Canadian Way Shaping Canadas Foreign Policy 1968 1984:

Alliance and Illusion Robert Bothwell, 2011-11-01 Alliance and Illusion is the definitive assessment of the domestic and international aspects of Canadian foreign policy in the modern era Robert Bothwell provides nuanced studies of Canada's leaders and discusses international currents that drove Canadian external affairs from American influence over Vietnam and the draft dodgers to the French case of de Gaulle's eruption into Quebec in 1967 This definitive recounting and assessment of Canadian foreign policy in the modern era fills a crucial gap in Canadian history and provides invaluable context for understanding Canada's present day foreign policy dilemmas

Handbook of Canadian Foreign Policy Patrick James, Nelson Michaud, Marc J. O'Reilly, 2006-01-01 Handbook of Canadian Foreign Policy is the most comprehensive book of its kind offering an updated examination of Canada's international role some 15 years after the dismantling of the Berlin Wall ushered in a new era in world politics Highlighting both well known and understudied topics this handbook presents a marriage of the familiar and the underappreciated that enables readers to grasp much of the complexity of current Canadian foreign policy and appreciate the challenges policymakers must meet in the early 21st century

An Independent Foreign Policy for Canada? Brian J. Bow, Patrick Lennox, 2008-01-01 Divided into sections about the history of Canadian foreign policy diplomacy security economics decision making and new policy issues this collection of prominent political scientists provides valuable and timely perspectives on the state of Canada's international relations in the twenty first century

Canada's Department of External Affairs, Volume 3 John Hilliker, Mary Halloran, Greg Donaghy, 1990-01-01 Volume three of the official history of Canada's Department of External Affairs offers readers an unparalleled look at the evolving structures underpinning Canadian foreign policy from 1968 to 1984 Using untapped archival sources and extensive interviews with top level officials and ministers the volume presents a frank insider's view of work in the Department its key personalities and its role in making Canada's foreign policy In doing so the volume presents novel perspectives on Prime Minister Pierre Trudeau and the country's responses to the era's most important international challenges These include the October Crisis of 1970 recognition of Communist China UN peacekeeping decolonization and the North South dialogue the Middle East and the Iran Hostage crisis and the ever dangerous Cold War

Dropping the Torch Nicholas Evan Sarantakes, 2011 Dropping the Torch Jimmy Carter the Olympic Boycott and the Cold War offers a diplomatic history of the 1980 Olympic boycott Broad in its focus it looks at events in Washington D C as well as the opposition to the boycott and how this attempted embargo affected the athletic contests in Moscow Jimmy Carter based his foreign policy on assumptions that had fundamental flaws and reflected a superficial familiarity with the Olympic movement These basic mistakes led to a campaign that failed to meet its basic mission objectives but did manage to insult the Soviets just enough to destroy détente and restart the Cold War The book also includes a military history of the Soviet invasion of Afghanistan which provoked the boycott and an examination of the boycott's impact four years later at the Los Angeles Olympics where the Soviet Union

retaliated with its own boycott *Facing Our Darkness: Manifestations of Fear, Horror and Terror* Laura Colmenero-Chilberg, Ferenc Mújdricza, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2015 Fear Horror Terror The very words cause us to tingle with both anticipation and unease Sitting in the movie theatre waiting for the murderer to jump out and kill the clueless teenager we are both repulsed and excited about the impending death We yell He s behind the tree knowing our reminders are pointless but unable to restrain ourselves when caught up in the panic of the moment Humans have a fascination with fear horror and terror Why Whatever the reason it both fascinates and often disgusts us All of these emotional phenomena fear horror terror are infected by our fear of death In the end all three phenomena test our courage Yet this courage is not only heroic each and every optimistic trusting self confident and faithful person permanently has it in spite of all the fears horrors and terrors with which the state of human existence threatens us since the dawn of self awareness This book is about some of these threats **The Politics of CANDU Exports** Duane Bratt, 2006-01-01 This book provides the most comprehensive history of the export of CANDU reactors to date A pressurized heavy water natural uranium power reactor designed and marketed by Atomic Energy of Canada Limited the CANDU reactor has played a significant part in Canada s international trade In this history Duane Bratt examines every CANDU sale as well as some important unsuccessful sales attempts from 1956 to the present He also outlines the impact that changes in the international political climate such as the creation and strengthening of the international nuclear non proliferation regime and the increasing importance of human rights and environmental protection have had on CANDU exports over the last fifty years **Hidden in Plain Sight** Cora J. Voyageur, David Newhouse, Dan Beavon, 2005-08-20 The history of Aboriginal people in Canada taught in schools and depicted in the media tends to focus on Aboriginal displacement from native lands and the consequent social and cultural disruptions they have endured Collectively they are portrayed as passive victims of European colonization and government policy and even when well intentioned these depictions are demeaning and do little to truly represent the role Aboriginal peoples have played in Canadian life Hidden in Plain Sight adds another dimension to the story showing the extraordinary contributions Aboriginal peoples have made and continue to make to the Canadian experience From treaties to contemporary arts and literatures Aboriginal peoples have helped to define Canada and have worked to secure a place of their own making in Canadian culture For this volume editors David R Newhouse Cora J Voyageur and Daniel J K Beavon have brought together leading scholars and other impassioned voices and together they give full treatment to the Aboriginal contribution to Canada s intellectual political economic social historic and cultural landscapes Included are profiles of several leading figures such as actor Chief Dan George artist Norval Morrisseau author Tomson Highway activist Anna Mae Pictou Aquash and politician Phil Fontaine among others Canada simply would not be what it is today without these contributions The first of two volumes Hidden in Plain Sight is key to understanding and appreciating Canadian society and will be essential reading for generations to come **Hidden in Plain Sight** Daniel J. K. Beavon, Cora Jane

