Minot J. Savage, 2019-08-30 From the PREFACE THERE are two or three points which I wish the reader to have clearly in mind before he begins my little book So I will set them down here even at the risk of repeating something which is already in the text Some of these concern my own personal point of view The only excuse for referring to these is that in treating of matters of this sort one needs to take account of the personal equation Very few persons are free from bias and I wish the reader to take mine into consideration First I have never called myself a spiritualist Those opposed to spiritualism have frequently charged me with being one while on the other hand extreme believers have taken me to task for not assuming the name My objection to this is not the unpopularity of the movement If I have done nothing else in my life so far I think I have proved that I am not afraid to express my opinions The word spiritualist as ordinarily used covers a state of mind which misrepresents my true position The popular movement called spiritualism has been marked by credulity a readiness to cover up if not to defend fraud and an enthusiasm far from critical To call myself a spiritualist then would be to take a position in popular estimation which I do not really hold Secondly I frankly confess that I am strongly inclined to hold the belief in continued personal existence as capable of proof and in the possibility of at least occasional communication I have been a student of these matters for twenty eight years I have believed that certain things were taking place which were worthy of the most serious study But I hold that the scientific method is the only method of knowledge So I have felt that I had no right to express a certainty in this direction until that certainty could be made good after the most careful painstaking scientific investigation I have never been able to understand how anyone should wish to believe that which is not true I would much rather wait until the fact of death and so find out as the result of personal experience than to accept any hasty conclusions or be the means of

misleading other people The body of the book will make clear to the reader what my present attitude really is But I consider myself bound as an honest man to hold my mind open and ready to accept any new conclusions which may come with adequate credentials

Clairvoyance and Occult Powers William Walker Atkinson,2022-06-13 In Clairvoyance and Occult Powers William Walker Atkinson presents an intricate exploration of the metaphysical realms that lie beyond conventional perception Written in a clear engaging style characteristic of early 20th century esotericism Atkinson elucidates concepts such as clairvoyance telepathy and other psychic abilities articulating them through a blend of rigorous theoretical framework and practical exercises The book situates itself within the wider context of the New Thought Movement advocating for a belief in the mind s power to shape reality while also addressing the spiritual implications of heightened consciousness and insight Atkinson a prominent figure in the New Thought philosophy was instrumental in popularizing ideas about the power of the mind in various dimensions including mental health prosperity and psychic development His diverse background including his work as a lawyer and publisher along with personal experiences in spiritualism informed his keen insight into the hidden forces of human potential This synthesis of intellectual rigor and mystical inquiry makes his work both timeless and relevant Highly recommended for seekers of spiritual knowledge and personal empowerment Clairvoyance and Occult Powers serves as both a foundational text for understanding psychic phenomena and a practical guide for those wishing to unlock their innate abilities Atkinson s clear prose and insightful explorations invite readers to move beyond the ordinary and embrace the extraordinary dimensions of life

Spiritualism, Mesmerism and the Occult, 1800-1920 Vol 4 Shane McCorristine,2021-12-24 This edition provides an insight into the dark areas between Victorian science medicine and religion The rare reset source material in this collection is organized thematically and spans the period from initial mesmeric experiments at the beginning of the nineteenth century to the decline of the Society for Psychical Research in the 1920s

Clairvoyance and Occult Powers Montgomery Ashford,2010-05-23 In the early part of the 20th century Britain wasundergoing a new fad something quite differentto the spiritualism of the Victorian Era People were seeking powers from unnaturalsources Academics and Scholars were deep inresearch as to new mediums of communicationand brainpower The Empire in Asia and Africa had broughtforth many new and sometimes disurbingdiscoveries People brought back from theiradventures tales of mystical shamans anduneearthly abilities It was at this time that the Occult came to be In this 1916 classic you can learn the mysticalpower of clairvoyance the ability to both readand influence minds The knowledge to controlothers and empower yourself Open your mind and the minds of others

The Elements of Parapsychology K. Ramakrishna Rao,2017-11-29 Psychic phenomena recorded throughout human history remained a mystery or a matter of faith rather than a subject of serious study until scientists began to investigate them roughly a century and a half ago Systematic experimentation began with the work of J B Rhine at Duke University resulting in the publication of Extra Sensory Perception 1934 followed by Extra Sensory Perception After Sixty Years 1940

Rhine and researchers who came after him struggled to present sufficient evidence to gain scientific credibility for the existence of extrasensory abilities Yet despite tight experimental controls and numerous significant results the subject remains controversial Parapsychologists argue that the impasse is not due to a lack of evidence but to the challenge their claims pose to the worldview of science in general This comprehensive overview of the discipline of parapsychology written by one of its most notable investigators offers the reader a full understanding of both its concepts theories and methods and its controversies problems and prospects Handbook of Spiritualism and Channeling ,2015-03-31 Bringing together scholars from different disciplines and geographies the Brill Handbook of Spiritualism and Channeling presents modern spirit possession in a variety of contexts Weaving together the interrelated movements of Spiritualism along with its specific Franco and Latin American currents articles explore the nineteenth century beginnings of s ances and trance mediumship Channelling an heir to Spiritualism begun in the 1970s and still flourishing today is brought into direct conversation with its predecessors with a view to showing both continuity and disjuncture as the products of new cultural and religious needs The Brill Handbook marks the first extensive collection on these two interrelated movements and examines themes such as gender race performance and technology in each instance **Explaining the Unexplained** Stephen Ellis,2011-08-16 Stephen Ellis search for answers to unexplained things began in 1979 While visiting San Francisco one night an image of a girl appeared before him in his room a girl he later found out had been murdered in that room one month earlier Shaking off the natural tendency to disbelieve what he saw Ellis began to research material on ghosts He found that many people had ghostly experiences but none had logical explanations for them Ellis began to find that valid explanations existed but had often been concealed by those seeking personal gain or distorted by some religious dogma Explaining the Unexplained offers a no nonsense look at questions concerning reincarnation to ESP to ghosts Ellis offers realistic answers to questions and events that until now have lacked rational explanation Explaining the Unexplained investigates the worlds most captivating mysteries and supports its views with strong empirical and circumstantial evidence If youre looking for answers this book is a must read Light ,1885 *Journal of the American Society for Psychical Research* American Society for Psychical Research,1907 List of members in v 1 6 12 **Writings of Charles S.
