Cana Revisited A Personal Pilgrimage:

Cana Revisited John Barnes, 1995-08-01 This is the intensely human account of how a lifelong Anglican became a Roman Catholic A highly personal pilgrimage interwoven with a fresh look at St John's account of the Marriage Feast at Cana in Galilee Church Observer, 1995 *Personal Narrative of a Pilgrimage to Al-Madinah & Meccah* Sir Richard Francis Burton, 1893 *The Greek Verb Revisited* Steven E. Runge, Christopher J. Fresch, 2016-11-02 For the past 25 years debate regarding the nature of tense and aspect in the Koine Greek verb has held New Testament studies at an impasse The Greek Verb Revisited examines recent developments from the field of linguistics which may dramatically shift the direction of this discussion Readers will find an accessible introduction to the foundational issues and more importantly they will discover a way forward through the debate Originally presented during a conference on the Greek verb supported by and held at Tyndale House and sponsored by the Faculty of Divinity of Cambridge University the papers included in this collection represent the culmination of scholarly collaboration The outcome is a practical and accessible overview of the Greek verb that moves beyond the current impasse by taking into account the latest scholarship from the fields of linguistics Classics and New Testament studies **Restoration through Redemption: John Calvin Revisited** Henk van den Belt, 2013-01-08 Restoration through Redemption offers examples of three ways in which John Calvin's theology can be revisited by analysis assessment and reception This volume contains analyses of Calvin's position on the trinity and on politics as well as assessments of his theology for evolutionary biology and comparative ecclesiology It also discusses the reception of his heritage for instance in North America and South Africa The central theme in this volume is Calvin's approach to the renewal of creation that hinges on Christ the Redeemer One of the golden threads is Calvin's emphasis upon the meditatio on the future life the turning of the believer towards the eschatological perspective Contributors include J Todd Billings Johan Buitendag Jaeseung Cha Ernst M Conradie Roger Haight I John Hesselink Rinse Reeling Brouwer Philippe Theron Henk van den Belt Gijsbert van den Brink Cornelis van der Kooi J H Amie van Wyk J M Koos Vorster Nico Vorster Robert Vosloo and Paul Wells **Subject Guide to Books in Print**, 2001 **Forthcoming Books** Rose Arny, 1997 *Storied Landscapes* Frances Swyripa, 2010-09-01 Storied Landscapes is a beautifully written sweeping examination of the evolving identity of major ethno religious immigrant groups in the Canadian West Viewed through the lens of attachment to the soil and specific place and through the eyes of both the immigrant generation and its descendants the book compares the settlement experiences of Ukrainians Mennonites Icelanders Doukhobors Germans Poles Romanians Jews Finns Swedes Norwegians and Danes It reveals how each group's sense of identity was shaped by a complex interplay of physical and emotional ties to land and place and how that sense of belonging influenced and was influenced by relationships not only within the prairies and the Canadian nation state but also with the homeland and its extended diaspora Through a close study of myths symbols commemorative traditions and landmarks Storied Landscapes boldly asserts the inseparability of ethnicity and religion both

Potts, 2016-10-01 We examine Hart's peripatetic career as teacher editor journalist lecturer and public philosopher It is biographical as well as an intellectual history of a fascinating character and prolific author Our goal is to resurrect Hart's intellectual life in order to more deeply understand the significant issues he not only confronted but endured These issues primarily include academic freedom and humanizing education with their direct links to community organizing and Danish folk schools themes that run throughout the book Instead of seeing Hart's intellectual life as a cautionary tale against forceful criticism we offer a view consistent with Hart we should embrace the full and frank sense of academic freedom in order to demonstrate a truly democratic mode of associated living in universities and civic communities Respecting different views should not mean mollifying critique The opposite in fact is in keeping with our view of the open exchange of ideas characteristic of free societies and legitimate institutions of higher education Other themes of significance in this book include the status of the social foundations in teacher education social welfare pacifism community organizing the broader purposes of schools and universities in the U S and Hart's commitment to adult education via Danish folk schools and rural community living The politics of teacher education are legion and this was no less so when Hart began his career in the early twentieth century Debates were had about the degree

to which normal schools as two year teacher training sites should broaden their technical scope to include the liberal arts This is the distinction between teacher training and teacher education Those in favor of classroom management and efficient controls or methods for dispensing curriculum faced criticism from those who thought schools should be embryotic spaces for individual and democratic growth Hart was clearly on the side of individual and democratic growth and this meant in part less order less routine and less bureaucratic imposition of standards from bureaucratic hierarchies Positively it meant engaging in debates that challenge students to think differently than they have ever thought before As we show in the following pages Hart was enormously successful at challenging ideas and many people would rather not be challenged As we noted above this position results in demonstrating a full and frank enactment of academic freedom Endorsement Historians tend to cast educational figures of the past as either heroes or villains Joseph Kinmont Hart as Boyles and Potts clearly demonstrate in this original and compelling biography was neither However Hart was deeply committed to living out his ideals through thoughtful action deliberate provocation and deep conviction As an early advocate for community reform academic freedom and adult education Hart was a contentious figure who accumulated both enemies and friends during his storied career Boyles and Potts skillfully portray his complicated life with balance and insight Thomas Fallace William Paterson University of New Jersey