Affairs, 2009 This year s edition of Canada Among Nations offers a critical overview of a number of landmarks in the last hundred years of Canadian foreign policy The editors take a critical look at the now almost mainstream declinist thesis and at the continued relevance of Canada s relationships with its principal allies the United Kingdom France and the United States Contributors discuss a broad range of themes including the weight of a changing identity in the evolution of the country s foreign policy the fate of Canadian diplomacy as a profession the often complicated relationship between foreign and trade policies the impact of immigration and refugee procedures on foreign policy and the evolving understanding of development and defence as components of Canada s foreign policy **The Law of the Sea and Polar Maritime Delimitation and**

Jurisdiction Alex G. Oude Elferink, Donald R. Rothwell, 2021-10-18 The climate and other characteristics of the polar regions have been major factors in shaping the legal regime applicable to the polar oceans In Antarctica states have had to grapple with the question of how to account for developments in the law of the sea while preserving the compromise over sovereignty contained in the Antarctic Treaty The Arctic also has presented challenges for the law of the sea as illustrated by the continued attention given to special rules for polar shipping The 1982 United Nations Convention on the Law of the Sea has led to substantial agreement on the legal regime of ocean spaces The present volume explores the impact the Convention has had on the polar regions in this respect including after its entry into force in 1994 To this end it looks at a number of issue areas in the field of maritime delimitation baselines maritime zones delimitation of maritime zones between neighboring states and jurisdiction environmental protection navigation and fisheries from a bipolar perspective It is strongly suggested

that the legal regime of the polar oceans will be further elaborated to more effectively deal with existing activities or to accommodate new activities It is likely that the United Nations Convention on the Law of the Sea will continue to provide the basic legal framework for this exercise and that states will be careful not to unravel the delicate balance contained in it

Nixon in the World Fredrik Logevall, Andrew Preston, 2008-07-11 In the 1970s the United States faced challenges on a number of fronts By nearly every measure American power was no longer unrivalled The task of managing America's relative decline fell to President Richard Nixon Henry Kissinger and Gerald Ford From 1969 to 1977 Nixon Kissinger and Ford reoriented U S foreign policy from its traditional poles of liberal interventionism and conservative isolationism into a policy of active but conservative engagement In *Nixon in the World* seventeen leading historians of the Cold War and U S foreign policy show how they did it where they succeeded and where they took their new strategy too far Drawing on newly declassified materials they provide authoritative and compelling analyses of issues such as Vietnam détente arms control and the U S China rapprochement creating the first comprehensive volume on American foreign policy in this pivotal era

Aftermath Leonard V. Kaplan, Beverly Moran, 2001-08 Based on a conference held at the University of Wisconsin Law School in Feb 2000

