyers and cops it is not a matter of coincidence It is because I chose to use such names for them to get mad the same way I am mad about the injustice done to me by three judges for a crime I cried and swore I did not commit I was charged and found guilty even though I was the one who was assaulted and battered an assault and battery that has now partially left me deaf and above all has left me with only one testicle while the judges and the attorneys have played their games right I also created this fictional event of the court I have used names that came out of my imagination to represent all the players in this book and I put them in chapters where they are meant to serve my purpose the same way three notorious judges all served their purpose against me But I should make it clear though that the names of the noncourtroom players whom I have used here are products of my imagination or are used fictitiously Any resemblance to actual events or locales or persons living or dead is entirely coincidental Therefore the actions and motivations of these players are entirely my idea Again simply put there is no connection in the manner I brought them into the book If I have caused embarrassment to anyone other than some judges I have directed my anger to or the attorneys the security men of Circus Circus Hotel Casino and the cops in any manner I wish here and now to apologize openly and sincerely And bear in mind that without the humanities with the novelists playwrights poets and actors of our world let alone the comedians to express the First Amendment or mock those who wrong us or who rule the world we would not have movies or theaters Therefore all the movies we might think we have would be worth nothing Ogbemor K Ogbesia November 8 2001 *Bloodsuckers of the Animal World* Jody Sullivan Rake,2015 Discusses various organisms throughout the world that consume blood as a part of their diets *A New English Dictionary on*

with an improbable premise Amish vampires and the Chosen an Amish girl destined to fight these extraordinary nightmares This book didn't disappoint It had a strong tough heroine who struggled between her calling and the desire to just be a normal girl it had butt kicking action scenes and it had the kind of quotable lines we got when Buffy was at her snarky best It had a thread of wry humor that ran throughout the book and nicely balanced out the drama and suspense that kept me reading late into the night **"Twice the Thrills!