Pilgrims in Medicine: Conscience, Legalism and Human Rights Thomas Alured Faunce, 2005-01-01 This arrestingly novel work develops a normative synthesis of medical humanities virtue ethics medical ethics health law and human rights It presents an ambitious complex and coherent argument for the reconceptualisation of the doctor patient relationship and its regulation utilising approaches often thought of as being separate if not opposed virtue based ethics and universal human rights The case is argued gracefully with moderation but also with respect for opposing positions The book s analysis of the foundational professional virtue of therapeutic loyalty is an original departure from the traditional discourse of patient autonomy and the ethical and legal duties of the medical practitioner The central argument is not merely presented as bookends in the introduction and conclusion It is cogently represented in each chapter and section and measured against the material considered A remarkable feature is the use of aptly selected canonical literature to inform the argument These references run from Hesse s *The Glass Bead Game* in the abstract to Joyce s *Ulysses* in the conclusion They include excerpts from and discussion about Bergman Borges Boswell Tolstoy de Beauvoir Chekhov Dostoevsky Samuel Johnson Aristotle Orwell Osler Chaucer Schweitzer Shakespeare Thorwalds Kafka and William Carlos Williams Such references are used not merely as an artistic and decorative leitmotif but become a critical narrative element and another complex and rich layer to this work The breadth and quality of the references are testimony to the author s clear understanding of the modern law and literature movement This work provides the basis of a medical school course As many medical educators as possible should also be encouraged to read this work for the insights it will give them into using their own personal life narratives and those of their patients to inform their decision making process This thesis will also be of

value to the judiciary whose members are often called upon to make normatively difficult judgments about medical care and medical rules The human rights material leads to a hopeful view of an international movement toward a universal synthesis between medical ethics and human rights in all doctor patient relationships Crossing Borders in Victorian Travel Barbara Franchi,Elvan Mutlu,2018-04-18 How did Victorian travellers define and challenge the notion of Empire How did the multiple forms of Victorian travel literature such as fiction travel accounts newspapers and poetry shape perceptions of imperial and national spaces in the British context and beyond This collection examines how in the Victorian era space and empire were shaped around the notion of boundaries by travel narratives and practices and from a variety of methodological and critical perspectives From the travel writings of artists and polymaths such as Carmen Sylva and Richard Burton to a reassessment of Rudyard Kipling s H G Wells s and Julia Pardoe s cross cultural and cross gender travels this collection assesses a broad range of canonical and lesser studied Victorian travel texts and genres and evaluates the representation of empires nations and individual identity in travel accounts covering Europe Asia Africa and Britain The Ethics of Personal Data Collection in International Relations Colette Mazzucelli,James Felton Keith,C. Ann Hollifield,2022-04-05 This volume s relevance may be explained first and foremost during a time of unprecedented loss of life around the world each day The data which is oftentimes incomplete and misleading nonetheless reveals the state as deficient as well as negligent in its response to social healthcare needs This volume attests to the fact that pressing global public health concerns are ever present as subjects of societal discourse and debate in developed and developing states Moreover the COVID 19 pandemic makes the omission of the ethics of personal data collection analysis in the international relations literature even more salient given the rise of contact tracing and increased uses of mobile phone Apps to track citizens by states and firms across the globe as this volume s chapters analyzing the responses to COVID 19 in Iran and Taiwan explain *Journal of Moral Theology, Volume 12, Issue 1* M. Canoe Nation Bruce Erickson, 2013-06-15 More than an ancient means of transportation and trade the canoe has come to be a symbol of Canada itself In Canoe Nation Bruce Erickson argues that the canoe's sentimental power has come about through a set of narratives that attempt to legitimize a particular vision of Canada that overvalues the nation's connection to nature From Alexander Mackenzie to Grey Owl to Pierre Elliott Trudeau the canoe authenticates Canada's reputation as a tolerant environmentalist nation even when there is abundant evidence to the contrary Ultimately the stories we tell about the canoe need to be understood as moments in the ever contested field of cultural politics