Civil-Military Relations and Shared Responsibility Dale R. Herspring, 2013-06-01 A provocative approach to evaluating civil military relations Dale R Herspring considers the factors that allow some civilian and military organizations to operate more productively in a political context than others bringing into comparative study for the first time the military organizations of the U S Russia Germany and Canada Refuting the work of scholars such as Samuel P Huntington and Michael C Desch *Civil Military Relations and Shared Responsibility* approaches civil military relations from a new angle military culture arguing that the optimal form of civil military relations is one of shared responsibility between the two groups Herspring outlines eight factors that contribute to conditions that promote and support shared responsibility among civilian officials and the military including such prerequisites as civilian leaders not interfering in the military's promotion process and civilian respect for military symbols and traditions He uses these indicators in his comparative treatment of the U S Russian German and Canadian militaries Civilian authorities are always in charge and the decision on how to treat the military is a civilian decision However Herspring argues failure by civilians to respect military culture will antagonize senior military officials who will feel less free to express their views thus depriving senior civilian officials most of whom have no military experience of the expert advice of those most capable of assessing the far reaching forms of violence This issue of civilian respect for military culture and operations plays out in Herspring's country case studies Scholars of civil military relations will find much to debate in Herspring's framework while students of civil military and defense policy will appreciate Herspring's brief historical tour of each country's post World War II political and policy landscapes

Breaking Ice Arctic Institute of North America, 2005 From the pressures of development technological advances globalization and climate change to social and cultural life this book attempts to define the nature of competing demands and assess their

impact on the environment These essays provide a detailed examination of ocean and coastal management in the Canadian north exploring a wide range of issues critical to environmental stewardship and breaking the ice to connect academics government managers policy makers aboriginal groups and industry Book Jacket **Engaging China** Paul

Evans,2014-01-01 Engaging China is a concise account of the evolution and state of the Canadian approach to China its achievements disappointments and current dilemmas People, Politics, and Purpose Greg Donaghy,P. Whitney

Lackenbauer,2023-02-15 Biography is not on the periphery of history but in the middle of it historian Peter Waite astutely remarked People Politics and Purpose brings the historian s myriad tools to bear on Canadians from prime ministers to lumberjacks to Indigenous leaders Drawing on the rich details of biography the what the contributors also address the larger questions of motivation the so what that drive history In the process they prove the value of analyzing both macro and micro dynamics within Canadian politics and society to illuminate the roles of political actors As such the biographies in People Politics and Purpose are not simply stories about the lives of individuals but critical reflections on subjects who are directly involved in and affected by politics in Canada This book makes for lively reading that stimulates fresh thinking about political biography and the direction of political history more generally **Humanizing Our Global Order** Ivan L. Head,2003-01-01

Hunger disease poverty environmental insecurity illegitimate governance civil war and international conflict are only a few of the causes of today s global turmoil and gross human suffering Written in honour of Ivan Head foreign affairs advisor to former Prime Minister Pierre Trudeau past president of Canada s International Development Research Centre and professor emeritus of International law at the University of British Columbia this collection of distinguished essays addresses the imperative to enhance human dignity and protect human life by humanizing our global order and improving international relations goals Professor Head strove for throughout his career The authors argue that the search for possible solutions to these challenges which has so far tended to proceed without due recognition of the needs demands and solutions that emanate from the geo political South must in future be conducted with alternate visions that take these factors into account Each essay seeks to re assess and re imagine a specific topic that relates in some significant way to our current global circumstance in ways that advance the book s thematic With essays grappling with such issues as Multilateral Environmental Agreements the Use of Force the Prevention of Civil War through Minority Protection Common Heritage of Humankind and the Civil Dimensions of Strategy the volume deals with a range of diverse topics that are as crucial as they are topical

Nuances of Blackness in the Canadian Academy Awad Ibrahim,Tamari Kitossa,Malinda S. Smith,Handel Kashope Wright,2022-02-02 The essays in Nuances of Blackness in the Canadian Academy make visible the submerged stories of Black life in academia They offer fresh historical social and cultural insights into what it means to teach learn research and work while Black In daring to shift from margin to centre the book s contributors confront two overlapping themes First they resist a singular construction of Blackness that masks the nuances and multiplicity of what it means to be and experience the

academy as Black people Second they challenge the stubborn durability of anti Black tropes the dehumanization of Blackness persistent deficit ideologies and the tyranny of low expectations that permeate the dominant idea of Blackness in the white colonial imagination Operating at the intersections of discourse and experience contributors reflect on how Blackness shapes academic pathways ignites complicated and often difficult conversations and reimagines Black pasts presents and futures This unique collection contributes to the articulation of more nuanced understandings of the ways in which Blackness is made unmade and remade in the academy and the implications for interrelated dynamics across and within post secondary education Black communities in Canada and global Black diasporas
