The Book of Sheen Charlie Sheen,2025-09-09 NEW YORK TIMES BESTSELLER For the first time Charlie Sheen the star of *Platoon* *Wall Street* *Major League* and *Two and a Half Men* writes the story of his extraordinary life in an unfiltered memoir We can live the stories or hear about them later from others I choose the former Charlie Sheen should not be alive to write this book But in *The Book of Sheen* the movie and TV star who has defied the odds finally presents his story in his own words Charlie Sheen was born the third of four children to

actor Martin Sheen and his wife Janet He grew up on film sets from his father's all over the world to his own in Malibu There he made ambitious Super 8s with a roster of friends who went on to become household names themselves including his brother Emilio Sean and Chris Penn and the Lowe brothers Sheen broke into movies in the 1980s playing a hoodlum in Ferris Bueller's Day Off a young soldier in Platoon and an ethically compromised trader in Wall Street But somewhere along the way despite a successful transition to TV leading man in Spin City and Two and a Half Men Sheen descended into a vortex of extracurricular activities Now sober Sheen delivers a clear-eyed narrative of his highs and lows with humor candor and a vivid captivating writing style that is uniquely his The Book of Sheen reads like a far-fetched overstuffed novel of Hollywood life yet it is all true

Dance Music Tami Gadir, 2023-08-10 For some people at some times in some places on some drugs dance music can be a gateway to transformative even transcendent experiences With the help of skilled DJs dancers can reach euphoric states discard their egos and feel social barriers dissolve Dance floors can be sites of openness subversion and even small scale acts of political resistance At a minimum dance music lightens the burdens of contemporary life At its best dance music offers glimpses of better worlds Yet even where dance music communities are built on principles of resistance and liberation they nevertheless share the grittier realities of the rest of the world Dance Music makes the case that dance music is ordinary and that something exceeding the social and spatiotemporal bounds of the dance floor is required for the transformative promise of dance music to be realized **Electronica, Dance and Club Music** Mark J. consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Law in Crisis Ruth A. Miller,2009-08-18 Taking natural disaster as the political and legal norm is uncommon Taking a person who has become unstable and irrational during a disaster as the starting point for legal analysis is equally uncommon Nonetheless in Law in Crisis Ruth Miller makes the unsettling case that the law demands an ecstatic subject and that natural disaster is the endpoint to law Developing an idiosyncratic but compelling new theory of legal and political existence Miller challenges existing arguments that whether valedictory or critical have posited the rational bounded self as the normative subject of law By bringing a distinctive accessible reading of contemporary political philosophy to bear on source material in several European and Middle Eastern languages Miller constructs a cogent analysis of natural disaster and its role in modern subject formation In the process she opens up exciting new lines of inquiry in the fields of law politics and gender studies Law in Crisis represents a promising new development in the interdisciplinary study of law **The Sacred Books of Thelema** Aleister Crowley,S.
